Have You Ever Felt Ecstasy? Yes. You have. That's the emotional essence of an orgasm, and I'm pretty sure you've experienced one of those. With this book, I will help you build on what you already know - make your orgasms last longer - accelerate your sex drive, and you will experience that emotion of Ecstasy with your lover even beyond the sexual level. Mentally, psychologically and physically you will be in ecstasy, or at least, not far from it. Ecstasy includes all other positive emotions. So even if you don't quite reach Ecstasy at any given moment, you will be at least in Optimism or Enthusiasm or Fun or Happiness or Contentment or Passion. Nothing Feels More Delicious Than Being Adored Have you ever been hungry, at a restaurant and you notice the waiter bringing your food? Well, that's the way your lover will anticipate you as you approach them, their eyes burning into you with the promise of the thrill of having you... swallowing hard with intense desire to devour you. Nothing beats being loved so intensely. And how others respond to you is something you can totally control - through your own acclimation into ecstasy. Pleasure comes from being in the positive emotions and your partner will morph to accommodate your new emotional places. Whether you've had one for years or are now looking for a new one, people morph to our expectation. So this book changes you - your state of being, in order to attract behaviours from your lover where they give you compliments, are generous with their time and resources and you can feel the enthusiasm for you oozing from them. You Won't Settle For Duds Any More There is immediate pleasure you will experience with the process I will teach you. So you will enjoy creating your lover. It will feel like a project that you are sinking your teeth into and getting mental fulfillment and emotional enjoyment. Once you start activating better emotions a Dud won't creep up on you - you will instantly sniff them out and move away from them. Sex Is Enhanced A 1000 Fold If you've ever taken mind-altering drugs and had sex, you would have experienced ecstasy unlike what you do in your 'normal' life. And it is because the drug suppresses negative thoughts which keep you in negative emotions and you accelerate into the top positive emotions. You sky rocket into Ecstasy and stay there till the drug wears off. Well, you don't need drugs. Acclimating to ecstasy on purpose, with the writing process I show you, will make you understand Ecstasy. You will be able to get there on purpose and stay there for as long as you've acclimated to it. All Your Life Will Change For The Better - Much, Much Better There is no greater achievement than to get yourself to Ecstasy. Every subject in your life raises up to meet that emotion. Your finances, your work situation, your family life - any subject that is currently active in your life, will shift into Ecstasy and remain in the positive emotions. Your lover becomes the person of your dreams, because you become the embodiment of ecstasy. And someone in that emotion is extremely attractive. Doesn't matter what you look like - others will feel you and you will feel so good to them. Publisher's Note: Intended for mature audiences.

So when a world-famous DJ starts slipping into risky habits, he's hired to keep her on track during a multi-million-dollar tour. He figures he'll just knock the diva down a few pegs and scare her straight. Problem is, Lola isn't easily frightened, and "difficult" doesn't begin to describe their contentious relationship. The only thing more annoying than their daily fights and power struggles is their intensifying emotional connection. Ransom's determined to save her...even if she doesn't want to be saved.

OUT-OF-BODY EXPERIENCES: WHAT YOU NEED TO KNOW - In the modern world, man has begun to seek a higher calling. And what he seeks in an age of technological development and massive advances in human science is of all things - an age old experience. Out-of-Body Experiences have been happening throughout time, though many seem to perceive them as something new. In reality, the great masters of our faiths have laid out the path for us to achieve such states in very explicit writings. The great teachers in our many faiths attained realization

and liberation. They achieved the highest mystical states known to man: Samadhi, Ecstasy, Nirvana and the Absolute. Most of all, their journeys were filled with knowledge-seeking, the kind of wisdom that can only be known through the experience of it energetically by the hand of God. For those who have been seeking prudently the path to achieve Out-of-Body Experiences, this is how it's done . . . and it will not be what you expect. (For more info - www.outofbodytravel.org)

Kyra Morgan always wanted to live in the past, and now she's found a way to do just that. Whether she likes it or not. Wrapping herself in black velvet under the sweltering Southern sun, Kyra spends her summers working at the Tudor Rose Renaissance Festival, as a Lady in an imaginary royal court. She hasn't had much luck with men either and has little interest in handing over her heart again, so she immerses herself in her scholarship and the local faire where she can escape into the past and ignore the problems of the present day. Rafe Harrison is hard to ignore, however. Handsome, confident, and boorish, he is beloved by most everyone at the faire, particularly the women. Even Kyra's best friend is quick to champion him, much to Kyra's dismay. Kyra knows little about Rafe, but wisely despises his bravado, his appeal, and his slipshod reenactment methods. And when Rafe is implicated in her best friend's riding accident, she cannot forgive him for his neglect or herself for the unwelcomed sensations he stirs within her. But after tampering with a gypsy potion, Kyra suddenly finds herself and Rafe transported back to sixteenth-century England, and it is nothing like the 1500's back home. It is a dangerous time of court intrigue, French wars, and Scottish insurrection. Kyra soon finds that she must learn to trust the courage and heart of the man she reviles if they are to survive. And, more importantly, she must learn to trust her own heart as she fights for both her own and Rafe's survival upon one of the bloodiest battlefields in England—Flodden.

A psychoactive substance related to both the amphetamines and mescaline, MDMA has become popular in recent years as one of the new “designer” drugs. First used in therapeutic treatment, its recreational or street use has increased in recent years. The authors track the efforts (with psychiatrists and researchers in opposition) of the DEA to ban the drug.

Twilight Café [The Last Breakfast]: "At last! A play about Caribbean men and women as we are NOW! Blood bursting through history, primal fears, contemporary gender wars, the unexamined cliches of masculinity lagging far behind the new feminine, the collapse of the performative in gender roles and formations now rendered obsolete - Tony Hall's Twilight Cafe is a brilliant and harrowing sexual embrace. The secularism of the post-post-modern, Orisha worship, soucouyants, hidden duennes and blue Carnival devils merge in a dance of no-death that cuts to the heart of the vast chasm of incomprehension between men and women." Ramabai Espinet Toronto August 9th, 2005 What Hall seems to be attempting here is a relief map of the Trinidadian psycho-social landscape The disconnectedness of the scenes and the almost tabula rasa quality each tableau presents the actors with could yield very interesting results . . ."
