"New Dark Age is among the most unsettling and illuminating books I've read about the Internet, which is to say that it is among the most unsettling and illuminating books I've read about contemporary life." - New Yorker As the world around us increases in technological complexity, our understanding of it diminishes. Underlying this trend is a single idea: the belief that our existence is understandable through computation, and more data is enough to help us build a better world. In reality, we are lost in a sea of information, increasingly divided by fundamentalism, simplistic narratives, conspiracy theories, and post-factual politics.

Meanwhile, those in power use our lack of understanding to further their own interests. Despite the apparent accessibility of information, we're living in a new Dark Age. From rogue financial systems to shopping algorithms, from artificial intelligence to state secrecy, we no longer understand how our world is governed or presented to us. The media is filled with unverifiable speculation, much of it generated by anonymous software, while companies dominate their employees through surveillance and the threat of automation. In his brilliant new work, leading artist and writer James Bridle surveys the history of art, technology, and information systems, and reveals the dark clouds that gather over our dreams of the digital sublime.

Wacky Quack was born on Beulah, a lifestyle block in the rural district of Paeroa, New Zealand. It's a 'ducky' story for small children who take an interest in books and enjoy scribbling prior to going to pre-primary school. It is especially recommended for mothers who home-school their children. The book tells the story of Wacky Quack meeting Peppa Pig and what they learn about the Grimm brothers - two well-known German fairy-tale tellers who lived about two hundred years ago. They authored tales like Cinderella, Snow White, Hansel and Gretel, The Sleeping Beauty, Aladdin, and the Lamp, and many other short stories. Like Wacky Quack, Peppa Pig also likes water and loves to swim at every opportunity. The pig family go on a seaside holiday but get bored visiting zoos and museums and loves nothing better than swimming in big swimming baths. Other fairy tales are also mentioned.
