Practice Single Best Answer Questions: MRCOG Part 2 is an ideal revision resource for the new SBA format MRCOG Part 2 exam. The book contains over 200 questions across eight topics, based on the RCOG (Royal College of Obstetrics and Gynaecology) and NICE (National Institute for Health and Care Excellence) guidelines. The first chapter covers antenatal care and labour complications in UK practice, including physiology, pharmacology, and labour mechanism. Further chapters cover aspects of normal and abnormal labour, caesarean section, cardiotocography (measuring the heartbeat of an unborn baby), and foetal hypoxia. Also included are questions on endometriosis, menstrual disorders, pelvic pain, cervical intraepithelial neoplasia and cervical cancers, vulval intraepithelial neoplasia and vulval disorders. The chapter on fertility includes general questions on male and female subfertility, and the urogynaecology section features questions on general procedures and treatment in primary care. Chapter eight consists of a complete practice SBA paper of 50 questions, to be taken under examination conditions. All chapters provide references for further reading to help MRCOG candidates prepare for the Part 2 exam. Key Points Over 200 questions arranged into eight topics Questions based on RCOG and NICE guidelines Excellent practice for the new SBA format exam, including a complete practice paper Authored by the convenor for International MRCOG Part 1 courses and member of the assessment sub-committee of RCOG

A concise guide tailored towards the curriculum and current exam style of the MRCOG Part 1 examination for obstetricians and gynaecologists.

This new edition of Textbook for MRCOG –1: Basic Sciences in Obstetrics & Gynaecology is a comprehensive resource for candidates preparing for the MRCOG Part 1 exam, and all medical students wishing to pursue specialisation in obstetrics and

gynaecology in the UK. The book is divided into seventeen sections, in accordance with the latest exam format and curriculum from the Royal College of Obstetricians and Gynaecologists (RCOG). The second edition has been fully revised and updated and includes two new chapters on data interpretation and image-based questions. Images, flowcharts and tables assist learning and each topic concludes with SBAs (Single Best Answers) to help students prepare for examinations. 1200 SBAs are included throughout the book. Key Points Comprehensive study resource for MRCOG Part 1 exam candidates Fully revised, second edition with new topics included Includes 1200 SBA questions for self-assessment Previous edition (9789385891281) published in 2016 Prepare for final and penultimate-year exams with EMQs and SBAs for Medical Finals Five complete practice question papers for realistic preparation Each question paper contains 60 Single Best Answer questions and 30 Extended Matching Questions Includes topic index so that readers can target problem areas Detailed explanation of the knowledge behind both correct and incorrect answers EMQs and SBAs for Medical Finals is perfect for the student looking to test their knowledge and identify weak subject areas. Practice questions cover all key topics in medicine, with the subject balance reflecting the weighting in real exams. For this edition, all content has been updated and focused to remain relevant for today's finalists and the exams they will face. Inclusion of the topic index means that the title allows for both wide-ranging and focused revision. All in all, an essential resource for anyone facing their final medical exams.

Written by experienced MRCOG question setters and course convenors, this text contains 500 practice questions with explanations and key references.

From reviews: '...There aren't many books for candidates preparing for the restructured DRCOG exam and the authors should be praised for their hard work in meeting the high demand. This book is concise, clearly laid out and user-friendly. It is an excellent revision guide, which enables the candidates to improve their knowledge, is relevant to general practice, and helps master the technique of answering the questions. The 'answers and explanations' section at the end of each exam paper is the real strength of this book. It gives a detailed explanation for each question, references and up to date evidence-based information where necessary. The explanations are thorough and emphasize the salient points while the references encourage self-directed learning...' Ulster Medical Journal, 2011, 80 (3): 175. Questions and Answers for the DRCOG helps candidates prepare for the DRCOG exam. It features three complete papers matching the style of the current exam, with each paper comprising: • 30 extended matching questions • 18 single best answer questions • 40 multiple choice questions Importantly, detailed explanations are given for each answer to improve understanding and references are provided to guide readers to the supporting evidence. Written by a practising GP and a consultant in obstetrics and gynaecology who has previously examined for the DRCOG, Questions and Answers for the DRCOG provides the ideal revision guide for exam candidates.

Further to PasTest's 'Essential MCQs' range, here is a book specific to medical students studying for their Obstetrics and Gynaecology examinations. Three practice papers provide mixed questions and revision checklists that cover all areas.

The Part 1 MRCOG covers basic science knowledge as it applies to obstetrics and gynaecology. There are two papers, both of

which contain a mixture of single best answer questions (SBAs) and multiple choice questions (MCQs). This book provides a verbatim transcript for the MCQ element of each of the 10 papers set between 1997 and 2001, giving candidates the opportunity to test their knowledge and preparedness for the examination against real questions.

SAMPLE QUESTION PAPERS Preparing for any Examination calls for a lot of discipline and perseverance on the part of a student. We at Oswaal Books have always strived to be a student's closest companion, his guiding light and his trusted friend by helping him sail through this important phase with utmost ease and confidence and emerge a winner!! (Refer to the QR code). Some of the key highlights of Oswaal Sample Papers are: • Ten Sample Question Papers covering important concepts from an examination perspective (1-5 solved and 6-10 for Self-Assessment*) • All Typologies of Questions specified by included for examination success • Scheme of Evaluation upto March/April 2019 Exam with detailed explanations as per the word limit for exam-oriented study • 'On Tips Notes' for crisp revision We hope Oswaal Sample Papers empower each and every student to excel, now and always!!

