

New Moon Twilight Edizione Italiana

The Twilight novels by Stephenie Meyer have developed from a book series into a powerful phenomenon with an astonishing impact. Not only have the books been adapted for the screen, but they have also spawned a huge number of works by fans, readers, reviewers, and scholars. The multi-faceted "Interdisciplinary Approaches to Twilight" brings together scholars from a variety of disciplines in order to address the key themes in the complex global phenomenon that is Twilight; a phenomenon that transcends the boundaries between continents, generations, and producers and consumers, and not least between different genres and media. The authors present in-depth literary and film analyses, and shed new light on perspectives on gender, fandom, vampire fiction and the economics of the book market. The book fills a void in Twilight research, and, linked by their cutting-edge research and unique theoretical and analytical perspectives, the authors compellingly map a massive global experience that speaks to the realities of contemporary culture.

The Reception of Northrup Frye takes a thorough accounting of the presence of Frye in existing works and argues against Frye's diminishing status as an important critical voice. Werewolves, witches, vampires, demons, gods, zombies, and shape-shifters; these are just a few examples of the monstrous that society is confronted with. Most people have some knowledge about these creatures, and have had fleeting contact with ghosts, fairies, vampires and goblins, either in their imagination, or while reading, watching, or interacting with other people (whether in reality or the online world). From Beowulf and Buffy, to Freddy Krueger and Frankenstein's Monster, this collection highlights different

aspects of the monstrous, and discusses various ways in which they can be read, discussed, and understood. What does the mother in Beowulf really represent? How can the character of Zoey Redbird really be understood? What is the importance of memories in Buffy the Vampire Slayer? And what should we make of Terry Pratchett's undead creatures? And what role does the children-friendly vampire play? Beyond the Night offers a range of insights into these topics, as well as many more. It presents the reader with a vast array of old and new creatures in popular culture, analysing the significance they have for wider society. This collection will also help readers to understand their favourite monsters better in relation to questions concerning sexuality, gender, social change, and otherness.

Hier erfahren Sie, wieso Stephenie Meyers Liebesgeschichte so viele Menschen fasziniert und warum es sich dabei um so viel mehr als oberflächliche Jugendliteratur handelt: - Wieso fühlen sich Menschen von Vampiren magisch angezogen? - Sollte Edward seine Fähigkeit zum Gedankenlesen einsetzen? - Ist Edward ein romantischer Held oder einfach nur ein Stalker? - Was sagt der Kampf der "vegetarischen" Cullen-Familien gegen ihren Durst nach menschlichem Blut über den freien Willen aus? - Wird das ewige Leben nicht sogar an der Seite einer geliebten Person irgendwann langweilig?

The book investigates Meyer's popular Twilight saga from a feminist point of view, focusing on the development of Bella's character and her quest for identity in a rigidly patriarchal world. Bella's life is entirely determined by the two central male characters who form a polarized axis which slowly tears her apart. Bella's low self-esteem and her strong attachment to the over-idealized Edward Cullen are read as symptoms of her placelessness in a world that does not grant her space to develop as an autonomous subject. Bella's wish to become a

vampire can be equalled with a woman's desire to gain access to a higher social realm via her husband and thereby escape her marginalisation in patriarchal culture. In order to live eternally in the idealized, capitalist, patriarchal and overly religious world that Edward represents, Bella has to make a series of sacrifices. Leaving her mother behind, she moves into a male dominated world which is divided into morally idealized vampires and racially devalued werewolves. She is forced to give up her friendship with Jacob Black, who represents her autonomous self, in order to find her patriarchal pre-defined destiny as mother and wife. Similar patterns of stereotypical representations of femininity can be found in various characters of the saga. A more controversial note is brought in by Bella's half-vampire child who can be seen as a destabilizing factor of the saga's rigid dichotomy. Taking all this into consideration, we have to ask whether it is desirable that millions of young women worldwide admire Bella and set her up as their role model.

