There are no secrets to getting rich overnight, but there are some proven systems that can help you get rich. The reality is that everyone has the same opportunity to be rich. Some may face greater obstacles than others. But the opportunity is there for everyone to seize. Have you ever wondered why some people are rich, and others are not? Mostly it's because of their lifestyle and mindset. Many people spend their entire lives lamenting the situation in which they were born, while others strive every day to change it, and that differentiates us. Also, they still believe in easy money and

that everything is a matter of luck. That is why there are still companies that steal money from others by promising to double it in a week. There are still a lot of people that do nothing because they feel that one day “their time will come” and believe that wealthiness is a matter of divine luck. But having money or “financial freedom” is more a matter of habits and effort than “luck or the easy way,” and there are many habits that do not allow you to achieve that goal. It's incorrect to think that you need money to become rich and wealthy. Self-made millionaires start building wealth with things that don't include money. In this book, I'll share with you how to get rich and wealthy without being lucky.

In *Get Rich Carefully*, Jim Cramer uses his thirty-five years of experience as a Wall Street veteran and host of CNBC's *Mad Money* to create a guide to high-yield, low-risk investing. In our recovering economy, this is the plan you need to make big money without taking big risks. Drawing on his unparalleled knowledge of the stock market and on the mistakes and successes he's made on the way to his own fortune, Cramer explains in plain English why you can get rich in a prudent, methodical way, as long as you start now. In his own inimitable style, Cramer lays it on the line, no waffling, no on-the-one-hand-or-the-other hedging, just the straight stuff you need to accumulate wealth. This is a book of wisdom as well as specifics. Cramer names names, highlights individual and sector plays, and identifies the best long-term investing themes-and shows you how to develop the disciplines you need to exploit them. A mainstream release of a previously self-published best-seller, written by a successful internet traffic developer best known for his record-breaking sale of the Business.com domain name, shares a wealth of insights, tips and strategies for using online resources to build wealth rapidly.

Felix Dennis is one of Britain's wealthiest self-made entrepreneurs with an estimated fortune of £500 million. And he didn't get there simply by reading about how to get rich. He went out and did it. Appreciating that those intent on becoming rich will not have the time or inclination to read page upon page of guidance and advice on the subject, Felix Dennis has reduced his own business wisdom to 88 tenets of wealth-generation, all written in his inimitable style. How to Make Money is for those determined to get rich, for those who will not confuse reading with doing, for those who seek the narrow road. (First published in hardback as 88 The

"The best Law of Attraction books I've ever read" -

Marion Page, Ohio "Your book has awakened a magical part of me I had forgot existed. I feel reborn. Thank you for coming into my life today" - Rhonda Laspas, USA

"Well, Genevieve, I never had much time for 'Magic' and all this spiritual guff but you should be proud to hear you have made a believer out of a sceptic" - Rajeev Marney, UK

Now, in response to huge reader demand, this latest addition to my magical Course in Manifesting series

turns to the subject of money. In Becoming Rich, you'll not only learn the precise details of how you can use

Magic to transform your entire financial world and start bringing money flowing to you. You'll also have the

chance of winning a sizeable donation to your chosen favourite charity - but I'll get to this in a moment. So, why

Magic? Only a few years ago I lived in a tiny flat, working twelve hours a day in a factory for minimum wage.

Today, I live in a beautiful home by the sea, often earning more in one month than I used to in an entire

year. In this book you will discover the steps that enabled me to turn my financial life around in this amazing, life-

changing way. The change in my financial circumstances was so dramatic, it makes more sense to describe it as

involving Magic than anything else. And when money starts to come tumbling your way in a manner that goes

far beyond mere coincidence and luck, you will no longer doubt that Magic exists. Yet my finances were actually

the last thing I mastered 'magically'. I felt cursed, blocked, financially stuck for ages. But having got things

right once or twice, I went on to discover that, even after

a lifetime of poverty, money turned out to be the very easiest thing of all to manifest using Magic. And I went on to bring an unbelievable amount of money into my life. If you're jaded by the whole New Age Law of Attraction idea, or have become bored by its failure to deliver... this book is for you. Because this is a practical book, offering concrete techniques and instructions for bringing wonderful things into your life. You're looking at this book because you need money, and it's now time to bring that money into your life. The plan is to build your knowledge slowly, gradually, building on what has gone before, moving on to more complex techniques only once the basics are mastered. So many people fail with Magic and the Law of Attraction because they rush headlong into using techniques, trying to create enormous manifestations, trying to manifest huge sums of money off the bat ... but making very simple yet crucial mistakes. When they are disappointed, they imagine they have been duped. The sceptics are right. This is just a load of nonsense. Then they give up, declaring it just doesn't work. But I'm telling you it does work. And you can make it work. This book will show you how. My intention is make sure that Becoming Rich will allow you to become a true creator of your own financial life, reawakening and rekindling your belief and interest in The Law of Attraction, Reality Creation, Cosmic Ordering or whatever you wish to call it. I prefer simply to call it Magic. But there's a bit more magic to come... Why? Because this time, I'm giving a huge slice of the book's profits back to you! (Or, at least, to those you care about.) Have money. Be free. Live! For many, this feels like an eternal dream. In their funny self-help book, Paul and Alan describe what is at the core most important in both a business and personal sense. What is left, when you distil the information in all the famous financial self-help books that promise you so much, is only poor advice. What are the differences between those with a little money and those with a lot? Are there any at all? Even if you're not interested in riches, this book puts the gap between the poor and the rich into perspective in a very entertaining way.

If you have outstanding balances on your credit cards...don't have assets in your own name...are saving instead of investing, then chances are you're not rich and not living the life you want. Without your awareness, behaviors learned as a girl are preventing you from becoming a woman who is financially independent and free to follow her dreams. How To Get Rich is a distillation of his business wisdom. Primarily concerned with the step-by-step creation of wealth, it ruthlessly dissects the business failures and financial triumphs of 'a South London lad who became rich virtually by accident'. Part manual, part memoir, part primer, this book is a template for those who are willing to stare down failure and transform their lives. Canny, infuriating, cynical and generous by turns, How To Get Rich is an invaluable guide to 'the surprisingly simple art of collecting money which already has your name on it'.

Man's right to life means his right to have the free and unrestricted use of all the things which may be necessary to his fullest mental, spiritual, and physical unfoldment; or, in other words, his right to be rich. In this book, I shall not speak of riches in a figurative way; to be really rich does not mean to be satisfied or contented with a little. No man ought to be satisfied with a little if he is capable of using and enjoying more.
