

Parigi On Ice

In the winter of 1974, filmmaker Werner Herzog made a three week solo journey from Munich to Paris on foot. He believed it was the only way his close friend, film historian Lotte Eisner, would survive a horrible sickness that had overtaken her.

Curious George makes a messy mistake while visiting a new ice cream shop, but he redeems himself by attracting customers when he puts together a big sundae in the window.

Europe by Eurail has been the train traveler's one-stop source for visiting Europe's cities and countries by rail for forty years. Newly revised and updated, this comprehensive guide provides the latest information on fares, schedules, and pass options, as well as detailed information on more than one hundred specific rail excursions. Inside is all the information you need to visit historic cities, romantic villages, and scenic hamlets on more than ninety rail trips starting from your choice of twenty-eight base cities located in twenty countries. Three sample rail-tour itineraries combine several base cities and day excursions into fifteen-day rail-tour packages complete with hotel recommendations and sightseeing options. Packed with practical information, step-by-step directions and advice on where to go and what to see and do, and complemented by the inclusion of twenty maps, this book takes the puzzle out of European Rail Travel.

Le ghiacciaie, cioè quelle costruzioni dove veniva conservato il ghiaccio raccolto durante l'inverno per poterlo utilizzare anche in estate, sono edifici di cui spesso si ignora l'esistenza, ma che hanno avuto un ruolo fondamentale nella conservazione del ghiaccio naturale, attività che ha interessato ogni latitudine ed epoca fino all'invenzione del frigorifero. Architetture interessantissime, fatte di vani troncoconici coperti da cupole, che si sono sviluppate secondo tecnologie sempre più all'avanguardia. Dislocate nei giardini, diventavano occasione di scenografie amene. Il testo offre un panorama completo delle varie tipologie, descrivendone materiali e tecniche costruttive; analizzando la forma, descrivendo gli accorgimenti messi in atto per espellere l'aria calda in modo da prolungarne l'efficienza. Un perfetto equilibrio fra forma e funzione, fra tecnologia e natura, fra ambiente esterno e clima interno, forse storica testimonianza di architettura sostenibile ed ecocompatibile [B.A]

Sea ice is a major component of polar environments, especially in the Arctic where it covers the entire Arctic Ocean throughout most of the year. However, in the context of climate change, the Arctic sea ice cover has been declining significantly over the last decades, either in terms of its concentration or thickness. The sea ice cover evolution and climate change are strongly coupled through the albedo positive feedback, thus possibly explaining the Arctic amplification of climate warming. In addition to thermodynamics, sea ice kinematics (drift, deformation) appears as an essential factor in the evolution of the ice cover through a reduction of the average ice age (and consequently of the cover's thickness), or ice export out of the Arctic. This is a first motivation for a better understanding of the kinematical and mechanical processes of sea ice. A more upstream, theoretical motivation is a better understanding of the brittle deformation of geophysical objects across a wide range of scales. Indeed, owing to its very strong kinematics, compared e.g. to the Earth's crust, an unrivaled kinematical data set is available for sea ice from in situ (e.g. drifting buoys) or satellite observations. Here, we review the recent advances in the understanding of sea ice drift, deformation and fracturing obtained from these data. We focus particularly on the scaling properties in time and scale that characterize these processes, and we emphasize the analogies that can be drawn from the deformation of the Earth's crust. These scaling properties, which are the signature of long-range elastic interactions within the cover, constrain future developments in the modeling of sea ice mechanics. We also show that kinematical and rheological variables such as average velocity, average strain-rate or strength have significantly changed over the last decades, accompanying and actually accelerating the Arctic sea ice decline.

In the 1960s, Wade Stevenson sought both escape and an "elsewhere" he could call his own. After a brief stint at the University of California at Berkeley, he returned to New York, only to have his own father commit him to a mental institution. That committal turned out to be prophetic. One day he heard the plaintive notes of a flute somewhere nearby. A troubled teen named Cynthia was creating those wistful melodies. Leaving both Cynthia and the asylum behind, Wade worked on an oil tanker, which took him to Le Havre, France. There Wade began a journey of romance, love, and passion as his path fatefully crossed once again with Cynthia's. Wade knew he and Cynthia shared a vision and a vital desire to guide their destinies. Their kindred spirits led them on extraordinary adventures. Together, they explored their boundaries with sex, love, and drugs in their quest for spiritual freedom. In this touching and intimate memoir, Wade recounts the Paris he knew, with its sensuality and light, love and art-but also an ultimate loss. Like many before him, Wade immersed himself in love, only to realize that the woman of his heart could never belong to him.

Il catalogo delle monete e cartamoneta in Euro. L'unico in Europa che classifica e quota tutte le monete circolanti, commemorative, serie divisionali e starter kit, e la cartamoneta emessi dai Paesi che hanno adottato la moneta comune. An elegant collection of over 100 cocktail recipes inspired by the City of Light. Bring the romance and elegance of Paris into your home with cocktail recipes from leading French mixologists and the signature drink recipes of Parisian hot spots. More than just a cocktail book, Paris Cocktails celebrates the art of drinking like the French, with entertaining tips for throwing a perfectly Parisian cocktail party, revelations on the latest trends in French mixology, reviews of the best bars in both America and Paris where you can find the true French cocktail experience, and musings from French and non-French alike who have mastered the art of French drinking.

