

Polar Paper Cutter

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Learning paper-crafting techniques to make one-of-a-kind cards has never been simpler or more fun. Each letter of the alphabet represents a different technique, from Appliqués to Zigzags, that you can master while creating an original project. You'll be able to fashion the perfect card for every occasion and special person in your life.--From publisher description.
