????----????????????.

This publication provides a universally applicable project management method - the principles,
processes and techniques that enable individuals and organizations to successfully deliver
their projects within time, cost and quality constraints. Managing Successful Projects with
PRINCE2 forms part of a pair of publications that are the result of the PRINCE2: 2009 Project
to update the PRINCE2 guidance. Its companion is Directing Successful Projects with
PRINCE2. The title from official publisher TSO has been designed to be a role specific
handbook for Project Managers, Team Managers and Project Support
