This the Problem Solving Survival Guide to accompany Financial Accounting, 8th Edition. Financial Accounting, 8th Edition, by Weygandt, Kimmel, Kieso provides students with a clear introduction to financial accounting that is full of real world and relevant examples to students lives. The Team for Success authors understand where students struggle in this course and have developed a learning system that illustrates the accounting cycle and key transactions, while giving them the tools to apply their learning through sample exercises throughout the chapter. By expanding coverage of IFRS, this edition keeps students at the forefront of global issues that impact their future careers in business and accounting.

This Problem Solving Survival Guide is meant to accompany the new Ninth Edition of Accounting Principles where students clearly see the relevance of accounting in their everyday lives and are therefore motivated to do the work assigned. Weygandt starts with what students know and builds from there. Weygandt Accounting Principles introduces challenging accounting concepts with examples that are familiar to the student. This connection to their everyday lives helps build student motivation, a key driver of student time spent on assignments and ultimately their mastery of the concept.

Problem Solving Survival Guide to accompany Intermediate Accounting, Volume 2 Chapters 15 - 24 Wiley

INTERMEDIATE ACCOUNTING by Kieso, Weygandt, and Warfield is, quite simply, the standard by which all other intermediate accounting texts are measured. Through thirty years and twelve best-selling editions, the text has built a reputation for accuracy, comprehensiveness, and student success. The Thirteenth Edition maintains the qualities for which the text is globally recognized, and continues to be your students' gateway to the profession! Volume I is comprised of Chapters 1-14. Each study guide chapter is comprised of a detailed chapter review, demonstration problems, true/false, multiple-choice, matching questions, and comprehensive exercises. Solutions to study guide questions are provided.

Each chapter contains a detailed review and many types of review exercises and problems. Solutions to PSSG questions explain answers and discuss how to approach similar types of accounting questions. Tips alert students to common problem-solving pitfalls and misconceptions.

Now you can get all the accuracy, authority, and student success of the best-selling intermediate accounting text in a brief, streamlined new version! The authors have made tough decisions about what material remains at the core of the intermediate accounting course, and what details (for example, methods of depreciation) are less important for today's student. The result of their work is the briefest two/three-semester intermediate text on the market. This new streamlined size will also allow you to introduce case material or special readings as you choose.