Tour the Twilight Saga Book One is the first of four guidebooks designed to help you travel to Twilight-Saga-related sites. Book One takes Twilighters to the real-world places mentioned in Stephenie Meyer's novels, places found within the Olympic Peninsula of Washington State (USA). Visit www.TourTheTwilightSaga.com to learn more about Tour the Twilight Saga travel guidebooks. Read a Free Sample of Book One, peruse its Table of Contents, and access the free TwiTips and Twi Travel Supplements. Forks, Washington, became the primary setting for Stephenie Meyer's first novel, Twilight, after she Googled, "What place has the most rainfall in the U.S.?" Her reaction after finding Forks: "It couldn't have been more perfect if I had named it myself." The Quileute Nation Reservation is home to several Twilight-Saga-related points of interest that aren't included in Twilight bus tours--such as the magnificent tide pools that

How well do you know the Twilight universe... really? In her famous four-book series The Twilight Saga, author Stephenie Meyer refers to myth, music, history, literature and more. She masks numerous symbols in her romantic vampire dreamscape. The Twilight Symbols is a rich A to Z guide of symbols in the Twilight Saga that will lead you to discover whole new worlds, both real and mystical. It will delight and inform Twilight fans, symbol seekers, and the keenest literature detectives. From apples to zombies, from Forks to Rome, from round meadows to moonlit beaches to dark

??

Per Isabella Swan soltanto una cosa è più importante della sua vita: Edward Cullen. Ma essere innamorati di un vampiro è molto pericoloso, più di quanto Bella immagini. Ora che il loro amore proibito rappresenta una minaccia per tutto quello che hanno di più caro e vicino, si accorgono entrambi che anche un piccolo incidente domestico può mettere in crisi la loro tranquillità... Del resto vivere uno senza l'altra è semplicemente impensabile. Allora perché Edward all'improvviso lascia Bella? La ragazza vive un lungo periodo di solitudine e tristezza, in cui taglia i ponti con le proprie amicizie e si rinchioda in se stessa, fino alla quasi casuale riapparizione nella sua vita di Jacob Black, che per primo aveva fatto nascere in lei i dubbi sulla vera identità della famiglia di Edward. Più il rapporto di amicizia tra Jacob e Bella si rafforza, più lei sembra tornare alla normalità che le mancava da tempo. Ma la quiete appena ritrovata è turbata da eventi misteriosi, tra cui una strana serie di omicidi ai margini della foresta e l'apparizione di nuove, strane creature della notte. In questa seconda puntata della saga di Twilight, fenomeno mondiale che ha conquistato milioni di lettori, Stephenie Meyer sfodera un'esplosiva miscela di romance e suspense. Tra passionali giravolte e avvincenti cambi di scena, amori infelici e pericoli fatali, la saga continua ad appassionarci. «Un libro che parla direttamente al cuore degli adolescenti: una visione coraggiosa che ribalta molti luoghi comuni e che tocca le corde più segrete delle nuove generazioni». «Il Sole 24 Ore» «New Moon, seguito del fortunatissimo Twilight, è un romanzo

autenticamente moderno: mischia stili narrativi e rimandi diversi, coinvolgendo il lettore fin dal principio». «D – la Repubblica» «Questo è un libro sull'amore, e non un amore banale, ma una metafora potente che nasconde un messaggio atavico». «TTL – La Stampa» «Una prosa semplice e dinamica. Una letteratura teneramente dark». Valeria Parrella, «Grazia»

New MoonFazi Editore

What can fables and fairytales tell us of law, its practices and ideals? Drawing on real and metaphorical literary and jurisprudential accounts and practices of law, this volume reveals that law has recourse to fables and fairytales as moral exempla, as a new form of law and literature, found in diverse sources ranging from the fables of de La Fontaine and fairytales of Perrault and Grimm to the modern fairytales of True Blood and Harry Potter.

