At the center of Petrarch's vision, announcing a new way of seeing the world, was the individual, a sense of the self that would one day become the center of modernity as well. This self, however, seemed to be fragmented in Petrarch's work, divided among the worlds of philosophy, faith, and love of the classics, politics, art, and religion, of Italy, France, Greece, and Rome. In recent decades scholars have explored each of these worlds in depth. In this work, Giuseppe Mazzotta shows for the first time how all

these fragmentary explorations relate to each other, how these separate worlds are part of a common vision. Written in a clear and passionate style, *The Worlds of Petrarch* takes us into the politics of culture, the poetic imagination, into history and ethics, art and music, rhetoric and theology. With this encyclopedic strategy, Mazzotta is able to demonstrate that the self for Petrarch is not a unified whole but a unity of parts, and, at the same time, that culture emerges not from a consensus but from a conflict of ideas produced by opposition and dark passion. These conflicts, intrinsic to Petrarch's style of thought, lead Mazzotta to a powerful rethinking of the concepts of "fragments" and "unity" and, finally, to a new understanding of the relationship between them.

The text is organized rhetorically, by purpose, and includes many innovative features for instruction, drafting, revising, graphics, and writing assignments. Research is divided into two parts: informal at first, then more formal research (Ch. 5), and the more formal documented paper is covered later (Ch. 12).

language in spoken and written discourse. The authors explore a diverse range of communities from chronic pain sufferers to nursery staff to present a detailed framework for the analysis of figurative language. The reader is shown how figurative language is used between members of these communities to construct their own 'world view', and how this can change with a shift in perspective. Figurative language is shown to be pervasive and inescapable, but it is also suggested that it varies significantly across genres.

'Kokin Wakashū?' (Collection of Early and Modern Japanese Poetry) is one of the world's earliest and most important poetic anthologies. It consists of over 1,000 poems, almost all of which were probably written between the last half of the eighth century and 905, the approximate date of the work's compilation. This is the first full-scale study in English of Kokinshū? (as it is usually called), the anthology that fixed the basic style of Japanese poetry, and in so doing defined the aesthetics of an entire literary tradition. Kokinshū? cannot be appreciated without some knowledge of Chinese poetry and its influence on Japanese writers, Heian aesthetics ideals, the aims of the anthology's poets and compilers, the expectations of the intended audience, and the nature of Heian society. *Brocade by Night* attempts to provide the necessary perspective by discussing the Chinese poetry known to the Japanese, the characteristics of early Japanese composition in both Chinese and Japanese, and the social and literary atmosphere out of which Kokinshū? arose. The author also discusses the content and

form of typical Kokinshū poems, the structure of the anthology, and the question of individuality in a genre of convention. The role of Kokinshū principal compiler, Ki no Tsurayuki, is described, and the author examines two of Tsurayuki's other works, Tosa nikki and Shinsen waka. A companion volume, 'Kokin Wakashū', The First Imperial Anthology of Japanese Poetry, consists of new translations of Kokinshū and Tosa nikki and the first translation in any language of Shinsen waka
