Do you desire the truth about God, our foremost religions, the purpose of life and the future of our planet? If so, Illuminating the Narrow Gate will guide and empower you to fulfill your destiny of transcending the darkness and embracing an enlightened spirituality. Blessed with astonishing insights and revelations, this revolutionary book heralds a global awakening and the inevitable doom of institutional religion. Volume II contains 15 appendixes that substantiate and enhance the revelations of Volume I. Appendixes A ("Reincarnation") and B ("Spirit Possession") present scientific and clinical evidence that demonstrates the reality of those phenomena. The next three appendixes are primarily dedicated to dating the Book of Daniel. Leveraging the breakthrough of Illuminating the Narrow Gate's paradigm shift, Appendix D ("Redirecting the Debate About Daniel") decimates the prevailing scholarly conclusion that Daniel's prophecies were a hoax written in the 2nd century BCE. Instead, this book within a book proves they were penned as advertised in the 6th century BCE while debunking the fundamentalist view that the biblical book is inerrant. The next six appendixes primarily present ancient history that demonstrates the fulfillment of prophetic passages from Daniel. Four of them—Appendix F ("The Beast With Ten Horns"), Appendix G ("Constantine the Great"), Appendix J ("The King of the End Times") and Appendix K ("Understanding the 69 'Sevens'")—deliver the spine-tingling details of how the future was foretold with stunning accuracy and precision for five centuries after the date when all scholars agree Daniel was on the historical record (160s BCE). Appendix L ("The Catholic Church in the 20th Century") shows that although the Church no longer champions crusades, sequesters Jews in ghettos, or tortures and kills those who believe differently, its underlying darkness has continued unabated. The majority of this other book within a book details how the Vatican helped Benito Mussolini and Adolf Hitler gain dictatorial power and then made strategic alliances with them, ignored their pre-war crimes and assaults upon the Jews, sanctioned their predatory aggression upon other nations, and turned a blind eye to the Holocaust. After illuminating the essence of the papal choices before and during World War II, the appendix exposes the criminal nature of the Vatican's subsequent financial affairs. It shows how the sudden death of Pope John Paul I in 1978 was most likely a blackmail-enabled murder by the Vatican Bank's underworld partners. After two short appendixes explain passages from Revelation, the book concludes with Appendix O ("The Impact on Islam"). It shows how the book's insights are also inscribing the writing on the wall for Islam. * You don't need to purchase Volume II if you only want the book's core insights and revelations. A PDF document of the end matter published in Volume II (Endnotes, Bibliography, Index, et al.) can be downloaded for free from the book's website to make Volume I a self-standing book.

This story is about all mysterious adventures and numerous encounters with FBI. The flashbacks became more terrifying and the nightmares came more realistic. The story will become more confusing with all the bizarre endings. There were events which took a diametrically opposite of action. The FBI is a powerful police department and they answer to no one. The FBI had no other choice; they had to stop me from solving the Zodiac case. All the people that were helping me with my book had all disappeared. There is a reason why all these people had vanished? The mystery will never be solved. The FBI "secret files" are hiding that information. The FBI is vicious; they have neither pity nor compassion. That becomes a dangerous situation for everyone involved. This story talks about Donna Lass, (that is the grave on the front cover of the book) who was killed in Lake Tahoe by the Zodiac killer. Donna Lass's body was never found. She was the Zodiac's last victim. Unfortunately, I was involved, and did not know what to do. This story is very unique. The FBI is hiding Bruce Davis, (Charles Mason's hit man) and no one can talk to him. What does that tell you? As former Chief of Police from the San Francisco area, I have come to

know that the Zodiac killer is the most famous serial killer case in the United States. I had to write this story; the public must know the truth. The FBI is concealing evidence. They know the person that was involved with the Zodiac killer. His name is Bruce Davis. It took me ten years, for me to locate a picture of Wayne Messier. A cold chill consumed my body from head to toe. When I saw that picture, I thought that I would never live to see a photograph of the Zodiac killer.

"A daring covert action by the CIA to hijack a Boeing 777 passenger plane carrying Russian and Chinese computer scientists to London from Bangkok. These scientists were collaborating on a project to develop a highly sensitive software that could hack computer systems in the USA and bring all activities under their control. As part of the operation, the entire plane with all the passengers, including the scientists, were hijacked and transported to an isolated island in the Indian Ocean, which was serving as a strategic naval base of the USA. Here the scientists were separated from the other passengers and sent to a secret location in the USA in different military aircrafts. The scientists were interrogated and coerced into working for the USA. They were given all facilities needed to develop the program and implement it on the computer systems in Moscow. A startling story of how the program, which was prepared to paralyze the American computer network, was used, instead, to cause a breakdown of the power system in Moscow.

Meanwhile, all international efforts to track the Boeing 777 plane proved futile and it was believed to have crashed in the ocean leaving no survivors. The American government also joined the search effort, officially and offered condolences for the "death" of the passengers."

"By exploring the scandal-filled lives of four Oklahomans, this book demonstrates how unqueering operates in a conservative American context. Carol Mason weaves a story about how homogenizing, antigay ideas evolve from generation to generation so that they achieve particular economic, imperial, racial, and gendered goals. Using engaging and accessible commentary on antigay crusaders (Sally Kern and Anita Bryant) and two queer teachers dismissed from their positions (Billy James Hargis and Bruce Goff), Mason illustrates how the lives of these figures represent paradigmatic moments in conservative confrontations with queers and help us to understand the conflation of terrorism with homosexuality, which dates back to the McCarthy era"--Provided by publisher.

This is a memoir about living, loving, dreaming, daring, and driving while female -- in a country where it's dangerous to do all of the above. Manal al-Sharif grew up in Mecca the second daughter of a taxi driver, born the year strict fundamentalism took hold. In her adolescence, she was religious radical, melting her brother's boy band CDs in the oven because music was haram: forbidden by Islamic law. But what a difference an education can make. By her twenties, she was a computer security engineer, one of a few women working in a desert compound built to resemble suburban America. That's when the Saudi kingdom's contradictions became too much to bear: she was labeled a slut for chatting with male colleagues, her school-age brother chaperoned her on a business trip, and while she kept a car in her garage, she was forbidden from driving on Saudi streets. Manal-al-Sharif has written a memoir about the making of an accidental activist, a story of a young Muslim woman who stood up to a kingdom of men -- and won.