Film Studies: A Global Introduction reroutes film studies from its Euro-American focus and canon in order to introduce students to a medium that has always been global but has become differently and insistently so in the digital age. Glyn Davis, Kay Dickinson, Lisa Patti and Amy Villarejo's approach encourages readers to think about film holistically by looking beyond the textual analysis of key films. In contrast, it engages with other vital areas, such as financing, labour, marketing, distribution, exhibition, preservation, and politics, reflecting contemporary aspects of cinema production and consumption worldwide. Key features of the book include: clear definitions of the key terms at the foundation of film studies coverage of the work of key

thinkers, explained in their social and historical context a broad range of relevant case studies that reflect the book's approach to global cinema, from Italian "white telephone" films to Mexican wrestling films innovative and flexible exercises to help readers enhance their understanding of the histories, theories, and examples introduced in each chapter an extensive Interlude introducing readers to formal analysis through the careful explication and application of key terms a detailed discussion of strategies for writing about cinema

Films Studies: A Global Introduction will appeal to students studying film today and aspiring to work in the industry, as well as those eager to understand the world of images and screens in which we all live.

A gorgeous paperback boxed set of the Twilight Saga featuring the latest #1 NYT and USA Today bestseller, *Midnight Sun*, and the rest of the series with a bold, fresh design This stunning gift set includes paperback editions of *Twilight*, *New Moon*, *Eclipse*, *Breaking Dawn*, *Midnight Sun*, *The Short Second Life of Bree Tanner*, and *Life & Death*, making it the prime gift for fans of the bestselling series. Deeply romantic and extraordinarily suspenseful, *The Twilight Saga* captures the struggle between defying our instincts and satisfying our desires.

Transformative eco-education is environmental education that is literally needed to transform and save our planet, especially during the global ecological crises of our present century. Such

education demands inner transformation of many deeply rooted ideas, such as the following: the Earth exists merely to provide for human comfort; the extinction or reduction of other species does not matter; we are free to consume or destroy natural resources at will but are safe from destruction ourselves; and the Earth will continue to sustain us, even if we do not sustain the Earth. Unless these concepts are changed, we will increase global warming and add to the ruin of much of the Earth. This book presents powerful ideas for transformative eco-education. At this time of ever-increasing ecological crisis, such education is needed more than ever before. We urge readers to use the ideas and activities in this book with your students, develop them further, and create new conceptions to share with other educators and students. The chapters in this book provide key principles, of which the following are just a few. First, educators can and should prepare students for natural disasters. Second, stories, case studies, the arts, and hands-on environmental experience, all enriched by reflection and discussion, can offer profound learning about ecology. Third, education at all levels can benefit from a true ecological emphasis. Fourth, teachers must receive preparation in how to employ transformative eco-education. Fifth, Indigenous wisdom can offer important, holistic, spiritual paths to understanding and caring for nature, and other

spiritual traditions also provide valid ways of comprehending humans as part of the universal web of existence. Sixth, transformative eco-education can be an antidote to not only to environmental breakdown, but also to materialistic overconsumption and moral confusion. Seventh, we can only heal the Earth by also healing ourselves. If we heed these principles, together we can make transformative eco-education a blazing torch to light the path for the current century and beyond.

This collection is the first to focus exclusively on twenty-first-century young adult Gothic fiction. The essays demonstrate how the contemporary resurgence of the Gothic signals anxieties about (and hopes for) young people in the twenty-first century. Changing conceptions of young adults as liminal figures, operating between the modes of child and adult, can be mobilised when combined with Gothic spaces and concepts in texts for young people. In young adult Gothic literature, the crossing of boundaries typical of the Gothic is often motivated by a heterosexual romance plot, in which the human or monstrous female protagonist desires a boy who is not her 'type'. Additionally, as the Gothic works to define what it means to be human – particularly in relation to gender, race, and identity – the volume also examines how contemporary shifts and flashpoints in identity politics are being negotiated under the metaphoric cloak of monstrosity.

