How do corporations infuse social meaning into their financing and investment practices? What are the historical, political, and social foundations of currencies? When does money become contested, and are there things money shouldn't buy? What is the impact of the new twenty-first-century currencies on our social relations? At a time of growing concern over financial inequality, Money Talks overturns conventional views about money by revealing its profound social potential.

Cafe Indiana is both a guide to Indiana's hometown mom-and-pop restaurants and a reclamation and celebration of small-town Midwest culture. The hungry diner looking for adventure and authenticity can use Cafe Indiana simply as a guide to the state's quintessential eats: the best fiddlers, macaroni and cheese, soup beans, and beef Manhattan. But Stuttgart also captures the spirit of the locals, bringing to life the people whose stories give the book—and the food—its soul. Over plates of chicken and noodles, fried bologna sandwiches, and sugar cream pie, folks are crafting community at the Main Street eatery. In Cafe Indiana, Hoosiers and out-of-staters alike are invited to pull out a chair and sit a spell.

transformation of this legendary intersection, with voices typically falling into two opposing camps. Some applaud a blighted red-light district becoming a big-budget, mainstream destination. Others lament an urban zone of lawless possibility being replaced by a Disneyfied, theme-park version of New York. In *Money Jungle*, Benjamin Chesluk shows that what is really at stake in Times Square are fundamental questions about city life—questions of power, pleasure, and what it means to be a citizen in contemporary urban space. Chesluk weaves together surprising stories of everyday life in and around the Times Square redevelopment, tracing the connections between people from every level of this grand project in social and spatial engineering: the developers, architects, and designers responsible for reshaping the urban public spaces of Times Square and Forty-second Street; the experimental Midtown Community Court and its Times Square Ink. job-training program for misdemeanor criminals; encounters between NYPD officers and residents of Hell's Kitchen; and angry confrontations between city planners and neighborhood activists over the future of the area. With an eye for offbeat, telling details and a perspective that is at once sympathetic and critical, Chesluk documents how the redevelopment has tried, sometimes successfully and sometimes not, to reshape the people and places of Times Square. The result is a colorful and engaging portrait, illustrated by stunning photographs by long-time local photographer Maggie Hopp, of the street life, politics, economics, and cultural forces that mold America's urban centers.

People like to prepare for holiday celebrations by decorating with symbols and reminders of the special time. Thanksgiving is a day steeped in history and tradition, and the origami projects in this second book of Thanksgiving activities reflect this in a fun way. Beginner and advanced origami artists will love creating the Thanksgiving imagery, including a wreath of fall colors, the Mayflower, and, of course, a turkey. Each project is introduced with an explanation of the symbol's significance to the holiday and is broken down into easy-to-follow steps and illustrations.
