the United States explores the complex history of cultural differences in a nation comprised of immigrants. By examining major themes of multiculturalism, discrimination, injustice, and diversity, the text explores the historical patterns of our country's treatment of people of different faiths, colors, and cultures. The Eighth Edition discusses recent 21st century phenomena in diversity and immigration in the United States, including the rising number of Latino and Asian American youth and the continued discrimination of Native American populations. Providing a broad yet current assessment of our nation's immigration and multicultural patterns, the text serves as a comprehensive source for racial and ethnic studies. Also Available with MySocLab MySocLab for Race and Ethnicity courses extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what they've learned. And the Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MySocLab does not include an eText. Race and Ethnicity in the United States, Eighth Edition is also available via REVEL (tm), an immersive learning experience designed for the way today's students read, think, and learn.

The new edition of Sociology helps students take Sociology with them on campus, in their careers, and in their communities. While still maintaining its well-balanced coverage of the 3 perspectives, this new revision has a strong focus on encouraging students to think about their world with a sociological imagination. Through its strong coverage of globalization, race and ethnicity, careers in sociology, and current topics like mass media and social policy, Sociology provides students with knowledge they can use at school, at work, in their neighborhoods, and in the global community.

"Understand the Changing Dynamics of the U.S. Population " The 13th edition of Schaefer's "Racial and Ethnic Groups "places current and ethnic relations in a socio-historical context to help readers understand the past and shape the future. This best-selling Race & Ethnic Relations text is grounded in a socio-historical perspective with engaging stories and first person accounts. "Race and Ethnic Groups" helps students understand the changing dynamics of the U.S. population by examining our history, exploring our current situation, and discussing concerns for the future. This text provides an accessible, comprehensive, and up-to-date introduction to the present issues that confront racial and ethnic groups in the U.S. and around the world. It incorporates the most current statistics and data in the marketplace including the most recent census. Teaching & Learning Experience "Personalize Learning "-- The new MySocLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. "Improve Critical Thinking "-- Robust end-of-chapter materials provide students with chapter summary and study materials that help them develop critical thinking skills. "Engage Students "-- Every chapter contains first-hand commentaries that demonstrate the diversity of various

groups. "Explore Research" -- Research intertwined with information on current events and demographics provide a modern view of our society. "Understand Diversity "-- Detailed coverage of multiple racial, ethnic, and other minority groups provide students with an extensive view of diverse relations. "Support Instructors "-- Strong supplements package with author-reviewed activities and assessments in MySocLab. Note: MySocLab does not come automatically packaged with this text. To purchase MySocLab, please visit: www.mysoclab.com or you can purchase a valuepack of the text + MySocLab (at no additional cost). ValuePack ISBN-10: 0205248152 / ValuePack ISBN-13: 9780205248155

Examining the role of mass media and information technology in contemporary society, *Society In Focus*, Eighth Edition, emphasizes the increasing diversity and globalization of societies everywhere. It is designed to help students think clearly and critically about sociological issues, concepts, and methods. Questioning is at the heart of this approach, and as students read this book they are encouraged to become part of the sociological enterprise—rather than remain passive observers. Every element of the text is designed to challenge students to evaluate social issues and, guided by the sociological imagination, to clearly formulate their own positions. By asking questions that demand sociological and

creative thought, students are reminded that their conclusions and decisions, as well as their non-decisions and inaction, may have important social consequences. New to this edition:

- New coauthor Mica Thompson, an experienced teacher of introduction to sociology, brings a fresh new perspective as well as a wide array of different life experiences to this edition of *Society in Focus*.
- An expanded critical analysis in Chapter 1 introduces all forms of media and technology, and every chapter examines an aspect of their powerful social influence.
- Chapters 9, 16, and 17 have been updated to include the most recent worldwide financial and economic developments, to help explain globalization and cultural diversity.
- Expanded application of feminist theory in every chapter to help students recognize the importance of gender diversity and the contributions of that theoretical perspective in sociology.
- Updated and brand new boxes throughout encourage students to take a closer look at society and selected social issues.

This best selling comprehensive text shares the excitement of sociology with the acclaimed "down-to-earth" approach that highlights the sociology of everyday life. The 8th Edition of this highly regarded text retains all the features that have made previous editions so successful. The author has a unique ability to engage students without sacrificing content or talking down to them. With wit, personal

reflection, and illuminating examples, Henslin shares his passion for sociology with his readers like no other author of an introductory text can.

????:Sociology

Sociology: A Brief Introduction invites students to take sociology with them in their daily lives. This successful student-friendly program includes strong coverage of race, ethnicity, and globalization. The approachable material encourages students to develop their sociological imaginations and start to think like a sociologist. Paired with Connect, a personal and adaptive learning

experience, students learn to apply sociology's three theoretical frameworks to the world around them.

In this brief text, two leaders of the Teaching Sociology movement encourage students' development of their sociological imaginations through role-taking. Assuming the role of a child living in poverty in India or of a member of an African tribe, students learn to re-envision their global society. An innovative, integrated framework provides core sociological concepts, while features such as Contributing to Our Social World enable students to “do” public sociology. Our Social World: Condensed Version presents the perspective of students living in the larger global world.