In this new monograph, author Debra Dudek defines a new era of vampire texts in which vampires have moved from their iconic dark, feared, often seductive figure lingering in alleys, to the beloved and morally sensitive vampire winning the affections of teen protagonists throughout pop culture. Dudek takes a close look at three hugely-popular vampire series for young adults, drawing parallels between the TV series *Buffy the Vampire Slayer*, the *Twilight Saga* novels/films, and *The Vampire Diaries* TV series/book series. By defining a new era of vampire texts and situating these three series within this transition, *The Beloved Does Not Bite* signals their significance and lays the groundwork for future scholarship on the flourishing genre of paranormal romances for young adults.

twilight and Philosophy PHILOSOPHY/POP CULTURE What can vampires tell us about the meaning of life? Is Edward a romantic hero or a dangerous stalker? Is Bella a feminist? Is Stephenie Meyer? How does Stephenie Meyer's Mormonism fit into the fantastical world of *Twilight*? Is Jacob "better" for Bella than Edward? The answers to these philosophical questions and more can be found inside *Twilight and Philosophy: Vampires, Vegetarians, and the Pursuit of Immortality*. With everything from Taoism to mind reading to the place of God in a world of vampires, this book offers some very tasty philosophy for both the living and the

undead to sink their teeth into. Whether you're on Team Edward or Team Jacob, whether you loved or hated Breaking Dawn, this book is for you! To learn more about the Blackwell Philosophy and Pop Culture series, visit www.andphilosophy.com

"Bitten by Twilight presents us with an enlightened look into the world of vampires, werewolves, and fan culture and romance narratives. The editors and contributors to this book appreciate the significance of the stories, movies, and artifacts as a culturally gendered phenomenon and present a variety of lenses through which to appreciate this popular franchise."---Norma Pecora, Author of *The Business of Children's Entertainment*; Professor, School of Media Arts and Studies, Ohio University. --

Germans Going Global is the first monograph in English to address in depth the interrelatedness between contemporary German literature and globalization. In an interdisciplinary framework and through detailed readings of a wide variety of texts, the study shows how the challenges globalization has posed for Germany over the last two decades have been manifested and reimagined in aesthetic production. Analyses of the literary marketplace and public debates illuminate the more material sides of this development. The study also analyzes the ways in which German-language writers born between 1955 and 1975, such as Chr. Kracht, Th. Meinecke, J. Hermann, S. Berg, F. Illies, K. Röggl, J. v. Düffel,

and G. Hens, respond to the pressures of globalizing factors, and how these have influenced notions of authorship and literary aesthetics. It shows how narratives dealing with the neoliberal work world, global travel, and the aftermath of 09/11 implicitly comment on contemporary debates on globalization, its socio-economic nature, and the impact for local culture. By presenting a literary history of the present, *Germans Going Global* deepens the reader's understanding of contemporary Germany and its cultural production.

When Isabella Swan moves to the gloomy town of Forks and meets the mysterious, alluring Edward Cullen, her life takes a thrilling and terrifying turn. With his porcelain skin, golden eyes, mesmerizing voice, and supernatural gifts, Edward is both irresistible and impenetrable. Up until now, he has managed to keep his true identity hidden, but Bella is determined to uncover his dark secret... This collector's edition of *Twilight: The Graphic Novel* includes the first two volumes of the #1 New York Times bestselling series.

A psychological analysis of Stephanie Meyer's *Twilight* saga series.

This comprehensive bibliography covers writings about vampires and related creatures from the 19th century to the present. More than 6,000 entries document the vampire's penetration of Western culture, from scholarly discourse, to popular culture, politics and cook books.

Sections by topic list works covering various aspects, including general sources, folklore and history, vampires in literature, music and art, metaphorical vampires and the contemporary vampire community. Vampires from film and television--from Bela Lugosi's Dracula to Buffy the Vampire Slayer, True Blood and the Twilight Saga--are well represented.

