product descriptions from manufacturers around the world.

Béla G. Lipták speaks on Post-Oil Energy Technology on the AT&T Tech Channel.

The Jan. 1956 issue includes Fluid power engineering index, 1931-55.

New York : Wiley, 1973.

For courses in Electronics Drafting, Printed Circuit Design, and Electrical Drafting. Ideal as both a text and reference, this comprehensive introduction to electronic drafting and design is designed to meet the needs of 1) those with drafting skills who need to apply drafting to electronics, 2) those with electronics skills who need introduction to drafting principles, and 3) those who need exposure to both electronics applications and drafting fundamentals. It first covers drafting fundamentals particularly how they relate to the field of electronics and electromechanical design and drafting. It then provides a detailed analysis of electronics and the types and variations of graphic documentation required to bring an electronic product to market.

Hydraulics & Pneumatics

Vols. for 1970-71 includes manufacturers' catalogs.
