You haven't seen a business "self-help" book like this before! "Mojo" is one of those unique words; we know what it means but can't readily explain it. Mojo in its purest sense is a positive force. It is strength, momentum, good luck, power and the "essence of success" all rolled into one. Enter Business Mojo: Achieving Success Through Mystical Exploration, co-authored by the sister and brother writing team Judy Smith and Dan Smith. For both New Age 'believers' and skeptical, bottom-line businesspeople, Business Mojo opens eyes to possibilities, and bridges the gap between the mystical and practical to help anyone develop a successful business. You'll learn: What you name your business can influence success Lunar phases - what you should know about them when starting a new business How you arrange your office can help you maintain a successful business Envelope colors can engender or inhibit business success Placing gems on a phone can increase calls from prospects Why the key to business success may be Ancient rituals And much, much more ... Judy Smith has more than 30 years experience in marketing and created one of the largest direct mail businesses in Pennsylvania. Dan Smith is the CEO and Founder of Smith Publicity, an international book publicity and public relations firm that has conducted over 900 promotional campaigns for authors, entrepreneurs, and businesses. www.jmaustin.com www.smithpublicity.com www.BusinessSuccessBook.com"

Too many of us hold our physical, mental and emotional pain within our bodies, where it slows energy, manifests as tension and can have a damaging impact upon our health. In his new book, Noah Karrasch shows that wellbeing and healing come from the detangling of blocked emotions and the restoration of the free flow of energy through the body. Written for bodywork and manual therapy practitioners from a wide variety of disciplines, as well as other healers who want to expand their skills, this generously illustrated book explains how and where emotions and static energy are held in the body, and how they can be released and rebalanced in therapies that challenge bodymindcore awareness. It includes many new ideas and techniques: useful conversation starters to help practitioners encourage clients to self-identify their challenges, detailed explanations of myofascial release techniques and self-reflective exercises designed to first help the practitioner truly understand the process for him or herself, through his or her own body, in order to become a more empathetic and effective therapist. This important book will enable bodywork and manual therapy practitioners to work more confidently, and more intuitively, with their clients.

Joyce has revealed many healing technique in this book she has simplified the comterhension of reiki as a positive healing modify whose light is mesnt to bring balance ot our world.

Traditional Chinese edition of Prosperity Without Growth: Economics for a Finite Planet. The book addresses the most important economic premise, that continued prosperity and growth in a finite world is unsustainable. So where do we go from here? There's Gold Dust in the Air for You! This book is the result of several recent recessions and many years of lean living. Nobody likes recessions and nobody likes lean living--and indeed nobody should like them. For fifteen years I tried to find such a book as this one. During those years of searching the book shelves, I found that there are many books which give various success ideas, but in none of them did I find a set of compact, simple laws for assuring success. I began searching for a book such as this after having been widowed and left with a small son to rear and educate. Since I had no training for work and no means of income, I would have given anything to have known then about the power of prosperous thinking. For a while I experienced depression, ill health, loneliness, financial lack and a sense of complete failure. It seemed that the whole world was against me, and that everything I did went wrong. But with my son to provide for, I could not settle for failure. I had to succeed for his sake as well as for my own. Finally, when I was at my lowest ebb emotionally, physically, and financially, I learned about the power of thought as an instrument for success or failure. I came to realize that failure is basically the result of failure thinking. I learned that the right use of my mind could become the key to healthy, happy, prosperous, successful living. As soon as I grasped this wonderful success secret, the tide began to change! The Birth of Prosperous Thinking You've heard much in recent years about positive thinking. Out of the recessions and lean years another term has been born--"prosperous thinking." The word "prosper" means "to flourish, succeed, thrive, to experience favorable results." You are prosperous to the degree that you are experiencing peace, health, and plenty in your world. While prosperous thinking means many things to people, basically it gives you the power to make your dreams come true, whether those dreams are concerned with better health, increased financial success, a happier personal life, more education and travel, or a deeper spiritual life. This book plainly shows how prosperous thinking has helped people in every walk of life to experience these results. Furthermore, it shows how prosperous thinking can do these things for you, too! As you read this book, chapter by chapter, you will automatically begin to develop the power of prosperous thinking and, almost as easily, you will begin to reap a harvest of prosperous results. The Salesman with the Golden Touch Years ago, a salesman used the power of prosperous thinking, although he may not consciously been aware of it. When people asked him, "How's business?" he always gave this standard answer: "Business is wonderful because there's gold dust in the air!" For him it certainly seemed to be so--every contact became a sale. After a while, whenever his name was mentioned, people always said, "Yes, everything he touches turns to gold." That salesman was right. There is gold dust in the air--for you, for me, for everyone. Psychologists and metaphysicians know about the gold dust. They declare that man forms his world from the rich, unlimited substance within him and around him through his thoughts, emotions, words and actions. And so let us proceed in confidence, knowing that there is gold dust in the air--and that there is gold dust everywhere. As you begin reading this book, no matter what the conditions of your life may now be, do so in this attitude of mind: There is gold dust in the air--for me. Now proceed quickly to the following pages where you will learn the exciting gold dust secrets of countless others. (from the Introduction)
