This book chronicles the divergent growth trends in car production in Belgium and Spain. It delves into how European integration, high wages, and the demise of GM and Ford led to plant closings in Belgium. Next, it investigates how lower wages and the expansion strategies of Western European automakers stimulated expansion in the Spanish auto industry. Finally, it offers three alternate scenarios regarding how further EU expansion and Brexit may potentially reshape the geographic footprint of European car production over the next ten years. In sum, this book utilizes history to help expand the knowledge of scholars and policymakers regarding how European integration and Brexit may impact future auto industry investment for all EU nations.

Structured to follow each chapter of Grammar by Diagram, second edition, this workbook includes practice exercises, including cumulative exercises through which students can check their progress at key points, and a "final exam" to test knowledge of the entire text. A summary of concepts for each chapter and a complete answer key are also included.

Beauty Meets Beast in San Francisco Accepting employment as a governess after hard times hit her family, medieval scholar Rosalind Hawkins is surprised when she learns that

her mysterious employer has no children, no wife, and she is not to meet with him face to face. Instead, her duties are to read to him, through a speaking tube, from ancient manuscripts in obscure, nearly-forgotten dialects. A requirement for the job was skill in translating medieval French, and she now understands the reason for that requirement, and assumes her unseen employer's interest in the descriptions of medieval spells and sorcery is that of an eccentric antiquary. What she does not realize is that his interest is anything but academic. He has a terrible secret and is desperately searching for something that can reverse the effects of the misfired spell which created his predicament. At the publisher's request, this title is sold without DRM (Digital Rights Management).
