

Oxford English For Life Elementary Workbook

True to Life is a five level course designed specifically for adult learners.

Case studies are a powerful pedagogical tool for illuminating constructs and models in real-life contexts. Covering a wide range of teaching-learning contexts and offering in-depth analyses of ESL/ELT language curriculum design issues, this casebook is distinctive and unique in that each case draws on and is clearly linked to a single model presented in Nation and Macalister's Language Curriculum Design (www.routledge.com/9780415806060), giving the book a high degree of coherence. A short commentary by the editors after each case highlights features of note and/or issues arising from it. This is a versatile text, designed to work as a companion to Language Curriculum Design (adding meaning and depth to the model presented there by relating it to a range of applications), as a stand-alone text, or as a resource for language teacher trainees, teacher educators, practicing teachers, program administrators, and materials writers in the field.

English for Life: Elementary: Student's Book General English four-skills course for adults OUP Oxford

The need and capacity of men and women to relate socially lies at the heart of Durkheim's exploration, in which religion embodies the beliefs that shape our moral universe."--BOOK JACKET. 80 pages of practice for self study One page for each lesson Review sections throughout

These volumes replace the 1933 Supplement to the OED. The vocabulary treated is that which came into use during the publication of the successive sections of the main Dictionary -- that is, between 1884, when the first fascicle of the letter A was published, and 1928, when the final section of the Dictionary appeared -- together with accessions to the English language in Britain and abroad from 1928 to the present day. Nearly all the material in the 1933 Supplement has been retained here, though in revised form (Preface).

In The Elementary Forms of Religious Life, Durkheim investigated the enduring source of human social identity and fellowship by studying the simplest form of documented religion, totemism among the Aborigines of Australia. His book about the origin and nature of religion and society continues to enthrall sociologists, anthropologists, ethnographers, philosophers, and theologians.

One page. One lesson. One focus. Everything you look for in an English course, made simple.

Connect with the world and bring your classroom to life. Now in a new edition, National Geographic Learning brings the world to your classroom with LIFE, a six-level, integrated-skills series with grammar and vocabulary for young adult and adult English language learners.

Develop key speaking skills and become more confident when speaking in English. To improve your speaking skills you need to learn how to get your message across in the right way and make sure people understand what you say. With Collins Speaking (A2) you will learn what to say and how to say it, by practising the right words, phrases and pronunciation. Includes practice on: * meeting new people * buying and ordering things * speaking on the phone * apologizing * asking for and giving opinions * making a complaint * agreeing and disagreeing * * Twenty units with a clear design in full colour. * Downloadable audio recordings of both native and non-native speakers of English, covering a wide variety of accents from around the world. * Appendices contain detailed advice targeting specific speaking skills. * Mini-dictionary with definitions of the most difficult words in each unit, taken from the Collins COBUILD dictionary. * Answer key. Collins Speaking (A2) is part of the English for Life series. It is suitable for self-study and classroom use, and can help towards Cambridge ESOL KET preparation. Suitable for pre-intermediate learners of English (CEF level A2). The English for Life series uses authentic material from the Collins Corpus. The 4.5-billion-word Collins Corpus is the world's largest database of the English language and is updated every month. Also available in the Collins English for Life series: For Pre-Intermediate (A2) learners: Reading * Writing * Listening For Intermediate (B1+) learners: Reading * Writing * Listening * Speaking

This volume combines a cultural guide to the biblical world and an annotated Bible. Its notes feature the reflections of Protestant, Roman Catholic, and Jewish scholars. * Twenty-three insightful articles on aspects of the history, literary background, and culture of the biblical era. * A special index of people, places, and themes of the Bible. * 36 pages of full-color New Oxford Bible Maps, with index.

English File third edition offers more support for teachers and students. Teacher's Book provides over 100 photocopiables to save preparation time, plus extra tips and ideas. Classroom Presentation Tool brings your classroom to life with the Student's Book and Workbook, on-screen and interactive.

Welcome to Life, an exciting new six-level adult series that turns learning English into an exploration of the world we live in. Drawing on National Geographic content, Life transforms the learning experience into a fabulous journey with irresistible images, articles and videos that engage students like no series before. Bring Life into your classroom! This collection of articles covers a wide range of topics in English philology and history of linguistics. The volume proceeds from Old English studies offering a unique perspective and approach in literary and linguistic research into Anglo-Saxon England. Two articles deal with English phonology from both historical and contemporary standpoints, and another with a theoretical discussion of etymological inquiry. The last section contains three articles focusing on the history of linguistics or the history of ideas. The wide range of topics addressed in the 12 chapters of this volume reflects the diversity of interests in the research efforts of Shoichi Watanabe, professor emeritus at Sophia University, to whom this volume is dedicated by his former students. He is not only highly valued as a distinguished professor of English philology, but also acknowledged for his critique of civilization with his unique view of history and culture.

Placement test with 50 multiple-choice questions on Grammar and Vocabulary. Item-based Quick Tests for every Unit with a bank of 400 randomizable questions covering Grammar, Vocabulary, and Functional English from the chosen units. 10 skills based Progress tests including Listening, Language in use, and Reading with A and B versions, and with editable questions. Mid- and End-of-course tests, with skills based, editable questions and A/B versions. Enclosed booklet provides full technical and practical support for teachers.

Oxford English for Academic Purposes offers a specialist course covering listening, speaking and reading in key areas of academic life such as lectures, presentations and textbooks. The course is consistent with levels A2 to C1 of the Common European Frame of Reference for the teaching of foreign languages.
