

Motherless Brooklyn Jonathan Lethem

Lethem illuminates the process by which a child invents himself as a writer, and as a human being, through a series of approaches to the culture around him. In the title piece, a letter from his aunt (a children's book author) spurs a meditation on the value of writing workshops, the role and influence of reviews, and the uncomfortable fraternity of writers. In 'Defending The Searchers', Lethem explains how a passion for the classic John Wayne Western became occasion for a series of minor humiliations. In 'Identifying with Your Parents', an excavation of childhood love for superhero comics expands to cover a whole range of nostalgia for a previous generation's cultural artefacts. And '13/1977/21', which begins by recounting the summer he saw Star Wars twenty-one times, 'slipping past ushers who'd begun to recognize me...', becomes a meditation on the sorrow and solace of the solitary moviegoer.

Una original y brillante novela policíaca por uno de los autores más aclamados de su generación. «Tengo el síndrome de Tourette». Las palabras salen atropellándose, incontrolables, y las manos no pueden evitar tocar impulsiva y compulsivamente todo lo que tengan cerca. Es el sino de Lionel Essrog, criado en un orfanato y que, junto con sus tres amigos de la infancia, trabaja para un mafiosillo local, Frank Minna, en una agencia ilegal de detectives. El asesinato de Frank le obligará a sumergirse en la trama, compleja y llena de

sombras, de relaciones, amenazas y favores que conforman el Brooklyn que él creía conocer tan bien y donde nadie es lo que parece. Huérfanos de Brooklyn supera con creces lo que podríamos considerar una novela negra, subvierte el género y le confiere nuevos matices hasta lograr un texto sumamente original. Esta novela pertenece al #FondoDeEditor de Literatura Random House «Huérfanos de Brooklyn, con su protagonista inolvidable, el detective afectado por el síndrome de Tourette, convirtió a Jonathan Lethem en un autor de referencia. Con este homenaje a las novelas clásicas del género policial ganó el premio Nacional de la Crítica en los Estados Unidos.».- Claudio López Lamadrid ENGLISH DESCRIPTION Winner of the National Book Critics Circle Award. A compelling and compulsively readable riff on the classic detective novel from America's most inventive novelist. Brooklyn's very own self-appointed Human Freakshow, Lionel Essrog is an orphan whose Tourettic impulses drive him to bark, count, and rip apart our language in startling and original ways. Together with three veterans of the St. Vincent's Home for Boys, he works for small-time mobster Frank Minna's limo service cum detective agency. Life without Frank Minna, the charismatic King of Brooklyn, would be unimaginable, so who cares if the tasks he sets them are, well, not exactly legal. But when Frank is fatally stabbed, one of Lionel's colleagues lands in jail, the other two vie for his position, and the victim's widow skips town. Lionel's world is suddenly topsy-turvy, and this outcast who has trouble even conversing attempts to untangle the threads of the case while trying to keep the

words straight in his head. *Motherless Brooklyn* is a brilliantly original, captivating homage to the classic detective novel by one of the most acclaimed writers of his generation. A New York Times Notable Book.

Jonathan Lethem's first detective novel since *Motherless Brooklyn*.

The incomparable Jonathan Lethem returns with nine stories that demonstrate his mastery of the short form. Jonathan Lethem's third collection of stories uncovers a father's nervous breakdown at SeaWorld in "Pending Vegan"; a foundling child rescued from the woods during a blizzard in "Traveler Home"; a political prisoner in a hole in a Brooklyn street in "Procedure in Plain Air"; and a crumbling, haunted "blog" on a seaside cliff in "The Dreaming Jaw, The Salivating Ear." Each of these locates itself in Lethem-land, which can be discovered only by visiting. As in his celebrated novels, Lethem finds the uncanny lurking in the mundane, the irrational self-defeat seeping through our upstanding pursuits, and the tragic undertow of the absurd world(s) in which we live. Devoted fans of Lethem will recognize familiar themes: the anxiety of influence taken to *reductio ad absurdum* in "The King of Sentences"; a hapless, horny outsider summoning bravado in "The Porn Critic"; characters from forgotten comics stranded on a desert island in "Their Back Pages." As always in Lethem, humor and poignancy work in harmony, humans strive desperately for connection, words find themselves misaligned to deeds, and the sentences are glorious. From the Hardcover edition.

returns in concentrated form - packing twice the adventure into one-eighth the pages. This book could be some kind of allegory book, but it might not be an allegory book at all. It involves people and drinking and people looking for a giant eye. It is among the best things Mr. Lethem has written.

