The Gospel of Luke: From the Outside In - Member Book offers rich spiritual content that is biblically rooted and gospel centered. It includes a small-group experience for 12 small-group sessions, individual study, applicable Scripture, and a group discussion guide written by Dave Morlan, Ph.D and edited by D.A. Carson. Luke brings the gospel of Jesus from the outside in. From start to finish he depicts Jesus as accessible to the unknowns, the outcast, the lost, and the hopeless. Luke shows the stunning embrace of the returned prodigal son and the embittered response of his "righteous" brother. Luke displays Jesus' invitation to Zacchaeus, the hated tax collector eavesdropping on Jesus from the outside and shows the grumbling response of the crowd on the inside: "He has gone in to be the guest of a man who is a sinner." As Jesus' ministry continues, Luke points out that Jesus' desire was not just to call sinners but to call sinners to repentance (Luke 5:32). That is, through Him sinners could find reconciliation with God. As a result, this return to God by outsiders causes insiders to re-evaluate the biblical story and examine what the foundation of their relationship with God ought to be. Island Encounters is a narrative of Timor shaped by a journey from the outside in. Incorporating the author's experiences from more than two decades of involvement with Timor-Leste and, more particularly, the months she spent travelling with her family from west to east in 2018, Palmer traces paths redolent in longing and learning, belonging and bewilderment, courage and conviction to tell of an island divided by colonialism and conflict. The book's themes shuttle back and forth across the island, weaving together the past, present and future in deeply felt histories and personal stories that create the shared fabric of Timorese people's lives. Offering a counterpoint to modernising development narratives, *Island Encounters* tells of people's quiet determination to maintain their relationships between their lands, waters, traditions and each other. By foregrounding the ways in which ancestral pathways and cultural politics inform and course through everyday life on island Timor, Palmer reveals the richness of the rituals and customary practices that underpin Timorese lives and the lives of those entwined with them. And, all along the way, *Island Encounters* shows how Timor and its diverse peoples are working with, and re-working, confounding and being confounded by, the ever-desirous heart of development. 'A poignant, at times heart-wrenching, honest account of life in Timor-Leste.' — José Ramos-Horta 'Island Encounters is a shimmery blend of anthropology, memoir and reportage. Palmer journeys her way across the island of Timor and uncovers human stories of pasts not yet passed and of an uncertain present. *Island Encounters* will be the definitive contemporary explainer of why things work the way they do on both sides of the border, in West Timor and Timor-Leste. Not only is Palmer a deeply knowledgeable scholar, she is an absolute dream of a writer.' — Gordon Peake, author of *Beloved Land: Stories, Struggles, and Secrets from Timor-Leste* 'Palmer is the best kind of insider-outsider to translate a culture from the inside so outsiders can understand. Living with Timorese family, Palmer has had access to levels of cultural knowledge not usually shared with outsiders and she takes readers on a journey into the Timorese psyche. *Island Encounters* is a great intellectual gift to everyone wanting to better understand the complex new nation of Timor-Leste.' — Sara Niner, author of *Xanana: Leader of the Struggle for Independent Timor-Leste* *Doing Time on the Outside* fills a gap in the research by focusing on the experiences of women on conditional release, and attempting to understand how some criminalized women avoid going back into custody given the many challenges they face.

Using recent scholarship in ethnography and popular culture, Miller throws light on both what these series present and what is missing, how various long-standing issues are raised and framed differently over time, and what new issues appear. She looks at narrative arc, characterization, dialogue, and theme as well as how inflections of familiar genres like family adventure, soap opera, situation comedy, and legal drama shape both the series and viewers' expectations. Miller discusses *Radisson*, *Forest Rangers* and other children's series in the 1960s and early 1970s, as well as *Beachcombers*, *Spirit Bay*, *The Rez*, and *North of 60* - series whose complex

characters created rewarding relationships while dealing with issues ranging from addiction to unemployment to the aftermath of the residential school system.

Libby Davies has worked steadfastly for social justice both inside parliament and out on the streets for more than four decades. At nine-teen, Davies became a community organizer in Vancouver's Downtown Eastside. She went on to serve in municipal and then federal politics, advancing to the role of Deputy Leader of the New Democratic Party. Davies looks back on her remarkable life and career with candid humour and heart-rending honesty. She addresses the challenges of her work on homelessness, sex workers' rights, and ending drug prohibition. She illuminates the human strengths and foibles at the core of each issue, her own as well as those of her colleagues and activist allies. Davies' astute political analysis offers an insider's perspective that never loses touch with the people she fights alongside. *Outside In* is both a political and personal memoir of Davies' forty years of work at the intersection of politics and social movements.

This follow-up volume to *MMOs from the Inside Out* is a further collection of bold ideas, information, and instruction from one of the true pioneers of Massively-Multiplayer Online Role-Playing Games. Whereas its predecessor looked at how MMOs can change the world, *MMOs from the Outside In: How Psychology, Law, Culture and Real Life see Massively-Multiplayer Role-playing Games* looks at how the world can change MMOs – and not always for the better. The aim of this book is to inform an up-coming generation of designers, to alert and educate players and designers-to-be, and to caution those already working in the field who might be growing complacent about society's acceptance of their chosen career. Playing and creating MMOs does not happen in a bubble. MMOs are so packed with potential that those who don't understand them can be afraid, and those who do understand them can neglect their wider impact. Today's examples are little more than small, pioneering colonies on the shore of a vast, uncharted continent. What monsters lurk beyond the horizon? What horrors will explorers bring back to torment us? *MMOs from the Outside In* is for people with a spark of curiosity: it pours gasoline on that spark. It:

- Explains how MMOs are perceived, how they could – and perhaps should – be perceived, and how they can contribute to wider society.
- Delves into what researchers think about why players play.
- Encourages, enthuses, enrages, engages, enlightens, envisions, and enchants.
- Doesn't tell you what to think, it tells you to think.

What You Will Learn:

- The myriad challenges facing MMOs – and to decide for yourself how to address these challenges.
- What MMOs bring to the world that it didn't have before.
- How MMOs are regarded, and what this means for how they will be regarded in future.
- That playing and designing MMOs has implications for those who don't play or design them.

Whom This Book is For: *MMOs from the Outside In* is a book for those who wish to know more about the wider influence of game design in general and MMO design in particular. It's for people who play MMOs, for people who design MMOs, and for people who study MMOs. It's for people with a yearning to see beyond the worlds of their imagination and to change the world around them.
