Bob Wiseman believes most things in life are universal, or, as his friend Joe once said, everything is everything. Bearing in mind this fortune cookie advice, Wiseman writes about finding the link between music and daily tasks, like teaching a five-year-old "Twinkle, Twinkle" and doing the dishes each night. Bob writes daily, the way someone else might practice scales; although his sense of the instrument and the musician has changed over the years, Bob adheres to doing exercises that have wider connections than whether the strings are in tune. Each entry is unique and compellingly written, but the themes throughout — on improvisational music, life lessons, and conflict — are ubiquitous.

A girl with darkness in her past. A man who can heal her wounds. A dark night. A shortcut through the park. A nineteen-year-old girl is violently mugged. Four years later... Ness lives in London with her flatmate Jules—single, carefree but shadowed by the darkness of the violence that has created a distrust of strangers and the inability to have a sexual relationship with a man who is not first a friend. Then she meets Jason... Their attraction is powerful, their sex incredible and they are compatible in other ways, too, but Ness' insecurities come to the fore. She doesn't have the life experience to determine whether Jason feels the same—and the antics of her co-workers aren't helping. Jason—who has mysterious ties to his business and the artworld—must recognize that his attractiveness to other females is an issue before the sudden threat he encounters puts them both in danger of not being together at all or suffering a deadly fate. Reader advisory: This book contains scenes of anal sex and light BDSM and bondage. There are flashbacks of a mugging, violence and an attempted assault.