Jonathan Lethem's first detective novel since Motherless Brooklyn "One of America's greatest storytellers." —Washington Post Phoebe Siegler first meets Charles Heist in a shabby trailer on the eastern edge of Los Angeles. She's looking for her friend's missing daughter, Arabella, and hires Heist to help. A laconic loner who keeps his pet opossum in a desk drawer, Heist intrigues the sarcastic and garrulous Phoebe. Reluctantly, he agrees to help. The unlikely pair navigate the enclaves of desert-dwelling vagabonds and find that Arabella is in serious trouble—caught in the middle of a violent standoff that only Heist, mysteriously, can end. Phoebe's trip to the desert was always going to be strange, but it was never supposed to be dangerous. . . . Jonathan Lethem's first detective novel since Motherless Brooklyn, *The Feral Detective* is a singular achievement by one of our greatest writers.

CINEMAS NOVEMBER 2019 Lionel Essrog, a.k.a. the Human Freakshow, is a victim of Tourette's syndrome (an uncontrollable urge to shout out nonsense, touch every surface in reach, rearrange objects). Local tough guy Frank Minna hires the adolescent Lionel and three other orphans from St Vincent's Home for Boys and

grooms them to become the Minna Men, a fly-by-night detective-agency-cum-limoservice. Then one terrible day Frank is murdered, and Lionel must become a real detective. With crackling dialogue, a dazzling evocation of place, and a plot which mimics *Tourette's* itself in its freshness and capacity to shock, *Motherless Brooklyn* is a bravura performance: funny, tense, touching, and extravagant.

Deep Focus is a series of film books with a fresh approach. Take the smartest, liveliest writers in contemporary letters and let them loose on the most vital and popular corners of cinema history: midnight movies, the New Hollywood of the sixties and seventies, film noir, screwball comedies, international cult classics, and more. Passionate and idiosyncratic, each volume of Deep Focus is long-form criticism that's relentlessly provocative and entertaining. Kicking off the series is Jonathan Lethem's take on *They Live*, John Carpenter's 1988 classic amalgam of deliberate B-movie, sci-fi, horror, anti-Yuppie agitprop. Lethem exfoliates Carpenter's paranoid satire in a series of penetrating, free-associational forays into the context of a story that peels the human masks off the ghoulish overlords of capitalism. His field of reference spans classic Hollywood cinema and science fiction, as well as popular music and contemporary art and theory. Taking into consideration the work of Barbara Kruger, Jenny Holzer, James Brown, Fredric Jameson, Shepard Fairey, Philip K. Dick, Alfred Hitchcock, and Edgar Allan Poe, not to mention the role of wrestlers—including *They Live* star "Rowdy" Roddy Piper—in contemporary culture,

Lethem's *They Live* provides a wholly original perspective on Carpenter's subversive classic. A multigenerational saga focuses on two extraordinary women including tyrannical Communist Rose, who terrorizes her neighborhood with her absolute beliefs; and her brilliant but willful daughter, Miriam, who flees her mother's suffocating influence to embrace the Age of Aquarius counterculture of Greenwich Village.

From the award-winning author of *Motherless Brooklyn* and *The Ecstasy of Influence* comes a new collection of essays that celebrates a life spent in books. *More Alive and Less Lonely* collects over a decade of Jonathan Lethem's finest writing on writing, with new and previously unpublished material, including: impassioned appreciations of forgotten writers and overlooked books, razor-sharp critical essays, and personal accounts of his most extraordinary literary encounters and discoveries. Only Lethem, with his love of cult favorites and the canon alike, can write with equal insight into classic writers like Charles Dickens and Herman Melville, modern masters like Lorrie Moore and Thomas Pynchon, graphic novelist Chester Brown, and science fiction outlier Philip K. Dick. Sharing his infectious love for books of all kinds, *More Alive and Less Lonely* is a bracing voyage of literary discovery and an essential addition to every booklover's shelf. From Jonathan Lethem's classic collection, *Men*

and Cartoons, a haunting, playful story about dress-up, superheroes, Mafia, love and treachery. “I first met the kid known as the Vision at second base, during a kickball game in the P.S. 29 gymnasium,” the narrator, Joel, explains. Decades later the Vision returns to his old Brooklyn neighborhood, no longer a young boy who dresses up in superhero costumes but a confident adult. But at a party with several mysterious visitors the Vision reveals some secrets still lingering, as the partygoers turn from party games to the uneasy weight of truth. This is an exemplary story from a modern master—poignant, witty, and entirely original. An eBook short.