What can law's popular cultures do for law, as a constitutive and interrogative critical practice? This collection explores such a question through the lens of the 'cultural legal studies' movement, which proffers a new encounter with the 'cultural turn' in law and legal theory. Moving beyond the 'law ands' (literature, humanities, culture, film, visual and aesthetics) on which it is based, this book demonstrates how the techniques and practices of cultural legal studies can be used to metamorphose law and the legalities that underpin its popular imaginary. By drawing on three different modes of cultural legal studies – storytelling, technology and jurisprudence – the collection showcases the intersectional practices of cultural legal studies, and law in its popular cultural mode. The contributors to the collection deploy differentiated modes of cultural legal studies practice, adopting diverse philosophical, disciplinary, methodological and theoretical approaches and subjects of examination. The collection draws on this mix of diversity and homogeneity to thread together its overarching theme: that we must take seriously an interrogation of law as culture and in its cultural form. That is, it does not ask how a text 'represents' law; but rather how the representational nature of both law and

culture intersect so that the 'juridical' become visible in various cultural manifestations. In short, it asks: how law's popular cultures actively effect the metamorphosis of law.

Virginity is of concern here, that is its utter messiness. At once valuable and detrimental, normative and deviant, undesirable and enviable. Virginity and its loss hold tremendous cultural significance. For many, female virginity is still a universally accepted condition, something that is somehow bound to the hymen, whereas male virginity is almost as elusive as the G-spot: we know it's there, it's just we have a harder time finding it. Of course boys are virgins, queers are virgins, some people reclaim their virginities, and others reject virginity from the get go. So what if we agree to forget the hymen all together? Might we start to see the instability of terms like untouched, pure, or innocent? Might we question the act of sex, the very notion of relational sexuality? After all, for many people it is the sexual acts they don't do, or don't want to do, that carry the most abundant emotional clout. *Virgin Envy* is a collection of essays that look past the vestal virgins and beyond Joan of Arc. From medieval to present-day literature, the output of HBO, Bollywood, and the films of Abdellah Taïa or Derek Jarman to the virginity testing of politically active women in Tahrir Square, the writers here explore the concept of virginity in today's world to show that ultimately virginity is a site around which our most basic beliefs about sexuality are confronted, and from which we can come to understand some of our most basic anxieties, paranoias, fears, and desires.

Stephenie Meyers 'Bis(s)...'-Reihe befand sich in den vergangenen Jahren mit Millionen verkaufter Exemplare stets an der Spitze der internationalen Buch-Bestsellerlisten. In dem populärsten Werk der amerikanischen Autorin, das mittlerweile in fünf Spielfilmen auch für das Kino aufbereitet wurde, vermischt sie die literarischen Genres Liebes- und Vampirroman und begeistert mit dieser Mixtur vor allem jugendliche Leser und Zuschauer - und auch immer mehr Erwachsene. Besonders durch die filmische Umsetzung und den Starcast um die Schauspieler Kristen Stewart, Robert Pattinson und Taylor Lautner sind Meyers Vampire des 21. Jahrhunderts mehr Popstar, Idol und Symbol, als es Graf Dracula jemals war. Die Vampire sind in der Neuzeit angekommen. Doch was steckt hinter dem Genremix; was ist es, das den Vampir als eine der „ttesten Gestalten der Phantastik immer wieder aufs Neue als interessante und faszinierende Figur definiert? Kristof Beuthner ist der Sache auf den Grund gegangen. Er blickt zurück auf die ständige Veränderung des Vampirs von einer Gestalt aus Sagen und Mythen bis hin zum populärkulturellen Symbol. Im stetigen Vergleich der 'Bis(s)...'-Reihe mit einem deutschsprachigen Pendant, Wolfgang Hohlbeins 'Wir sind die Nacht', untersucht er, inwiefern zeitgenössische AutorInnen durch ein geschicktes Umcodieren der Genrekonventionen den Nachtschwärmer wieder für eine so große Leserschaft spannend und attraktiv machen. Er deckt die besonderen Genderkonstruktionen in den 'Bis(s)...'-Bänden auf, und sucht auch im

philosophischen, vor allem aber im religiösen Subtext nach Erklärungen. Oder ist es gar die Jugend selbst, die durch das Schaffen immer neuer, eigener Subkulturen (wie etwa der sogenannten Emo-Kultur) die Vorlage für die 'neuen Vampire' in der Geschichte von Bella und Edward liefert?

