Like the name implies, female Viagra is solely for women. This drug is meant to combat sexual problems in women particularly Female Sexual Arousal Disorder and Female Sexual Dysfunction. Female Viagra is intended to provide long lasting pleasure during sexual intercourse by combating disorders that inhibit arousal and sexual function in women. It increases the intensity and the number of orgasms leading to more sexual satisfaction. This guide will show you all important information you need to know about the female Viagra and how to use it to effectively treat female sexual dysfunction. BUY NOW! So, what are you waiting for? GET YOUR COPY OF THIS BOOK NOW!

The Female Viagra is the first drug made available for use in women experiencing low sexual desire, and libido. The female Viagra works differently compared to the male version. While Viagra works by enhancing blood flow to a man's penis, and hence resulting in an erection, the female Viagra acts on serotonin, a brain chemical. Its action on serotonin leads to improve sexual desire in women. This drug, Flibanserin, happens to be a drug that has set a precedent in the treatment of women's sexual dysfunction. But is that all that there is to it? In this guide, Schrader and Brien take a look at the controversies surrounding the release of the female Viagra pill, how it has changed the Pharma industry, as well as its uses, benefits, and side effects.

This book gives a great insight into what this female libido enhancer is all about, the female sexuality and all you need to know. Are you in search of a book that will give you the optimum information you need on the drug that will help you perform better in bed with your sex partner as a female? A better sex with female Viagra is all that you need. Many Women experience sexual dysfunction, lack of sex drive and poor sexual performance but are too embarrassed to talk about it. Sexual dysfunction among women is prevalent and can occur at any age, Sexual Performance problems can strain your relationship with your partner, thus A Better Sex With Female Viagra is scientifically formulated drug that has active ingredients which has been shown to successfully combat female arousal disorders and promote a healthy, active sex life. Female Viagra provides long lasting pleasure by combating disorders that inhibit arousal and sexual function in women About 10 % of pre-menopausal women complain about lack of sexual desire. That is certainly what a lot of drug companies have been trying to find a solution to since they believe it would be profitable. As we all know that there're many reasons for the low sexual desire, including the quality of a relationship and the quality of a sexual relationship. It is also known that many women who feel less spontaneous sexual desire for their partner have no difficulty in experiencing sexual desire once they are aroused by physical contact or other forms of intimacy. Sexual desire is simply responsive rather than spontaneous for them. Like the name suggests, female Viagra is solely for women. This drug is meant to combat sexual problems in women particularly Female Sexual Arousal Disorder and Female Sexual Dysfunction. GET YOUR COPY OF THE BOOK NOW!

Uses, Dosage, Side Effect. How to Use the Female Enhancement Supplement for Improving Sex Urge and Enhancing Libido Ever. Viagra have the ability to transform the love lives of women who have stopped enjoying sex, a study indicates this fact. The drug has been used to enhance men's sexual performance since 1998. However, comparatively few women have taken it and evidence that the little blue tablet should improve their enjoyment of lovemaking has till now been largely anecdotal. Numerous preceding studies shows no large benefit but within the modern-day tests more than half the women given viagra reported heightened pride at some stage during intercourse. The research may bring fulfilment to hundreds of thousands who admit of been afflicted by sexual frustration. 40% of British women are believed to experience sexual problems however few approach their doctor for help because they're either too embarrassed or unaware. The pink Viagra is used for treating hypoactive sexual desire disorder (HSDD) in women just as the normal male Viagra (Sildenafil) is alternatively used for treating erectile dysfunction in men which has been a contributing factor to various challenges in many marriages and relationships today. With Pink Viagra enjoy your sex like never before. GET THE BOOK NOW!