Literaturverzeichnis, Sprache: Deutsch, Abstract: Introduction: Jonathan Lethem's Detective Story Motherless Brooklyn as a Pretext for a Hollywood Movie Sometimes when we read a book and our imagination is roused by the words we read, we cannot wait for this story being told by a film. We want to see if our imagination fits the 'real' pictures on-screen. Having read a novel, there is a quite well-fitting German term that people use when they have liked the story and its characters. The novel has probably had a strong impact on their perception of the plot, and the language seems to have generated

longlasting images in their minds. One would – informally – say: ‘This is such a good story. This book is really (now comes the term) filmreif.’ When I read Jonathan Lethem’s *Motherless Brooklyn*, that was exactly what occurred to me. In this paper, I want to examine theoretically what was a sudden idea, an intuitive feeling in the beginning, and connect film science with literary analysis. The novel can be classified as a detective story as it seems to follow the pattern of a classical detective story, and it shows lots of features that could be read as a prose source for a movie. The narrative, i.e. the story, its subjects or motifs and the way it is told remind one of the typical sujets of the classical Hollywood cinema. It is not uncommon that good (in the sense of critically acclaimed) and successful (in the sense of best-selling) books are ‘translated’ into films – in all kinds of genres and in all kinds of countries. When a film adapts a novel, it has to stand numerous comparisons to its literary predecessor. But whatever the ‘better’ medium for telling a good story is – the history of filmadaptation speaks for the phenomenon of adaptation itself: Many novels turned out to become good and successful films as well. Especially the detective story seems to be made of a pattern that works perfectly for films as well. *The Big Sleep* by Raymond Chandler and *The Moonstone* by Wilkie Collins are only two examples for successful film adaptations of classical detective

stories. What special pattern is this? ...

From the prize-winning author of *Motherless Brooklyn*, a daring, riotous, sweeping novel that spins the tale of two friends and their adventures in late 20th-century America. This is the story of two boys, Dylan Ebdus and Mingus Rude. They live in Brooklyn and are friends and neighbours; but since Dylan is white and Mingus is black, their friendship is not simple. This is the story of 1970s America, a time when the simplest decisions - what music you listen to, whether to speak to the kid in the seat next to you, whether to give up your lunch money - are laden with potential political, social and racial disaster. This is also the story of 1990s America, when nobody cared anymore. This is the story of what would happen if two teenaged boys obsessed with comic book heroes actually had superpowers: they would screw up their lives.

This volume sheds light on an array of topics from sex in cinema to drugs, graffiti, Bob Dylan, cyberculture, 9/11, book touring and Marlon Brando. Then there are investigations of a shelf's worth of Jonathan Lethem's literary models and contemporaries: Norman Mailer, Philip K. Dick, Bret Easton Ellis, James Wood, and others. And, writing about Brooklyn, his father, and his sojourn through two decades of writing, one of the greats of contemporary American literature sheds an equally strong light on himself. In *The Ecstasy of Influence*,

Jonathan Lethem, tangling with what he calls the 'white elephant' role of the writer as public intellectual, arrives at an astonishing range of answers. Funny and unfettered, *The Ecstasy of Influence* simmers with direct challenges to conventional wisdom and deep insights into the kaleidoscopic nature of artistic vision, the primacy of the writer in the cultural marketplace, and the way the author's own experiences have fuelled his creative passions.

Girl in Landscape offers a genre-bending, mind-expanding tale of a new frontier. Jonathan Lethem's novel is a science-fiction Western that evokes both the brooding tragedy of John Ford's *The Searchers* and the sexual precocity of Nabokov's *Lolita*.

Lethem's heroine is 14-year-old Pella Marsh, whose mother dies just as her family flees a post-apocalyptic Brooklyn for the frontier of a recently discovered planet. Hating her ineffectual father, and troubled by a powerful attraction to the virile but dangerous loner who holds sway over the little colony, Pella embarks on a course of discovery that will have tragic and irrevocable consequences - both for the humans in her community, and also for the mysterious and passive indigenous inhabitants, *The Archbuilders*.

The first novel by Jonathan Lethem (author of the award-winning *Motherless Brooklyn*) is a science-fiction mystery, a dark and funny post-modern romp

serving further evidence that Lethem is the distinctive voice of a new generation. Conrad Metcalf has problems. He has a monkey on his back, a rabbit in his waiting room, and a trigger-happy kangaroo on his tail. (Maybe evolution therapy is not such a good idea). He's been shadowing Celeste, the wife of an Oakland urologist. Maybe falling in love with her a little at the same time. When the doctor turns up dead, Metcalf finds himself caught in a crossfire between the boys from the Inquisitor's Office and gangsters who operate out of the back room of the Fickle Muse.