In the hot days of summer, Curious George the monkey looks for ways to stay cool, including going to the pool, playing in the sprinklers, and drinking lemonade, but what he really wants is a visit from the ice cream truck.

This collection of short stories explores connections between extremes of heat and cold. Sometimes this is spatial or geographical; sometimes it is metaphorical. Sometimes it involves juxtapositions of time; sometimes heat appears where only ice is expected. In the stories, a woman is caught between traditional Fijian ways and the brutality of the military dictatorship; a glaciology researcher falls into a crevasse and confronts the unexpected; two women lose children in freak shooting accidents; a young child in a Barbie Doll sweatshop dreams of a different life; secondary school girls struggle with secrets about an addicted janitor; and two women take a deathly trip through a glacier melt stream. These are some of the unpredictable stories in this collection that follow themes of ice and glaciers in the heat of the South Pacific and take us into unusual lives and explorations.

Ci sono romanzi che si scrivono per far sognare e altri si pubblicano per far riflettere su problemi attuali, che meritano di essere trattati. Solitamente punto su entrambi gli aspetti, ma questa storia ha unicamente lo scopo di far meditare. Da stasera, non sarò più Justice Jedd, ma Konstantin! Non ho una donna e non ho un figlio! Sono circondato da spettri e da ombre, ed è giunto il momento di regolare i conti. Ho custodito gelosamente, per anni, la mia smania di vendetta, per timore che Konstantin prendesse il sopravvento su Justice. Ma, ormai, il mostro è stato liberato e che ognuno abbia ciò che si merita! Puoi decidere se seguirmi o

no, però ti avverto che, una volta inforcata questa via, non potrai tornare indietro. Semmai dovessi tradirmi o tentare di fermarmi, io ti ucciderò! ? Della stessa autrice ? This comprehensive guide, newly revised and updated, provides the latest information on fares, schedules, and pass options, as well as detailed information on more than one hundred specific rail excursions. Trips start from one of twenty-eight base cities on the Continent—including Vienna, Nice, and Milan—and contain all the details necessary to visit historic cities, romantic villages, and scenic hamlets. Three sample rail-tour itineraries combine several base cities and day excursions into fifteen-day rail-tour packages, complete with hotel recommendations and sightseeing options. Packed with practical information, step-by-step directions, and advice on where to go and what to see and do, and complemented by the inclusion of twenty-one maps, this book takes the puzzle out of European rail travel. Europe by Eurail is your best source for: - The latest information on fares, schedules, and pass options - Personally researched trips to take you throughout Europe - Sightseeing, attractions, and special tour information for each base city

Amid the violent last days of the glittering Russian monarchy, a princess on the run finds her heart where she least expects it. 1917, Petrograd. Fleeing the murderous flames of the Russian Revolution, Princess Svetlana Dalsky hopes to find safety in Paris with her mother and sister. But the city is buckling under the weight of the Great War, and the Bolsheviks will not rest until they have erased every Russian aristocrat from memory. Svetlana and her family are forced into hiding in Paris's underbelly, with little to their name but the jewels they sewed into their corsets before their terrifying escape. Born the second son of a Scottish duke, the only title Wynn MacCallan cares for is that of surgeon. Putting his talents with a scalpel to good use in the hospitals in Paris, Wynn pushes the boundaries of medical science to give his patients the best care possible. After treating Svetlana for a minor injury, he is pulled into a world of decaying imperial glitter. Intrigued by this mysterious, cold, and beautiful woman, Wynn follows Svetlana to an underground Russian club where drink, dance, and questionable dealings collide on bubbles of vodka. Out of money and options, Svetlana agrees to a marriage of convenience with the handsome and brilliant Wynn, who will protect her and pay off her family's debts. It's the right thing for a good man to do, but Wynn cannot help but hope the marriage will turn into one of true affection. When Wynn's life takes an unexpected turn, so does Svetlana's--and soon Paris becomes as dangerous as Petrograd. And as the Bolsheviks chase them to Scotland and beyond, Wynn and Svetlana begin to wonder if they will ever be able to outrun the love they are beginning to feel for one another. "The Ice Swan is a ray of light in the middle of a Europe that was sinking into darkness. Ciesielski's talent for storytelling from the heart is a feast for the readers' eyes." --Mario Escobar, international bestselling author of Remember Me and Children of the Stars Exciting World War I historical romance For fans of Kate Quinn, Beatriz Williams, and Aimie K. Runyan Full-length, stand-alone novel (approx. 120,000 words) Includes discussion questions for book clubs

Rising to the level of a powerful district judge in Louisiana, bayou-raised Cajun Jock Boucher presides over a first case involving a fugitive scientist who claims that a corrupt judge helped an energy company to steal his ideas about an alternate fuel source that is now posing an ecological threat.

