Seventeen-year-old theater geek Nanette believes her life is headed toward stardom on Broadway. But when her dream theater college rejects her and her best friend dies in a terrible accident, Nanette decides the world would be better off without her. Unfortunately, the afterlife offers something less than a heavenly situation. Trapped between alternating periods of utter darkness and light, Nanette is stuck following a high school freshman around. Soon, she learns she's a guardian angel, and the only way she can earn her wings is to keep her young charge, Vera, from committing the same sin she did—taking her own life. Unfortunately, Nanette is missing more than just her wings. She has no tangible body or voice, either. Frustrated by her inability to reach out to Vera and haunted by memories of her old life, Nanette wants to give up, but then she sees what happens when another Guardian at the high school turns his back on his charge. The shock is enough to supercharge Nanette's determination. She's going to find peace in the afterlife...as soon as she can convince Vera that living is what life is all about.

Building Vocabulary provides a systematic approach to teaching vocabulary using Greek and Latin prefixes, bases, and suffixes. Over 90% of English words of two or more syllables are of Greek or Latin origin. Making Poetry Matter draws together contributions from leading scholars in the field to offer a variety of perspectives on poetry pedagogy. A wide range of topics are covered including: - Teacher attitudes to teaching poetry in the urban primary classroom - Digital poetry and multimodality - Resistance to poetry in Post-16 English Throughout, the internationally recognised contributors draw on case studies to ensure that the theory is clearly linked to classroom practice. They consider the teaching and learning challenges that poetry presents for those working with learners aged between 5 and 19 and explore these challenges with reference to reading; writing; speaking and listening and the transformative nature of poetry in different contexts.

What is in the best interest of our students? Is it teaching to the newest standards movement, like the Common Core? Teaching that prepares students to take a test? Or is it something more meaningful and authentic? In his new book, *In the Best Interest of Students*, Kelly Gallagher notes that there are real strengths in the Common Core standards, and there are significant weaknesses as well. He takes the long view, reminding us that standards come and go but what remains constant is the need to stay true to what we know works in the teaching of reading, writing, speaking and listening. Instead of blindly adhering to the latest standards movement, Kelly advocates: - Dialing up the amount of reading and writing students are doing. - Balancing rigorous, high-quality literature and non-fiction with high-interest, student-selected titles. - Giving students much more choice when it comes to reading and writing activities. - Encouraging readers to deepen their comprehension by moving beyond the "four corners of the text." - Using modeling to enrich students' writing skills in the prewriting, drafting, and revision stages. - Helping young writers to achieve more authenticity through the blending of genres. - Resisting the de-emphasis of narrative and imaginative reading and writing. - Providing students with more opportunities to sharpen their listening and speaking skills - Planning lessons that move beyond Common Core expectations. In this provocative and insightful new book, Kelly surveys the teaching landscape since the publication of his highly regarded book *Readicide*, and finds that although some progress has been made, more needs to be done. Amid the frenzy of trying to teach to a new set of standards, Kelly Gallagher is a strong voice of reason, reminding us that instruction should be anchored around one guiding question: What is in the best interest of our students?

Designed to work with the acclaimed course text *How to Read Chinese Poetry: A Guided Anthology*, the *How to Read Chinese Poetry Workbook* introduces classical Chinese to advanced beginners and learners at higher levels, teaching them how to appreciate Chinese poetry in its original form. Also a remarkable stand-alone resource, the volume illuminates China's major poetic genres and themes through one hundred well-known, easy-to-recite works. Each of the volume's twenty units contains four to six classical poems in Chinese, English, and tone-marked pinyin romanization, with comprehensive vocabulary notes and prose poem translations in modern Chinese. Subsequent comprehension questions and comments focus on the artistic aspects of the poems, while exercises test readers' grasp of both classical and modern Chinese words, phrases, and syntax. An extensive glossary cross-references classical and modern Chinese usage, characters and compounds, and multiple character meanings, and online sound recordings are provided for each poem and its prose translation free of charge. A list of literary issues addressed throughout completes the volume, along with phonetic transcriptions for entering-tone characters, which appear in Tang and Song-regulated shi poems and lyric songs.
