Research paper from the year 2010 in the subject English - Miscellaneous, grade: 1,3, , language: English, abstract: „One cannot not communicate“ (Watzlawick et al. 1969/2007, p. 53). Paul Watzlawick's quote is one of the most important basic assumptions in the field of communication studies. There is no substitute for behavior, so every kind of behavior is a type of communication. Therefore, it is not possible not to communicate. Based on this fact and the further fact that every social interaction contains a type of communication, it is important to find and study the areas where we can further our communication skills. Since its discovery Neuro-linguistic Programming (NLP) can be found in nearly every western industrial country. There are many types of training and coaching available. Companies use NLP for their human resource development, especially for their specialist and executive staff. But what is behind NLP which is likely to be announced as an omni-potent method? Is it just a profitable commercial theory or can advantages be found concerning the communication

Do you want to know what "Neuro-Linguistic Programming" means? If yes, then keep reading... It's a title that could put some people off. If we look at what each part of the name means, it will make a lot more sense. 'Neuro' - the brain, with which we receive and filter information through our five senses 'Linguistic' refers to interpret experience through language, including body language, images, sounds, feelings, tastes, and smells 'Programming' is the part that puts some people off for the wrong reasons, as they associate it with brainwashing - they're

thinking, "I don't want to be programmed"! Conversely, the same term may attract some people in for the wrong reasons (usually, it has to be said, intense young men who aren't in relationships) who are thinking "Programming people! Cool!" The truth is not that sinister. 'Programming' refers to the way we construct personal 'programs', analogous to computer programs, of thought, communication, and behavior. So Neuro-Linguistic Programming (NLP) is the study of how we think and communicate, with ourselves and with others, and of how we can use this to get the results we want. Take a look at just a few more things you'll discover inside: - Important NLP principles - What is NLP - NLP techniques - NLP techniques in manipulation - Use NLP for greatness - Learn from the masters of NLP - NLP in love ...And much more! This guide about NLP is a toolkit for fulfilling our potential, drawn from the study of a range of people who are 'naturals' at their chosen skill or activity. of counseling by targeting the uniqueness of each individual and his or her family system. Professionals will also learn how NLP facilitates effective interventions and helps alcoholics create internal coping skills to begin and maintain the recovery process. Neuro-Linguistic Programming in Alcoholism Treatment is a wealth of innovative, state-of-the-art information on the history of NLP, basic NLP assumptions, concepts for establishing rapport with clients, and essential family participation in NLP. Each chapter directs itself either to a specific NLP technique, featuring clear case demonstrations and a step-by-step outline for applying the technique to the development of the counseling process in working with addicted systems, or to a particular group affected by addiction, such as alcoholics, children of alcoholics, or the addicted family as a unit. Clinicians focus on alcoholism and other addictions as treatable conditions, applying specific strategies and techniques--initially developed in Neuro-Linguistic Programming and Hypnotherapy--adapted to meet the demands of alcoholism and addiction treatment specialists. This important volume allows for a substantial increase in the repertoire of treatment choices available to professionals and enables clinicians to individualize treatment. An extensive bibliography is included to further assist readers in gaining additional skills in the treatment of alcoholics and other addicts.