You've read the books. You've seen the films. Now get inside the heads of your favorite Twilight characters (just like Edward can!) in *The Psychology of Twilight*. Explore the minds and motives of Bella, Edward, Jacob, and more with a deeper look at the series that's captured the hearts—and psyches—of millions. Find out:

- How Edward and Jacob match up in an evolutionary psychology smackdown for Bella's—and our—affection
- Whether Bella's motorcycle-riding and cliff diving in *New Moon* are suicidal—or her salvation
- Why vampires and werewolves aren't so different after all (at least psychologically)
- The emotional appeal of love stories like Bella and Edward's
- Why being a part of Twilight fandom is good for your psychological health

Snuggle up on the closest chaise, and get ready to revisit the Twilight Saga—with some professional help.

When the Cullens, including her beloved Aiden, leave Forks rather than risk revealing that they are vampires, it is almost too much for eighteen-year-old Bella to bear, but she finds solace in her friend Jacob until he is drawn into a "cult" and changes in terrible ways.

Ethics and Form in Fantasy Literature: Tolkien, Rowling and Meyer by Lykke Guanilo-Uluru examines formal and ethical aspects of *The Lord of the Rings*, *Harry Potter* and the *Twilight* series in order to discover what best-

selling fantasy texts can tell us about the values of contemporary Western culture.

In recent years, shapeshifting characters in literature, film and television have been on the rise. This has followed the increased use of such characters as metaphors, with novelists and critics identifying specific meanings and topics behind them. This book aims to unravel the shapeshifting trope. Rather than pursue a case-based study, the works are grouped around specific themes—adolescence, gender, sexuality, race, disability, addiction, and spirituality—that are explored through the metaphor of shapeshifting. Because of the transformative possibilities of this metaphor and its flexibility, the shapeshifter has the potential to change how we see our world. With coverage of iconic fantasy texts and a focus on current works, the book engages with the shapeshifting figure in popular culture from the United States, Canada, the United Kingdom, and Australia. Instructors considering this book for use in a course may request an examination copy [here](#).

Nello Stato di Washington c'è la cittadina più piovosa d'America. La conoscono bene Edward Cullen e Bella Swan, i protagonisti di Twilight. Lei, dolce ragazza qualunque; lui, giovane misterioso con un segreto inconfessabile. La loro storia d'amore ha conquistato i cuori di tutti. Ma cosa succederebbe se i ruoli si ribaltassero? Se non fosse

lui la creatura straordinaria, l'eroe meraviglioso dotato di capacità sovrumane ma... lei? Beaufort è un ragazzo alto e dinoccolato trasferitosi dall'Arizona. Quando incontra la bellissima Edythe, non sa che la fortissima attrazione che prova per lei potrebbe essere la sua rovina... Spettacolare riscrittura di Twilight, Life and Death riapre le porte del piccolo mondo di Forks. Ricalcando il palcoscenico della storia d'amore più amata degli ultimi anni e ardenti di quella stessa passione che ha stregato milioni di fan in tutto il mondo, Beaufort e Edythe conquisteranno il lettore con il calore rassicurante di un'atmosfera conosciuta e la sorpresa di un finale completamente nuovo.

The 13 essays in this volume explore Stephenie Meyer's wildly popular Twilight series in the contexts of literature, religion, fairy tales, film, and the gothic. Several examine Meyer's emphasis on abstinence, considering how, why, and if the author's Mormon faith has influenced the series' worldview. Others look at fan involvement in the Twilight world, focusing on how the series' avid following has led to an economic transformation in Forks, Washington, the real town where the fictional series is set. Other topics include Meyer's use of Quileute shape-shifting legends, Twilight's literary heritage and its frequent references to classic works of literature, and the series' controversial depictions of femininity.

