This book focuses on the perception of the names, personae, performances and films of three Hollywood megastars, Gregory Peck, Robert Mitchum and William Holden, as presented in the references and allusions encountered in American and foreign literature. Its secondary aim is to establish the 'impact factor' of the three actors and their major films and provide extensive data for further studies on the complex and bilateral relationships between film and literature. The pertinent quotations in 'Three Hollywood Stalwarts in Literature: A Study in Film Perception Through References to Peck, Mitchum and Holden' have been extracted from nearly 220 works by about 140 authors. The majority of the works were written by acclaimed authors; amongst them are some well-known American mainstream writers such as John Updike, John Irving, Fannie Flagg and Anne Tyler; some leaders of the mystery genre include Martha Grimes, Stuart Kaminsky, Elmore Leonard, Sara Paretsky; and a few masters of other popular genres, such as Stephen King and Dean Koontz. The global flavor of the citations is provided by international authors (e.g., Julio Cortázar, Elizabeth Hay, Henri Charrière, Sebastien Japrisot) and authors born to first-generation U.S. immigrants (e.g., Oscar Hijuelos). Almost seventy films referenced in world literature are discussed in the book, and those mentioned in the biggest number of works include 'Sunset Boulevard', 'The Wild Bunch', 'To Kill a Mockingbird', 'Roman Holiday', 'Spellbound', 'The Guns of Navarone', and 'Duel in

the Sun', among others. This book will appeal to college professors and students interested in film studies, specifically film analysis and criticism, film perception, and film genres. It will also hold interest for the general reader interested in biographies of movie personalities and the careers of the three actors, movie and stage actors, and fans of the western, film noir, and war genres.

From live productions of the 1950s like *Requiem for a Heavyweight* to big budget mini-series like *Band of Brothers*, long-form television programs have been helmed by some of the most creative and accomplished names in directing. *Encyclopedia of Television Film Directors* brings attention to the directors of these productions, citing every director of stand alone long-form television programs: made for TV movies, movie-length pilots, mini-series, and feature-length anthology programs, as well as drama, comedy, and musical specials of more than 60 minutes. "The Careers of Burt Lancaster and Kirk Douglas as Referenced in Literature" is a study of the perception of these two Hollywood megastars and their work, as presented in the text and context of references and allusions found in world literature. This book also aims to establish the impact factor of the two actors and their major films, as well as to provide extensive data for further studies of the complex and bilateral relationships between film and literature. The pertinent quotations have been extracted from over 150 works—novels, short stories, plays, poems and some nonfiction biographies and memoirs (excluding those focused on film celebrities)—by more than 120 authors. The main body of the book consists of two parts, each devoted to one actor and each having five identical sections. In the first section, references to the actor's films are discussed while the second section presents references to the actor himself. The third section shows the complete list of references found to the actor and his films, including references

not mentioned in the first two sections—either because of their relative insignificance, the lack of an English translation in case of foreign-language works or repetitiveness and/or abundance in a given work. The fourth section offers the credits of the films referenced, and the fifth section presents the actor's complete monographic bibliography. The third part of the book, 'Epilogue: Final Remarks and Conclusions,' provides an analysis and classification of all the references and allusions presented in the main body, and it elaborates on the friendship of the two actors. College professors and students interested in film studies, particularly film analysis and criticism, film perception and film genres, will find this book of great interest. It will also appeal to people interested in biographical books on movie personalities and movie fans, especially those interested in westerns, film noir and the careers of Burt Lancaster and Kirk Douglas.

Several years ago, after many years of writing nonfiction, I decided to write a novel—a medical thriller in the mold of Robin Cook, Michael Crichton, and Michael Palmer. The problem was that, although I knew how to write and had received a number of awards for nonfiction works, I didn't know the how to write fiction. So, before putting fingers to keyboard I did a thorough search of the literature, which included reading numerous books and hundreds of website articles. What I discovered was that there simply wasn't one good source from which to learn the craft of writing genre fiction. "Writing Genre Fiction: A Guide to the Craft" is the book I was looking for when I set out on my quest to learn how to write fiction. It is an attempt to share what I learned from my research. It covers the six key elements of genre fiction; the various genres and subgenres; a large number of genre-fiction writing techniques; plot, subplots, and parallel plots; structure; scene and sequel; characterization; dialogue; emotions; and body language. It also covers additional information about copyrighting and plagiarism, where to get ideas, manuscript formatting

and revision, and query letters and synopses. In addition, an appendix covers a large number of grammar tips.

Jaloezie in combinatie met een verloren verstand is een levensgevaarlijke combinatie. Daar komen schrijver Martin Stillwater en zijn gezin angstvallig achter. Hun rustige leventje, en Martins succesvolle schrijfcarrière, worden ruw verstoord door een vreemdeling. Van schrik verliest Martin volledig de grip op de werkelijkheid. Ondertussen probeert het hele gezin, inclusief Martins jonge dochters Emily en Charlotte, van de krankzinnige indringer te ontsnappen. Zou de dubbelganger gelijk hebben of is het een verwarde man die een gevaar vormt voor de familie Stillwater? Heaven is too abstract to effectively compete with the daily demand of life. We have therefore learned to qualify our integrity by the power, money and fame we accrue. Being a success and fulfilling our purpose are, however, two distinct journeys. One cannot help but affect the other. Hitler for example, was incredibly powerful, but his demeanor was more demonic than angelic. Alternatively, Benjamin Franklin's wealth fulfilled a multitude of philanthropic needs. Religious influences will frequently dominate the direction of one's purpose in life. Although this is not a religious book, it will examine a variety of insightful spiritual ideas. That knowledge will then facilitate recognition of your purpose in life.

Conventional business wisdom tells you that there's always something to learn from failure. Not true, says Barry Moltz. Sometimes, failure just stinks. Bounce! explains how success and failure are simply normal outcomes in the regular lifecycle of a business and that process over the long term matters far more than individual outcomes. This book shows you how to build a business that can "bounce" through these cycles for long-term success. If you run a business, better make it Bounce!