APPRAISAL AND REVALIDATION SERIES The Appraisal and Revalidation Series helps doctors demonstrate their competence to the standard expected by the General Medical Council and to the standard expected if they are recognised as having 'special clinical interests'. It helps doctors gather evidence of their performance for appraisal and revalidation portfolios. Revalidation will change the emphasis of regulation of doctors with an interest in reproductive medicine away from the qualifications of MRCOG or DRCOG towards regular assessment of a doctor's competence to practise and it will be incumbent upon the individual doctors whether in training or in substantive posts in primary or secondary care to reflect on their work and to demonstrate expertise within their special clinical interests. This book will help to alleviate anxieties by removing the 'fear of the unknown' through a series of concise chapters covering the crucial clinical areas in reproductive healthcare. I commend the excellent practical advice on how to accumulate revalidation data by using practical examples based on cycles of evidence. I envisage that many of us involved in the

care of women will refer to this book time and time again. It is an excellent contribution that will help doctors immensely in their preparation for the requirements of revalidation on all aspects of reproductive health Professor Steve Field in his foreword For more information on other titles in this series please click here

Modelled on the current MRCOG syllabus, *Get Through MRCOG Part 2: EMQs* is designed to test candidates' theoretical and practical knowledge of obstetrics and gynaecology. The book opens with an introductory section explaining the format of the examination, providing advice on how to prepare for it and how EMQs should be approached in order to obtain the highest marks. 320 EMQs are presented in the form of eight practice papers, reflecting the level of difficulty and style of the actual examination, and each answer is supplemented with a detailed explanation to help candidates assess and improve their own level of knowledge. Providing an invaluable bank of revision questions, *Get Through MRCOG Part 2: EMQs* is the essential revision guide for all specialist trainees preparing for this examination. The book is comprehensive and authoritative: Justin Konje was closely involved in pioneering the introduction of EMQs into the MRCOG examination and runs a highly regarded MRCOG Part 2 course in the UK.

Books prepared as per NORCET, AIIMS, RRB, ESIC, DSSSB, JIPMER, PGIMER, GMERS, COH-GUJARAT etc. 2999+ Practice MCQs with|without Rationals FAQs & IMP Topics are Covered Highly Successful Team Chosen Contents Also Available in English, Gujarati & Hindi

In a single volume, the new edition of this guide gives comprehensive coverage of the developments within the fast-changing field of professional, academic and vocational qualifications.; Fully indexed, it provides details on all university awards and over 200 career fields, their professional and accrediting bodies, levels of membership and qualifications, and is a one-stop guide for careers advisors, students and parents. It should also enable human resource managers to verify the qualifications of potential employees.

This is the latest updated edition of the University of Cambridge's official statutes and Ordinances.

Online Library Obstetrics And Gynaecology Question Paper

the structure of the model answers given to the examiners by the RCOG. Khaldoun Sharif is a consultant in obstetrics and gynaecology at the Birmingham Women's Hospital, and has a proven track record as an author of MRCOG revision books. His co-author, Parveen Abedin recently passed the examination and has therefore provided invaluable insights that have ensured the content is both appropriate and up-to-date.

This examination and revision guide comprehensively tests knowledge at all levels in obstetrics and gynaecology. The wide-ranging sample questions have detailed answers to provide proper explanation and aid understanding, and the variety of question formats prepares students for all possibilities in the examination. The best of five question format is ideal for DRCOG candidates, the EMQs prepare the MRCOG candidates, and the MCQs will test both DRCOG and MRCOG candidates. The book is also highly recommended for undergraduates preparing for their finals, who will welcome the sample best of fives and EMQs now that essays and short answer questions are becoming a thing of the past.

This excellent review guide contains 500 questions and answers organized by the 12 topics covered on Part 1 of the MRCOG examination. Also provides advice on how to approach the exam, and an appendix featuring Detailed Instructions for the Multiple Choice Question Papers issued by the RCOG. Written by a distinguished team of authors.

The original Beecham Manual for General Practice was produced by Dr Selwyn Carson, of Christchurch, New Zealand, whose objective was a set of instructions for patient care for his practice team. Beecham Research Laboratories published and distributed it. Dr Ed Gawthorn of Melbourne, Australia, edited an Australian version again published and distributed by Beecham Research Laboratories. We were invited to adapt the New Zealand and Australian editions for British readers -but we decided that we should produce an entirely new Manual. This was done and it was published and distributed to general practitioners by Beecham Research Laboratories. This latest edition has been revised and updated. The Manual is a ready reference on planned care of certain age groups and situations; specific procedures and emergencies; and clinical care in general practice of important conditions. We have intentionally adopted a concise didactic style that should be helpful for trainers, trainees and members of the practice team. We thank Beecham Research Laboratories, and especially Ed Stanford and Bill Burns, for their support and help over many years. John Fry (Editor) June 1982 viii Section A PLANNED CARE Family Planning A1 Discuss with the individual patient the advantages and disadvantages of all the methods. Keep in mind individual needs, wishes and religious beliefs. In Great Britain • 2.5 million women are registered with their G.P.'s for contraception. -100 per G.P. • 95% of G.P.'s provide contraceptive services.

MRCOG PART 2: 550 MCQs, EMQs and SAQs offers the most up-to-date and comprehensive coverage of practice questions for trainees preparing for the MRCOG Part 2 written exam. Presented in a clear layout, chapters are mapped to the syllabus to deliver structured revision in all the key topics. Featuring a wealth of practice questions and fully descriptive answers, this book provides the essential revision tool to maximise chances of exam success. 550 questions, comprising 250 MCQs, 250 EMQs and 50 SAQs, reflecting the breadth of topics encountered in the actual exam Answers feature concise rationales to consolidate knowledge and understanding Extensive evidence-based referencing to relate theory to clinical practice
