-----Each quiz contains a picture round, 30 questions of increasing difficulty, an additional tie-breaker, if required, a bonus option to link to 10 music round questions on Spotify and a 'Family Fortunes' type Survey Said sheet for use during the break of your quiz. I've even provided the blank answer sheet for your quizzers to write on! I hope my knowledge and expertise can revitalise your quizzes, whether they are for a one off event, or regular use. If you are presenting a quiz I understand how meticulously researched, well phrased questions and answers can help the cause. The answers to the questions are purposely included directly below the corresponding question, as this makes things much easier when reading out the answers to your quiz. A typical example of the quiz structure contained in this book is below.-----

Picture Round: 10-12 questions in each, on most occasions the answers to these should be written on the blank 50 question answer sheet. Teams can compete this to get them settled as they arrive.-----

Questions 10 - 20: Easier questions designed to give your teams some confidence and even raise some laughs. Questions 21 - 30: Medium difficulty questions, some of these may include a multiple choice element.-----

Questions 31 - 40: Music Round: I have added a direct link to my Spotify playlist with 10 songs for each music round and within

your answer sheet, the name of the artist and song (I offer half a point for the artist and half a point for the name of the song.)-----Questions 41 - 45: Harder questions which teams will find much more challenging.-----Questions 46 - 50: 'The Wipeout Round' or 'Double or Quits'. It is suggested that in this section, you inform teams that each question is worth 2 points, however if one question is answered incorrectly the team 'wipes-out' and scores no points for the round, questions can however be missed out with no penalty (just receiving no points for that particular question.)-----'Our Survey Said': A little like 'Family Fortunes' it's always a good idea to give these out if you have a break to keep customers busy. Alternatively you can use them as part of your quiz if your wish. We asked 100 people in the UK to name something in 5 different categories. For each of these categories, can you give the 5 most popular answers they came up with?

This amazing quiz book contains over 10,000 questions all split into 3 distinct levels of difficulty, th at cover all sorts of subjects. There are also guidelines on how to run your own pub quiz with a set of specially design ed answer sheet templates. '

as a companion to the compilation, A Student's Overview of the Ageless Wisdom, by allowing students to approach the teachings from a highly concrete, yet also intuitional, perspective. There are 800 questions, for example, which each have one specific, concrete answer; yet students may approach the questions either through lower mind via study and memorization, by the intuition, or by a combination of the two. The seemingly mundane act of working through the questions on the quizzes will assist with the awakening, development and integration of the higher senses within the student. The goal of compiling some of the most essential teachings of the Ageless Wisdom into an Overview is focused upon: a) Providing a form that assists with the acquisition of the information: This involves abridging the original books into forms that are more conducive to practical study. b) Providing a form for the assimilation of the knowledge: This involves the study, review and personal practice of that knowledge which is acquired. c) Providing a form for the radiation of the wisdom: This involves the utilization and sharing of the light of wisdom, and includes activities such as creation, mentoring and teaching. This Quiz Booklet is separated into two sections: 1) Section One: 7 Quizzes based on the Overview of the Ageless Wisdom 2) Section Two: 2 Quizzes based on Tapestries of the Gods Section One contains seven quizzes based upon the six books covered in the Overview. Students may choose to take them open-book, meaning that they allow themselves to look up the correct answers as they progress through each quiz, or they can rely completely upon memory and intuition.

Their results should guide them to their weaker areas which may require more study. Section Two references the first volume of *Tapestries of the Gods* by Michael D. Robbins, Ph.D. and includes an objective quiz on Identification of the Seven Rays and one subjective quiz aimed at the Self-Identification of one's Personal Rays. Students are encouraged to self-identify the Rays of their Soul and Personality, as well as the Rays of their Mental, Astral and Physical-Etheric bodies. Students may record their answers on the included Answer Sheets but are encouraged to make copies of them first, download a PDF copy or make their own. Links to PDFs and self-grading quizzes are available at www.LoveAndLightGames.com I believe that much of the Ageless Wisdom is now being acquired and assimilated into the human collective-consciousness, and will be put to ever-greater and more intelligent use as the Aquarian age gains momentum, so that the sacred knowledge of the Ageless Wisdom will eventually become common-knowledge throughout an enlightened and unified humanity. Through the intelligent application of love, may we learn to know ourselves and our brothers, and let stand revealed those long-hidden Teachers to Whom we have ever been known. The emphasis on corporate universities has been a driving force in moving companies beyond a restricted approach to training, to a central vision for learning within the organization. However, there have been failures and many corporate universities have struggled to bring a business rigour to learning or to align their development with the key business and financial drivers of the organization. It is time for the Corporate University to demonstrate how business rigour, handled deftly and with strong and perceptive leadership, can revolutionize learning both inside and outside the organization. The Handbook of Corporate University Development is an important catalyst towards this process. It draws on experience from around the world, to provide anyone responsible for strategy and learning at senior levels in government, education and business with a picture of current best practice.
