One night in Monaco, my best friend, Maxence, disappeared. I have no idea what Maxence was doing in Monaco that night. Yeah, he loves the Monte Carlo casino—the venue of British spy movies, billionaires, Russian mafia, and roulette. But too many people in Monaco think he might be a danger to them. He never should have been there. But he was. So was Simone. She's trouble from our past at boarding school. Her husband is a good friend of some of the people who would be happier if Maxence wasn't around anymore. They tell me Maxence was here in the casino, and then a few minutes later, he was gone. Like he dropped off the face of the Earth. Or like he was dropped off a cliff and into the blue Mediterranean Sea, which was just a few feet from where he was standing. Arthur and I are here to find Maxence, no matter what it takes. But we're afraid we'll end up finding his body. From the time that the Nets sold Julius Erving to the Philadelphia 76ers upon entering the NBA in 1976, until the point when they acquired Jason Kidd from the Phoenix Suns in a trade in 2001, the Nets were plagued by a series of events that were by turns tragic, ill-timed, unfortunate or just plain self-destructive. At least, until 2002, when so many of the ghosts of a quarter-century of misfortune (and occasional mismanagement) were virtually exorcized. These are the Nets. Their history is like that of no other sports organization in America. So lace up your old nylon Chuck Taylor Converse sneakers, inflate that old red, white and blue basketball you've got sitting in the garage and come join us for a long, strange trip back through Nets lore. When Police Chief Chance Boden's day started with the news that one of his Dead Oaks' Officers had been horribly murdered and two young women were missing, he had no idea of the evil that had crossed many borders to attack Dead Oaks, or that he would need the help of Jake O'Neil and his teams as they all went down mistaken paths to revenge.

Can one moment in life define who you are? Can this same brief second influence what others will become? How strong are the locked doors to our past and how long can they contain the monsters that pound against them, raging to get out? A moment in time binds four high school seniors and a guidance counselor. The lives of a stoner, loser, bitch, social butterfly, and an alcoholic become entwined because of an incident that occurred six years in the past. Two seventh graders enter a stairwell and five lives are changed forever. Six years later, festering hate, adolescent perception, incompetent parents, and a handgun bring a dramatic conclusion to this one moment in time. *What the Mirror Sees* is a gritty look at the life of high school teens and the harsh realities they deal with in what is often perceived as a cold and uncaring world. His writing reflects the struggles of adolescence and the resiliency of children. T.A. Halukennah has no place he calls home and rarely stays in one place for an extended period of time. His last known residence was somewhere in upstate New York.

I have grown so much since the last time. Hi all this is Sheol. Some of you may know me as a major character from this novel. Others of you may know of me as a result of vicious lies which have been spread around about me allegedly extorting the publisher of this book. In fact, I will be talking with the creative director of Dope Enterprises about that press release and those status updates with the help hashtag in short order. Anyway, I have taken it upon myself to rename this entire series and have since retroactively included that first Criticality novel and this second novel as a part of my new True Hate Trilogy. I know I know: This is supposed to be Acros series, but your protagonist chooses to hide like a scared child instead of facing me like an adult. And that's fine. People will die. That's fine. Eventually, your hero will grow tired of using the rest of you as shields that or, he will run out of them. I certainly won't tire of taking you or anybody else in my way out until I get to him. Unless there's controversy, stupidity, or tragedy, people don't seem to want to get behind it, and I don't have a budget, so yes, I guess it's going to be all of the above. Dope Enterprises Disclaimer: Dope Enterprises does not condone or endorse the hurtful tone and violent rhetoric from this description. The views expressed here are those of Sheol alone.

From reckless drug addict to one of Australia's top chefs and television stars: MasterChef judge Jock Zonfrillo's powerful life story will shock and inspire. He credits White for saving his life, but Jock continued to struggle with addiction in a world of excess, celebrity, and cut-throat ambition. On New Year's Eve 1999, Jock shot up his last shot of heroin before boarding a plane to Sydney, where he would find passion and new meaning in life in the most unexpected places. This is his unforgettable story. Praise for Last Shot "Last Shot is Trainspotting meets Kitchen Confidential. Jock's ability to not sugarcoat the truth and his brutal honesty about his struggle with his inner demons will resonate with so many people. It's been four, long, and painfully single years since my drunken hookup with Mr. Blue Eyes. His fading memory and unrealistic fantasies have sustained me thus far, but I'm lonely, tired of being the strong one while everything falls apart. After making a deal with my mom, I jump back into the dating pool and come up for air with Derek. He's sexy, funny, sweet--everything I could possibly want in a man, both for myself and my daughter. For the first time in my life, I'm excited about the future. In walks Mr. Grumpy/Braden with his disgusting beard and perpetual self-loathing. Mr. Grumpy saves my life, but I wasn't prepared for Braden's dark truth. What he's done can never be forgiven. But I've got a secret too, and I'm hanging on to it until I'm sure he isn't some psycho head case.

There was nothing Michael Jordan could not do on the basketball court. Two teens dare to take on a multi-national corporation in this YA thriller novel by award-winning writer Bernard Beckett. Deep Fried is a fascinating mixture of intrigue, psychological thriller and rebel-of-the-moment youth culture. Peter and Charlotte are itchy, bored by life. They decide through a chance happening to take on a corporate giant (a very large corporate giant cleverly disguised as the Prince of Burgers). Using the media and the internet, they quickly gather quite a following. However, the corporate giant fights back using some very slick enticements and snares to really test

the ethical and moral fortitude of our hero and his catwoman. The pitfalls and seductions of the internet are nicely drawn, there's some rather obsessive stalker behaviour, not to mention chat rooms and hackers, lots of suspense and a great thriller ending. Politically savvy, fast-paced and compelling Deep Fried tests the temperature of the disenchanting. A standout novel featuring the debut of Clare Knighton along with veteran writer for teens, Bernard Beckett.

This book tells the story of the Scottish golf professionals who came to America in 1888 and struggled to earn a living and the respect of the wealthy amateur golf establishment and the United States Golf Association who controlled the sport. Charles "Chay" Burgess—founder of the New England PGA, teacher of three American national champions, and the savior of the Ryder cup—learned the game on ancient seaside links and competed against British greats. His arrival in the U.S. dramatically influenced the growth of golf and the reconciliation of differences between amateurs and professionals. In 1913, the American Francis Ouimet—a working-class unknown under Burgess' tutelage—won the U.S. Open against British celebrities Ted Ray and Harry Vardon. His triumph brought the game to mainstream America.

My name is Claire Knox. People say I'm a female version of a player: a boyslaser, if you're fluent in urban dictionary speak. I hate long term relationships. I'll never commit to sticking around long enough to get attached to the notion of love, marriage, or the proverbial two point five kids. No, sirree. Not this girl. There's no way I'll let myself get hurt by losing someone I love ever again. Been there, felt that. Consider me damaged goods if you will, but I'm happy. Or so I thought, until my path crossed his again...
