Hundreds of thousands of formerly proud workers stood for hours in food lines and on street corners in all kinds of weather, selling apples and pencils, or holding out tin cups for change. "Brother can you spare a dime?" After the bank foreclosed on his parent's tiny dairy farm in Harford County, Maryland, the family was forced to split up. With his faithful companion and best friend, Spike, a Border collie at his side, Billy began hitchhiking to Bethlehem, Pennsylvania, where he planned to live with his Uncle Dan, a war hero with a mysterious past. During their journey, Billy and Spike met some bad people and some good people. They suffered a violent separation, but after life-threatening experiences, were finally reunited under harrowing circumstances. On his journey, Billy saw firsthand some of the destructive effects of the World War and the Depression on the lives of Americans and for the first time looked fear in the face, and learned more than he could have imagined about violence and poverty.

From the author of *Beyond The Bougainvillea* Even in the darkest hours he sought the light of love. That he survived was a miracle. That he found happiness, a victory. Meet Marty, a young boy born into a brutal family environment where not even a shred of dignity, hope and kindness can take root. Child protective services were a thing of the future in the 1950's, and so there was little help for Marty or others like him. He endured almost unbelievable cruelty, both from his family and at the California institution where the state placed him. But every dark side has its opposite. Marty is rescued by the love of Joe, an old man who refuses to give up on him. Marty goes to live with Joe's wealthy friend, Benito, who owns a vineyard in the heart of the magical Napa Valley. Benito's large, loving family includes Rosita, a shy girl whose beauty is marred by a cleft palate. Marty is soon absorbed into a wonderful new life; Rosita gives him unconditional love. His transformation is stunning. For more than twenty-five years author Dolores Durando worked in the mental health field, primarily as a Licensed Psychiatric Technician. *Out of the Darkness* is based on events she witnessed during an era when many large mental institutions were no better than prisons run with a brutal lack of enlightenment or compassion. Today, at 91, she is thankful to see the sweeping reforms in mental health and the positive results of publicity, education and modern technology. In addition to her writing, she is an award-winning sculptor and painter. Her previous title for Bell Bridge Books is *Beyond the Bougainvillea*, a historical based on the author's experiences working among the diverse men and women who built the great California dams of the early 1900's.

A powerful, moving, and revelatory novel set in nineteenth-century Africa--the captivating story of the loyal men and women who carried the body of explorer and missionary David Livingstone from Zambia to Zanzibar so that his remains could be returned home to England. Dawn, 1 May 1873, on the outskirts of Chitambo's village, near Lake Bangweulu in modern-day Zambia. The Scottish explorer and missionary David Livingstone has died. He had been

heading south in the African interior on an increasingly maniacal mission to penetrate the greatest secret of Victorian exploration. He wanted to find the source of the world's longest river, the Nile. Instead, on an isolated and swampy floodplain, Dr. Livingstone found his death. How Livingstone is to be buried will be decided by his African companions, a group of sixty-nine men, women, and children. They decide that come what may, Livingstone, his papers and maps, must all be carried to England. They bury his heart and other organs under a tree and dry his flesh like jerky in the sun. Over nine months, battling severe illness and hunger, hostile chiefs and unknown terrain, all while taking a tortuous route of more than 1,000 miles to the coast to avoid marauding slave traders, they march with Livingstone's body and the evidence of his explorations. Their journey has been called "the most extraordinary story in African exploration." In this novel, their story is retold anew in the distinct, indelible voices of Livingstone's sharp-tongued female cook, Halima; a repressed, formerly enslaved African missionary named Jacob Wainwright; and the collective voice of the retainers. The result is a profound and tragic journey--an epic like no other--that encompasses all of the hypocrisy of slavery and colonization while celebrating resilience, loyalty, and love. In *Out of Darkness, Shining Light*, Petina Gappah has created an ambitious and artful masterpiece.

OUT OF DARKNESS is the fourth in *The Cold War Series* by Chris Adams and continues to characterize the turbulent unrest in the lives of the Russian people under the yoke of communism. Once again, he draws from his extensive background in strategic air operations and lengthy travels in the former Soviet Union to create this historical novel. His featured character, Sasha Katsanov, a highly trained and skilled Soviet spy, continues to move from one exciting adventure to the next. The son of a Soviet general, he is also greatly influenced by a doting mother who holds deep anti-communist sentiments. The story witnesses Sasha's development of his own self-doubts, vision and eventual participation in the ultimate implosion of the Soviet Empire. Consistent with his previous novels, the story includes high adventure, spy intrigue and excitement. The author alludes to the fact that many of the episodes are based on similar events that actually took place during the Cold War.

This book is about the nuances of college life as viewed from a Christian perspective. Dr. Martin came to the conclusion that the quest for human knowledge is endless in its own seductive way. Our educational bastions are an arms length from the church; yet it appears the church is being neglected by many who labor in the halls of academics by their lack of participation in church. It is durable and manageable for one to participate in both the educational

process and the church, however, these individuals are becoming a rare breed and that is why Dr. Martin challenges the educator to return to his/her spiritual roots. Dr. Martin asserts spiritual values are a reality and to be negligent here is without excuse.
