A groundbreaking book that pulls back the curtain on the terrorist movement no one is talking about Women's rights activist Laura Bates has been the target of many misogynistic attacks online: from hate-fueled Twitter rants to vivid descriptions of her own rape and even death threats. At first, the vitriol seemed to be the work of a small handful of individual men... but over time, the volume and consistency of the attacks hinted at something bigger and more ominous. As Bates followed the thread of online misogyny farther into the corners of the internet, the spiral of hateful and toxic rhetoric deepened until she found an unseen, organized movement of thousands of anonymous men wishing violence (and worse) upon women—the terrorism no one is talking about. Men Who Hate Women examines the rise of secretive extremist communities who despise women as Bates traces the roots of misogyny across a complex spider web of groups extending from Men's Rights Activists to trolls and the incel movement. Drawing parallels to other extremist movements around the world, including white nationalism, Bates shows what attracts men to the movement, how it grooms and radicalizes boys, how it operates, and what can be done to stop it. Most urgently of all, she follows the pathways this extreme ideology has taken from the darkest corners of the internet to emerge covertly in our mainstream media, our playgrounds, and our government. Going undercover on and offline, Bates provides the first comprehensive look at this under-the-radar phenomenon, including eye-opening interviews with former members of these communities, the academics studying this movement, and the men fighting back. By turns fascinating and horrifying, Men Who Hate Women is a broad, unflinching account of the deep current of loathing toward women and anti-

feminism that underpins our society and is a must-read for parents, educators, and anyone who believes in equality for women. "Men Who Hate Women has the power to spark social change."—Sunday Times

fools. After all, two out of three people have seen their IQ scores rise by buying this book! Really, buy this book and be smarter (in recognizing propaganda, that is). With many photos, illustrations, and other graphics, this tome is richly illustrated. Its helpful bibliography and extensive index add to its usefulness.

A masterful and eye-opening examination of Trump and the coercive control tactics he uses to build a fanatical devotion in his supporters written by “an authority on breaking away from cults...an argument that...bears consideration as the next election cycle heats up” (Kirkus Reviews). Since the 2016 election, Donald Trump’s behavior has become both more disturbing and yet increasingly familiar. He relies on phrases like, “fake news,” “build the wall,” and continues to spread the divisive mentality of us-vs.-them. He lies constantly, has no conscience, never admits when he is wrong, and projects all of his shortcomings on to others. He has become more authoritarian, more outrageous, and yet many of his followers remain blindly devoted. Scott Adams, the creator of Dilbert and a major Trump supporter, calls him one of the most persuasive people living. His need to squash alternate information and his insistence of constant ego stroking are all characteristics of other famous leaders—cult leaders. In *The Cult of Trump*, mind control and licensed mental health expert Steven Hassan draws parallels between our current president and people like Jim Jones, David Koresh, Ron Hubbard, and Sun Myung Moon, arguing that this presidency is in many ways like a destructive cult. He specifically details the ways in which people are influenced through an array of social psychology methods and how they become fiercely loyal and obedient. Hassan was a former “Moonie” himself, and he presents a “thoughtful and well-researched analysis of some of the most puzzling aspects of the current presidency, including the remarkable passivity of fellow

Republicans [and] the gross pandering of many members of the press” (Thomas G. Gutheil, MD and professor of psychiatry, Harvard Medical School). The Cult of Trump is an accessible and in-depth analysis of the president, showing that under the right circumstances, even sane, rational, well-adjusted people can be persuaded to believe the most outrageous ideas. “This book is a must for anyone who wants to understand the current political climate” (Judith Stevens-Long, PhD and author of Living Well, Dying Well).

Bradley Kuhns was a regular guy who happened to be very good at his job. That was the trouble - - he was too good. Even worse, he was honest. A smart, exceptionally skilled polygraph(lie detector) examiner, Kuhns felt honored to enter the ranks of the elite Los Angeles Police Department. He soon discovered, though, that by the 1980s the polygraph section was coasting on its reputation, filled with marginally competent examiners who routinely manipulated and falsified the results of the lie detector exams in exchange for gifts of cash, gift cards, liquor and other items. Promotions were handed to those who "played along," while the few who didn't might find themselves on the losing end of an "unfortunate accident." Brad Kuhns offers a disturbing memoir that details the intimidation, threats and attempts on his life. With his heart on his sleeve, he chronicles the toll the stress took on his health and weighs the heavy burden of fear and torment suffered by the women close to him. Kuhns ultimately went into hiding for two decades with only a select few trustworthy souls knowing the full extent of his chilling, touching story - - until now.

"Di zaman modern dan era digital ini diperlukan Kepemimpinan yang berpola pikir entrepreneur, yaitu sebuah mindset seperti yang dimiliki oleh para owner dan CEO. Untuk itu para pemimpin perlu merubah paradigma, visi dan kemampuannya dalam membangun relationship. Buku ini memberikan pencerahan tentang ketiga aspek tersebut." (Dr. Tanri Abeng, Komisaris Utama

PT Pertamina) "Buku ini mengajarkan, bahwa perubahan tidak harus dimulai dengan sesuatu yang besar. Sering kali perubahan dimulai dari langkah kecil, dari diri sendiri. Untuk itu yang terpenting adalah mengubah cara berpikir, karena pikiran menentukan tindakan kita. Jadi, mulailah dengan pikiran, karena jika tidak, perubahan hanyalah konsep indah di atas kertas."(Prof Rhenald Kasali, PhD. Gurubesar FEUI, Founder Rumah Perubahan)

Chapters examine: * holism * Rogerian and other counselling theories * forensic psychiatry * rational emotive therapy. "The prophet who has a dream let him tell a dream and he, who has My Word, let him speak My Word faithfully." (Jeremiah 23:28) The Word of the LORD God

came to me in a dream the first time in 1982, and I was told to proclaim the coming of the Son of Man for seventeen years. My full testimony, biography, and the lessons God had taught me throughout those years are written in the book "The Witness to the Coming of Jesus Christ," published in 1999. The LORD God spoke to me a second time in a dream and said, "TELL MY COVENANT PEOPLE THEY WILL NOT BE HARMED!" The third time, the Messiah had come. He awakened me from a deep sleep and released the Seventh Seal. These three prophetic events were given to make known, to the church and the world, our current position in Biblical Prophecy. The LORD God has also led me through a series of events which revealed that the invisible Kingdom of the Son of Man had come. Although it is concealed, the Messiah revealed it two-thousand years ago through many parables in the Holy Bible. Now, I have been called to reveal its existence so that others may prepare to enter into it. Further studies will leave no doubt that this kingdom is on earth now. You will see and understand... The unseen Kingdom of the Son of Man The Kingdom through the faith of a child What will be required to enter His Kingdom How the dead in our Messiah will enter in first When the faithful saints will be transferred into it The warnings and consequences of being left outside What will happen to the world after the Kingdom doors close
