48 portable mandala designs to color that provide a pathway to deeper meaning and personal growth--from the author of the popular Coloring Mandalas series. Coloring the traditional circular designs known as mandalas is a meditative practice, a healing exercise in times of crisis, and a pleasurable act of creativity. As a symbol of the Self, the mandala provides a connection to our innermost being. The forty-eight drawings presented here for coloring include designs inspired by forms of nature, Native American and Tibetan sand paintings, Hindu yantras, Turkish mosaics, and the art of M. C. Escher. These mandalas are

Do you have an active child always looking for another challenge? Does your child like to mimic the older children or grown-ups and do the things they usually do? If so, this kids' coloring activity book with mandalas will make a great gift! It will satisfy the need for "feeling older" but at the same time, won't be too difficult (or boring!) to color. Julia Johansson, the author, mom of 3 and bonus mom of 5: "I have noticed that my youngest children are only interested in things that their older siblings do, but as these activities usually are too difficult, my ambitious small people get frustrated and sad. Many coloring books are "just for children" (that's a quote from my 5-years old), while the big and beautiful "grown-up" mandalas are just too much for them. This is why I came up with an idea of making this book, dedicated especially to children from 5 to 10. It offers many beautiful "mandala" designs with cute animals, presented in a way that "real coloring books" look. I added black pages to prevent bleed-through issues as well as doubled all the designs. This way there is a possibility to improve or... to share" This one of a kind Mandala Coloring Book For Children comes with: Beautiful Cover in Matte Finish (just like mom's!) 2 sets of 20 beautiful "Mandalas" with adorable animals like dolphins, seahorses, panda bears, elephants and more - easy to improve or share! Universal designs suitable for
