which provide information about the world, especially its notable persons and places. Also included are a series of Appendices which provide historical, geographical and other information, as well as sections on grammar and punctuation. The Appendices also include both the English and Maori versions of the Treaty of Waitangi and the national anthem, God Defend New Zealand.

Helps to develop students' ability to speak English fluently and confidently, especially in less formal contexts. Provides a useful source of ideas to supplement any coursebook at any level.

Cambridge English Empower is more than just a course book - it's a complete solution for effective learning and teaching!

This new general English course for adult and young adult learners combines course content from Cambridge University Press with validated assessment from the experts at Cambridge English Language Assessment. Empower's unique mix of engaging classroom materials and reliable assessment, with personalised online practice, enables learners to make consistent and measurable progress.

An accessible introduction to language learning research, which provides a 'feel' for what research activities are like by engaging the reader in several roles across a range of research design types, both quantitative and qualitative. Roles include research subject, research organizer, data collector, data analyst, and research reporter. The book systematically explains the characteristics and purposes of various types of research, including terminology, the logic underlying selection, and the steps typical of each type of research design. It also offers an introduction to some classic research

studies.

Gives background to the business learner's world and strategies for approaching the training task, focusing on the learner's professional knowledge and experience. This book is suitable for teachers, trainers, and course organizers in the field of

Business English or considering a move into it.

This dictionary and concise world encyclopedia in one volume includes up-to-the-minute words and phrases new to the language; 10,000 revised encyclopedic articles covering current affairs, science and technology, history, people and places, the arts, sports, and many other fields; and a chronology of world events and scientific achievement through the ages.

21st Century Skills Projects, and 9 DVD worksheets, can be drawn upon to give students extra practice

Exploring the relationship between ASD and mental health difficulties, this book offers practical guidance

to help parents and professionals recognise and handle co-morbid conditions, and dispels the myth that they are just a part of autism. The authors cover a wide range of common mental health problems experienced by children with ASD, including Obsessive Compulsive Disorder (OCD), anxiety, ADHD, eating disorders, psychosis, stress, tics and depression, and illustrate these issues with case studies. They also provide vital advice in an accessible format and suggest strategies to ease the difficulties which arise from these co-morbid conditions. This book is essential reading for professionals working with children on the autism spectrum and is an accessible and practical resource for parents and carers.

This very popular series gives teachers practical advice and guidance, together with resource ideas and materials for the classroom.
