"Morning's Glory" is a novel: 55 000 words of sex, politics, and religion in, of all places, a suburban church. It's written for educated women aged 30 and over, and will fascinate men and teenagers. It's fiction that breaks new ground - there has never been a sexy Christian romance before. For all its passion, it's entirely moral."--Dust-jacket.

Conor Mark Jameson has spent most of his life exploring the natural environment and communicating his enthusiasm for it to family, friends and, more recently, readers of a range of newspapers and magazines. Shrewdunnit brings together the best of these dispatches, alongside unpublished essays, in a poetic and

evocative journal that inspires and delights. Jameson's prose is fresh and in places irreverent, with a hint of mischief and a dash of wit. From his back door to the peaks of New Zealand and the swamp forests of the Peruvian Amazon, he carries on the biogumentary style he perfected in his earlier books showing – never telling – how to bring nature and conservation home. He may just have invented a genre. Praise for *Silent Spring Revisited* “A vividly told, beautifully written account of the environmentalist movement of the last fifty years and his own involvement in it ... the author takes his place among the pre-eminent nature writers of our times. His clear, vivid writing skillfully weaves political and cultural history, personal observation and passionate advocacy for the conservation of our diminishing wildlife to create a book that will endure in the annals of natural history.” Marie Winn “If Nick Hornby loved nature, he might write a book like this.” Martin Harper, RSPB Director of Conservation “A lively read... what makes Jameson's work especially enjoyable is the personal slant...” Matt Merritt, Editor, *Birdwatching* “A fine writer, who brings together an artist's sensibility with a conservationist's sense of reality... a vital read.” John Fanshawe, *Birdwatch* Praise for *Looking for the Goshawk* “Conor's cultured writing and enthusiasm for the natural world and the people, like him, who care about it, will carry you along through the chapters.” Mark Avery “Equally stirring as his *Silent Spring*

Revisited... a passionate detective story... descriptive, at times poetic prose..."

From the Great Depression through the early postwar years, any postcard sent in America was more than likely a “linen” card. Colorized in vivid, often exaggerated hues and printed on card stock embossed with a linen-like texture, linen postcards celebrated the American scene with views of majestic landscapes, modern cityscapes, roadside attractions, and other notable features. These colorful images portrayed the United States as shimmering with promise, quite unlike the black-and-white worlds of documentary photography or *Life* magazine. Linen postcards were enormously popular, with close to a billion printed and sold. *Postcard America* offers the first comprehensive study of these cards and their cultural significance. Drawing on the production files of Curt Teich & Co. of Chicago, the originator of linen postcards, Jeffrey L. Meikle reveals how photographic views were transformed into colorized postcard images, often by means of manipulation—adding and deleting details or collaging bits and pieces from several photos. He presents two extensive portfolios of postcards—landscapes and cityscapes—that comprise a representative iconography of linen postcard views. For each image, Meikle explains the postcard’s subject, describes aspects of its production, and places it in social

and cultural contexts. In the concluding chapter, he shifts from historical interpretation to a contemporary viewpoint, considering nostalgia as a motive for collectors and others who are fascinated today by these striking images.

Acclaimed travel writer Rick Antonson sets his adventurous compass on Mount Ararat, exploring the region's long history, religious mysteries, and complex politics. Mount Ararat is the most fabled mountain in the world. For millennia this massif in eastern Turkey has been rumored as the resting place of Noah's Ark following the Great Flood. But it also plays a significant role in the longstanding conflict between Turkey and Armenia. Author Rick Antonson joined a five-member expedition to the mountain's nearly 17,000-foot summit, trekking alongside a contingent of Armenians, for whom Mount Ararat is the stolen symbol of their country. Antonson weaves vivid historical anecdote with unexpected travel vignettes, whether tracing earlier mountaineering attempts on the peak, recounting the genocide of Armenians and its unresolved debate, or depicting the Kurds' ambitions for their own nation's borders, which some say should include Mount Ararat. What unfolds in *Full Moon Over Noah's Ark* is one man's odyssey, a tale told through many stories. Starting with the flooding of the Black Sea in 5600 BCE, through to the Epic of Gilgamesh and the contrasting narratives of the Great Flood known to followers of the Judaic, Christian and Islamic religions, *Full Moon Over Noah's Ark* takes readers along with Antonson

As a priest, married to a vicar, with four young children, Jane Maycock is all too familiar with the struggle not to be engulfed by busyness in the run-up to Christmas. As a result, the reflections she has written for this lovely book are engagingly infused with real-life happenings, even as they invite us to stop and consider what Advent itself really means. The author draws on the insights of the biblical authors, poets such as Robert Southwell, and contemporary hymn writers including Timothy Dudley-Smith, to present a series of windows through which we can explore the main ideas surrounding the season. We are taken through the themes of wilderness and of God's choice, and examine the place of conflict and confrontation in Christian faith. We look more deeply at the familiar nativity scene, and at the idea of the second coming. Underpinning *Windows on a Hidden World* is the conviction that we are bound up in an intimate relationship with a God of love, and these daily readings offer much encouragement to respond to the wonder of God's tender nearness with hope and joy.

are profoundly affecting, funny, wicked, sometimes shocking, and utterly irresistible. With sharp wit and a perceptive eye, Mr. Langella takes us with him into the private worlds and privileged lives of movie stars, presidents, royalty, literary lions, the social elite, and the greats of the Broadway stage. What, for instance, was Jack Kennedy doing on that coffee table? Why did the Queen Mother need Mr. Langella's help? When was Paul Mellon going to pay him money owed? How did Brooke Astor lose her virginity? Why was Robert Mitchum singing Gilbert & Sullivan patter songs at top volume, and what did Marilyn Monroe say to him that helped change the course of his life? Through these shared experiences, we learn something, too, of Mr. Langella's personal journey from the age of fifteen to the present day. *Dropped Names* is, like its subjects, riveting and unforgettable.

With Weymouth and Portland hosting the London 2012 Olympic and Paralympic Games sailing events, the profile of the area will be raised considerably in the years leading up to the Games. Weymouth's seaside history and heritage will be a focus of attention and will contribute significantly to the regeneration of the town in the coming years. Weymouth has been a popular seaside resort for over 250 years. Likened to Montpelier and Naples for its natural beauty and healthy climate, it received the endorsement of King George III. His presence helped the town to expand rapidly in the late 18th and early 19th centuries, resulting in a stunning legacy of seafront terraces that continue to provide accommodation for thousands of holidaymakers each year. Weymouth boasts an eclectic mix of medieval town planning, harbour-side industry and former military sites that have had an impact on the town's development as a seaside resort. Many of the buildings associated with declining brewing and maritime industries have now been redeveloped and serve as amenities and accommodation for residents and visitors. An English Heritage opinion poll in 2007 found that seventy-five per cent of respondents felt that 'the historic character of seaside towns is what makes

them beautiful and enjoyable'. This book describes the colourful story of Weymouth's seaside history and the buildings and open spaces that survive to tell this story. It also demonstrates how the historic environment can play an important part in the future development of the town.