Jonathan Lethem again displays his brilliance in this collection of seven short stories, blurring the boundaries of sci-fi, mystery, and thriller. Tales include 'Light and the Sufferer', in which a crack addict is dogged by an invulnerable alien; 'The Hardened Criminals', wherein convicts are used as building blocks for new prisons; and 'The Happy Man', whose hapless protagonist is raised from the dead to support his family, only to suffer periodic out-of-body sojourns in Hell. Each tale features Lethem's characteristic deadpan wit and unflinchingly macabre vision of life.

Pulitzer Prize–winning author Foreword by Jonathan Lethem, author *Motherless Brooklyn* In 1939, James Agee was assigned to write an article on Brooklyn for a special issue of *Fortune* on New York City. The draft was rejected for “creative differences,” and remained unpublished until it appeared in *Esquire* in 1968 under the title “Southeast of the Island: Travel Notes.”

Crossing the borough from the brownstone heights over the Brooklyn Bridge out through backstreet neighborhoods like Flatbush, Midwood, and Sheepshead Bay that roll silently to the sea, Agee captured in 10,000 remarkable words, the essence of a place and its people.

Propulsive, lyrical, jazzy, and tender, its pitch-perfect descriptions endure even as Brooklyn changes; Agee’s essay is a New York classic. Resonant with the rhythms of Hart Crane, Walt Whitman, and Thomas Wolfe, it takes its place alongside Alfred Kazin’s *A Walker in the City* as a great writer’s love-song to Brooklyn and alongside E. B. White’s *Here Is New York* as an essential statement of the place so many call home.

“Agee’s rhapsodically detailed essay/prose poem is a Whitmanesque catalog, evoking a Brooklyn of ordinary people.” —*Berkshire Eagle* “Strikingly successful in uncovering America’s Brooklyn, its neighborhoods and its people . . . the book is startlingly beautiful.” —*The Brooklyn Rail* “Agee is a wonderfully poetic writer, and he weaves a beautiful portrait of the borough, covering the people and places in every corner of Brooklyn’s seventy-one miles” —*Park Slope Reader*

PI accused of a murder he didn't commit--or did he? Eddie King wakes up one morning with a splitting headache to find two cops in his room, who begin questioning him about the murder of a man named Walter Morris, a writer of pulp detective novels. Thus begins this novel about a Chandleresque detective accused of a murder he didn't commit. In the process of seeking answers, he is shocked to discover that all of the deceased writer's novels are based on his own cases. Further investigation leads him to the writer's widow, a sensual older woman with whom he begins an impassioned affair. Smartly disguised as a textured and playful homage to the hardboiled American noir, *Heir Apparent* is also a sophisticated literary game with roots in Greek mythology. Its numerous levels and surprising twists will keep the reader guessing until the very end. *Heir Apparent* takes the reader on a strange journey through cavernous libraries, sleazy hotels, and soulless suburbia with a detective who in the end may be nothing more than a figment of the dead writer's imagination. For fans of Jonathan Lethem's *Motherless Brooklyn*, *Heir Apparent* is a brilliantly original detective novel from a smart, talented voice.

Lucinda Hoekke works at The Complaint Line, listening to anonymous callers air their random grievances. She becomes captivated by the ruminations of one particular caller, and they fall desperately in love. Lucinda also plays bass in a struggling band whose lyricist, Bedwin, is suffering from writer's block, and whose lead singer, Matthew, has kidnapped a kangaroo from the local zoo. Hoping to re-charge the band's creative energy, Lucinda 'suggests' some of The Complainer's philosophical musings to Bedwin, who transforms them into brilliant songs - with disastrous consequences. What results is a comedy of plagiarism, usurpation, and sex, with delightful echoes of Jane Austen's Emma

