This rare history documents the first settlement of the county and the struggles the pioneers encountered in founding a society there. In chapters ranging over the Indian occupation of Ohio, including Lord Dunmore's War; the Ohio Company; Ohio University; and all the individual townships within Athens County, the author blends historical facts, personal recollections, biographies, and statistics to create a detailed and comprehensive picture of the county's history and growth.

Reassesses the life and work of the early American writer who established genres such as the Western, the sea tale, and Revolutionary War romance. Here is a virtually complete list of persons identifiable as Jews in America by 1800, the result of a thorough search of manuscript materials and published literature for the names of Jews who lived in America (including Canada up to 1783) during the seventeenth and eighteenth centuries. No other study provides comparable information for such an ethnic group in this country. Each entry in this dictionary is accompanied by birth and death dates and places and other biographical data so far as they are available. The biographies vary from two lines recording the birth of an unnamed stillborn child or the presence of a transient in New York City to half-column summaries of the careers of well-known persons. Included are converts to Christianity and, in some instances, their children. Persons whose names or associations have resulted in their being incorporated into earlier lists of "Jews" are noted also, with an attempt to ascertain their identity. Especially noteworthy is the small number of Jews in America during the two centuries before 1800. Only about 4,000 Jews, of whom 1,500 were native-born, have been identified in this dictionary -- and not all of these positively. Perhaps another 800 have been omitted, Rosenbloom points out, because their names are not included in extant records. Even so, it would appear that the percentage of Jews in the total colonial population (less than three million in 1783) was infinitesimal. Students of the American colonial period will find this book a useful tool for ascertaining the national origins of American Jews, their occupations, their part in the Revolution, their places of settlement, and other historical and sociological data.

Together with a list of auxiliary and cooperating societies, their officers, and other data. e-artnow presents to you the greatest Christmas novels, magical Christmas tales, legends, most famous carols and the unique poetry of the giants of literature dedicated to this one and only holiday: The Gift of the Magi (O. This reference source presents the names and service records of almost 20,000 Kentucky soldiers and officers, both regular and militia, who served in the War of 1812. The muster rolls are laid out in tabular format by regiment and company, and thereunder the names are arranged by rank, with records of dates of appointment or enlistment and remarks such as when discharged, deceased, etc. As the official roster, this work was ordered to be compiled and printed by an Act of the Kentucky General

Assembly, the number not to exceed 300 copies. The original records are now in the custody of the Kentucky Military Department, Frankfurt. This reprint edition adds an index not in the original along with an introduction by G. Glenn Clift which sets forth the background, location, and other sources of the records of the War of 1812 for the State of Kentucky.--From publisher description.