?????? ?????????????????? ?????????? ????????????????

inspired mass fandom in the twenty-first century: Stephenie Meyer's *Twilight*, E.L. James's *50 Shades of Grey* and Suzanne Collins's *The Hunger Games*. The volume argues that the 21st-century desire to achieve dream-states in relationship to eternal youth results from the way that dreams provide a means of realizing the fantastic yet alarming possibility of escaping from time. This current identification with the dream-child stems from the threat of political unrest and economic and environmental collapse as well as from the simultaneous technophilia and technophobia of a culture immersed in the breathless revolution of the digital age. This book not only explores how the dream-child from the past has returned to reflect misgivings about imagined dystopian futures but also reveals how the rebirth of the dream-child opens up possibilities for new narratives where happy endings remain viable against all odds. It will appeal to scholars in a wide variety of fields including Childhood Studies, Children's/YA Literature, Cinema Studies, Cultural Studies, Cyberculture, Gender Studies, Queer Studies, Gothic Studies, New Media, and Popular Culture.

Stephenie Meyer's *Twilight* saga has maintained a tight grip on the contemporary cultural imagination. This timely and critical work examines how the *Twilight* series offers addictively appealing messages about love, romance, sex, beauty and

body image, and how these charged themes interact with cultural issues regarding race, class, gender and sexuality. Through a careful analysis of the texts, the fandom and the current socio-historical climate, this work argues that the success of the Twilight series stems chiefly from Meyer's negotiation of cultural mores.

Having uncovered the dark secret of her enigmatic classmate, Edward Cullen, Bella Swan embraces her feelings for him, trusting Edward to keep her safe despite the risks. When a rival clan of vampires makes its way into Forks, though, the danger to Bella has never been more real. Will she make the ultimate sacrifice to protect the people dearest to her? The second volume of Twilight: The Graphic Novel completes the visual adaptation of Stephenie Meyer's worldwide bestselling debut novel and is a must-have for any collector's library.

Per Bella Swan essere innamorata di un vampiro è allo stesso tempo un sogno a occhi aperti e il peggiore degli incubi, un intreccio di sensazioni che si alternano e le lacerano l'anima. La passione per Edward Cullen la spinge verso un destino soprannaturale, mentre il profondo legame con Jacob Black la riporta invece indietro, nel mondo terreno. Bella ha alle spalle un anno difficile, pieno di perdite, di conflitti, di tentazioni contraddittorie. Ora è al bivio decisivo: entrare nello sconosciuto mondo degli immortali, o continuare a condurre

un'esistenza umana. Dalla sua scelta, dipenderà l'esito del conflitto tra il clan dei vampiri e quello dei licantropi. Eppure, ora che Bella ha preso la sua decisione, sta per scatenarsi una sorprendente catena di eventi che cambieranno per sempre la vita di tutti coloro che la circondano. Ma quando il tempo a sua disposizione sembrerà essere esaurito, e la strada da prendere già stabilita, Bella – dolce e timida in Twilight, sensuale e inquieta in New Moon ed Eclipse – andrà incontro a un futuro dal quale non potrà più tornare indietro. Breaking Dawn, il capitolo conclusivo della saga di Twilight, svela finalmente segreti e misteri di questa incantevole epopea romantica che ha entusiasmato milioni di lettori in tutto il mondo. «Sembra che Edward Cullen abbia tutte le carte in regola per detronizzare il maghetto inventato da J.K. Rowling». «D - la Repubblica» «Troviamo, raccontata con le parole di oggi, la bellezza di un amore che potrebbe distruggere l'altro e che invece si strugge e languisce per cogliere l'amore dall'altro con rispetto». «L'Osservatore Romano» «Un inno al neoromanticismo, Twilight è diventato un testo sacro per giovani». «Corriere Magazine»