Understanding Jonathan Lethem is a study of the novels, short fiction, and nonfiction on a wide range of subjects in the arts by American novelist Jonathan Lethem, who is the recipient of the National Book Critics Circle Award for Fiction for *Motherless Brooklyn*, a MacArthur Foundation “genius” grant, and the Locus Award for Best First Novel for *Gun, with Occasional Music*. Matthew Luter explores the key contemporaries of and influences on Lethem, who is the Roy Edward Disney Professor of Creative Writing at Pomona College. Luter begins this volume by explaining how Lethem’s innovative and provocative essay on creative appropriation “The Ecstasy of Influence” differs from other writing about influence, suggesting an artistic mode that celebrates thoughtful borrowing. Readings of Lethem’s three major novels follow: taken together, *Motherless Brooklyn*, *The Fortress of Solitude*, and *Chronic City* present a novelist coming to terms with the joys and downsides of artistic influence. *Motherless Brooklyn* pays tribute to and subverts traditional hardboiled detective novels as Lethem plays with the conventions of a favorite (and influential) genre. *Fortress* dwells obsessively on appreciation and criticism of influential art, as Lethem’s main character spends a lifetime contemplating the complexities of the art he loves, interrogating his own reactions to it, and thinking through the political implications of the ways he has been influenced by that which he consumes. *Chronic City* depicts the cost of fandom and the dangers of giving over too much of oneself to the art that one loves, dramatized via a character brought nearly to ruin not by the demands of

artistic creation, but by obsessive cultural consumption. Borrowing openly and promiscuously from earlier traditions both high and low (experimental fiction, comic books, art film, detective novels), Lethem displays a career-long interest in questioning what literary originality might mean in a postmodern age. Some suggest that such borrowings indicate a literary well that has run dry, making writers such as Lethem mere patchwork artists. Luter argues instead that Lethem's propensity for wearing his influences and obsessions on his sleeve encourages new thought about originality itself. Out with "it's all been done" and in with "look at all that's been done, and all that we can still do with it!"

Chase Insteadman is a handsome, inoffensive former child-star, living a vague routine of dinner parties and glamorous engagements on Manhattan's Upper East Side. Meanwhile, his astronaut fiancée, trapped on the International Space Station, sends him rapturous love letters. Like Janice, Chase is adrift. Into Chase's life enters Perkus Tooth, a wall-eyed free-range pop-critic, whose soaring conspiratorial riffs are fueled by high-grade marijuana, mammoth cheeseburgers and a desperate ache for meaning. Together, Chase and Perkus attempt to unearth the Truth - that rarest of artifacts on an island where everything can be bought. At once beautiful and tawdry, poignant and funny, Lethem's new novel is as always, utterly unique.

Conversations with Jonathan Lethem collects fourteen interviews, conducted over a decade and a half, with the Brooklyn-born author of such novels as *Girl in Landscape*, *Motherless Brooklyn*, *The Fortress of Solitude*, *Chronic City*, and many others. Winner of the National Book Critics' Circle

Lethem also reveals the many literary and pop culture influences that have informed his writing life. Readers will find Lethem as charming and generous and intelligent as his work. His examination of what it means to live a creative life will reverberate and enlighten scholars and fans alike. His thoughts on science fiction, intellectual property, literary realism, genre, movies, and rock 'n' roll are articulated with elán throughout the collection, as are his comments on his own development as a craftsman. Longlisted for the 2015 Folio Prize Longlisted for the 2015 IMPAC Dublin Literary Award In 1955, Rose Zimmer got screwed. It wasn't the first time, and it wasn't the last. In fact, Rose "like all American Communists" got screwed by the entire twentieth century. She doesn't take it lying down. For over forty years she pounds the streets of Sunnyside Gardens, Queens, terrorising the neighbourhood, and her family, with the implacability of her beliefs, the sheer force of her grudge. And the generations that follow Rose will not easily escape her influence, her ire, her radicalism. Foremost among these is Miriam, Rose's charismatic and passionate want-away hippie daughter, who heads for the Greenwich Village of the Sixties; her black stepson Cicero, an angry debunking machine; and her bewildered grandson Sergius, who finds himself an orphan in the capitalist now. A radical family epic, and an alternative view of the American twentieth century, *Dissident Gardens* is the story of a group of individuals who fought and lost, but might one day win. What if your lover left you for nothing? Literally Nothing?

From the author of *Motherless Brooklyn*, this is a strange, hilarious love story about a man, a woman, and the space between them. Physicist Alice Coombs has made a great discovery - a hole in the universe, a true nothingness she and her colleagues call 'Lack'. Professor Philip Engstrand has made his own breakthrough - he realises how much he loves Alice. Trouble is, Lack is a void with a personality - a void that utterly obsesses Philip's beloved. She's fallen out of love with Philip and in love with Lack.