Treat your taste buds to this collection of very special cocktail recipes that take inspiration from classic American and French cocktails - served with the unmistakable Experimental Cocktail Club flair and style. Recipes include Stockholm Syndrome (Ketel 1 vodka infused with cumin & dill, Linie aquavit, lemon juice, simple syrup, pink Himalayan salt and Peychauds bitters) and Tete de Mule (or 'Kind of Stubborn', a salty cocktail containing Don Fulano Blanco, orange juice, tomato juice, agave syrup and topped with ginger beer) - as well as their take on classic cocktails such as Negroni, Margarita, Moscow Mule and Strawberry Daiquiri.

"Long recognized as the doyenne of English culinary writing, David here displays the witty and well-furnished mind that made her famous. From sixteenth-century Italy and the splendor of the Medici banquets to seventeenth-century France and the Sun King, from travelers' tales of snow pits and ice houses in Persia to the sherbet trade with the Levant to the use of ice as "table jewelry," and from the influential ice trade in Boston to the growth of the ice cream business in London, this impressive book brings alive the centuries in which ice, far from being commonplace, was a subject that inspired and challenged the human imagination."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. A woman grapples with the traumatic memory of a childhood sexual assault in this international bestseller: "An unsettling autobiographical tale" (Livres Hebdo, France). When Adélaïde's parents find her mute and unable to stop crying, they bring her to the police station and file a complaint against "X" for sexual assault. In so many ways, her childhood ended then—at just nine years old. Yet Adélaïde grows up without showing any outward signs of damage. As a teen and then as a seemingly cheerful young woman, she suffers in silence. Twenty-three years after the attack, Adélaïde receives a call from the Paris juvenile squad. DNA analysis suggests that a serial burglar known by police as "The Electrician" has assaulted at least seventy-two minors between 1983 and 2003. It is suspected that he has hurt hundreds of others who never filed complaints. In the spring of 2016, at the Paris city court, along with eighteen other women, Adélaïde confronts the rapist who destroyed her life. In precise and delicate prose, with poise and passion, Adélaïde Bon tells a story that is both terrifying and all too common. "Vividly conveys the survivor's emotions of shame, rage, and fear but also offers—slowly, tentatively—hope for healing." —Kirkus Reviews (starred review)

Mi guardo nello specchio e mi sorprende non rivedere il volto di quel bambino. Mi volto spaesato e ciò che mi circonda, mi fa concretizzare che adesso sono molto lontano da quel passato, che mi tiene ancorato a esso, come se quel bambino avesse la necessità di sapersi qui, a ripensarlo e a provare pena per quello che sta soffrendo. Justice Jedd vorrebbe lasciarsi alle spalle quel ragazzo, ma quel ragazzo ha bisogno della presenza di Justice Jedd, per andare avanti, per sopravvivere e non soccombere. Ci aggrappiamo l'uno all'altro: io lo faccio per persuadermi e per prendere consapevolezza di quanto sono fortunato adesso e lui per farsi forza, cosciente che un giorno otterrà tutto quello che ho conquistato io, in questi lunghi anni! Una catena lunga venticinque anni, che continua a tenere legate due persone totalmente diverse, ma che non possono fare a meno l'una dell'altra. Ho paura di lasciare andare quel ragazzo, perché temo che si sentirebbe abbandonato anche da me e che si arrenderebbe a un destino che non promette nulla di buono. ? Della stessa autrice ? Recipes calling for Dubonnet red or blond apertiff wine.

Returning to his hometown Oradea in Rumania, David Mahler graduates from Medical School, survives exposure to Ceasecu's Securitate, labors in background province lice infested countryside, in the verge of being arrested scrounges up supplies for prison infirmary, escapes with his family to Dallas, clashes with American grotesques, endures a post 9-11 anthrax attacks, while he almost loses his wife.

Antarctica 12,000 years ago-long before it becomes a frozen wasteland-is a thriving magical civilization, made up of three principal kingdoms; Antarcia, Leng and Valusia. When First Lady Kaarla vows to kill Jaemon, the bastard son of King Abarugon of Antarcia, the mysterious Sozer foils the plot and carries the child to safety. Bearing the mysterious mark of the Atlanteans, Jaemon must unleash his true potential and fulfill both his and the continent's destinies.

These are the best poems Paul Spradley wrote from 1978 until 2016. They are about a little bit of everything.

Of Walking in IceMunich-Paris, 23 November-14 December 1974

The diary of the German film director Werner Herzog, published in 1978. The diary was written and takes place between November 23 and December 14, 1974. In the foreword, Herzog says that he received a call from a friend in Paris, informing him that his close friend, the German film historian Lotte H. Eisner, was ill and dying. Herzog was determined to prevent this, and believed that an act of walking would keep Eisner from death. He took a jacket, a compass and a duffel bag of the barest essentials and, wearing a pair of new boots, set off on a three-week pilgrimage from Munich to Paris through the deep chill and snowstorms of winter.