'A detective novel of winning humour and exhilarating originality.' Sunday Times Lionel Essrog is Brooklyn's very own self-appointed Human Freakshow, an orphan whose Tourette's Disease drives him to bark, count, and rip apart our language in startling and original ways. Together with three veterans of the St Vincent's Home for Boys, he works for mobster Frank Minna. But when Frank is fatally stabbed and his widow skips town, Lionel attempts to untangle the threads of the case.

From the award-winning author of *The Feral Detective* and *Motherless Brooklyn* comes an utterly original post-collapse yarn about two siblings, the man that came between them, and a nuclear-powered super car. *The Arrest* isn't post-apocalypse. It isn't a dystopia. It isn't a utopia. It's just what happens when much of what we take for granted--cars, guns, computers, and airplanes, for starters--quits working. . . .

Before *The Arrest*, Sandy Duplessis had a reasonably good life as a screenwriter in L.A. An old college friend and writing partner, the charismatic and malicious Peter Todbaum, had

Access Free Motherless Brooklyn Jonathan Lethem

become one of the most powerful men in Hollywood. That didn't hurt. Now, post-Arrest, nothing is what it was. Sandy, who calls himself Journeyman, has landed in rural Maine. There he assists the butcher and delivers the food grown by his sister, Maddy, at her organic farm. But then Todbaum shows up in an extraordinary vehicle: a retrofitted tunnel-digger powered by a nuclear reactor. Todbaum has spent the Arrest smashing his way across a fragmented and phantasmagorical United States, trailing enmities all the way. Plopping back into the siblings' life with his usual odious panache, his motives are entirely unclear. Can it be that Todbaum wants to produce one more extravaganza? Whatever he's up to, it may fall to Journeyman to stop him. Written with unrepentant joy and shot through with just the right amount of contemporary dread, *The Arrest* is speculative fiction at its absolute finest.

A new novel featuring a detective with Tourette's syndrome sounds a lot like Jonathan Lethem's *Motherless Brooklyn*, but don't be fooled. *Lo Mein* is Robert Eringer's second book (after 1998's *Crinkum Crankum*) to star ex-FBI agent Jeff Dalkin, a Bruce Willis look-alike with an involuntarily foul mouth, and this time he's on the trail of a New York artist-turned-terrorist. Willard Stukey is going to keep murdering people who are dressed as Disney characters until he gets a solo exhibition at MoMA and a fullpage review in the *New York Times*. And Dalkin is the intrepid sleuth hired by Michael Eisner himself to stop the madness. Copyright © Libri GmbH. All rights reserved.

scholarly study draws on a deep knowledge of all Lethem's work to explore the range of his writing, from his award-winning fiction to his work in comics and criticism. Reading Lethem in relation to five themes crucial to his work, Joseph Brooker considers influence and intertextuality; the role of genres such as crime, science fiction and the Western; the imaginative production of worlds; superheroes and comic book traditions; and the representation of New York City. Close readings of Lethem's fiction are contextualized by reference to broader conceptual and comparative frames, as well as to Lethem's own voluminous non-fictional writing and his adaptation of precursors from Franz Kafka to Raymond Chandler. Rich in critical insight, *Jonathan Lethem and the Galaxy of Writing* demonstrates how an understanding of this author illuminates contemporary literature and culture at large. An anthology of short fiction journeys to colorful, frequently offbeat worlds in such tales as "The Vision," "The Spray," "Vivian Relf," and "Super Goat Man."

Motherless Brooklyn is a 2019 American neo-noir crime film written, produced and directed by Edward Norton, based on the 1999 novel of the same name by Jonathan Lethem. Set in New York City in 1957, the film follows a private investigator with Tourette syndrome, who is determined to solve the murder of his mentor. Along with Norton, the film also stars Bruce Willis, Gugu Mbatha-Raw, Bobby Cannavale, Cherry Jones, Alec Baldwin and Willem Dafoe. A passion project of Norton's ever since he read Lethem's novel in 1999, the film took nearly 20 years to go into production. The movie differs significantly from the book. Although the book is set in contemporary times, Norton felt the plot and dialogue lent themselves more to a noir setting -- moving it to the 1950s, with many added plot points inspired by *The Power Broker*. Other members of the cast joined by February 2018, and principal photography began that same month. The film had its world premiere at the Telluride Film Festival on August 30, 2019, and was released in the United States on November 1, 2019, by Warner Bros. Pictures. It received generally positive reviews from critics, with praise for Norton's performance and the film's ideas, but criticism for its length and deviations from its source novel. At the 77th Golden Globe Awards, the film received a nomination for Best Original Score.
