American Proverbs From The USA and The Americas. Would you like to know more proverbs to prepare yourself for that occasion when you might need a picturesque or poetic way to say something? Most of us are often in this type of situation. It would help if you expressed yourself in an intellectually sound way but would rather say it indirectly but still convey the right information and emotion. One of the best ways to do that is by the use of Proverbs and wise sayings. From a long time ago, humanity has used proverbs as a powerful communications tool to convey all kinds of information. This is true for happiness, situations of celebrations, caution, anger, love, hate, learning, or teaching. Although these quotes and wise sayings are ubiquitous worldwide, you will find that each group tends to have preferences for certain types of expressions. This peculiarity could be how the quotes are said, the settings that invoke them, the mood that inspires or trigger them, or any other event that makes them express their common proverbs. Proverbs are essential in an average man or woman's daily lives in this modern age where most of us are busy with the stresses of the computer and

information age that we hardly have time to smell the coffee. Proverbs are usually short, simple, and generally easy to understand and a compelling way to say something shortly and concisely. These small packets of gold are typically scattered all around and often thrown around by people on different occasions, but generally difficult to find all collected in a list for people to read and use for the right events as this book has done. I decided to write this book to help you overcome the problems I often have when expressing myself using a proverb or powerful quote. By having thousands of sayings at your fingertips, as they have laid out in this book, you will quickly become used to citing sayings and quotes that will convey your intellectual and poetic capabilities to your family, friends, colleagues, and others. American Proverbs is a book like no other in the types of information that it contains. It contains mostly the sayings that are commonly used in America and other American cultures around the world. Even though it's translated into the English language here, they still carry the original American humor in them. As you will find in the other titles in this series, Proverbs of the world, the same common principles run through them. There are many different types of sayings and quotes in this book, including the following: v General Proverbsv Nature Proverbsv Earth Related Proverbsv Christian Proverbsv Motivational Proverbs Inspirational Proverbs Functional Proverbsv People

Proverbsv Animal Proverbsv Bird Proverbsv River Proverbsv Travel Proverbs I firmly believe that you will find much fun, education, religion, nature, inspiration, etc., in these books of proverbs. As is stated by a common proverb, "The taste Of The Pudding, Is In The Eating." This proverb applies directly to this book and the other ones in this series. Hence, I urge you to make my day and yours by adding this book to your shopping cart and then ENJOY. Have a good day.

Afterward, in the allotted box, write down three words that come to mind in relation to the proverb or quote of the day. Don't Proverbs are abbreviated but complete statements which convey our thought with dignity and precision. They are principles of life and provide guidance to our daily walk in areas of relationships with other human beings, physical nature such as animals and plants, spiritual phenomena and other non-spiritual elements in the universe. Proverbs give us some encouragement and hope when we are weak and in despair and feel hopeless. They give us words of admonition, warning and redirection when we fall or derail as we journey through life. In the face of threatening life encounter, we can invoke appropriate proverb to recharge our courage, energy and strength so as to

squarely confront a given situation. We can also apply a proverb and act it out to get the best out of a pleasant or ugly situation. Even when we are ambivalent about a certain experience, there is always a word of wisdom to invoke and act accordingly to achieve the expected outcome. We can confidently use these wise sayings only if we know and understand their meanings. It is even better if we know their origins. Otherwise, the proverb can confuse us the more and understanding the message they intended to convey can also elude us. These African-Ibibio proverbs depict how observant our ancestors were about nature, and their knowledge of and closeness to it. Our great grandparents used the proverbs effectively and appropriately because they knew their meanings. Using them did not only save their energy but provided vividness, brevity and force to the idea or thought they attempted to articulate. They were able to transmit this wisdom from generation to generation through oral history, that is, by words of mouth, until recently. The oral method sustained us for so long partly because in the past, children and grandchildren stuck around their parents and grandparents long enough to learn from them. Another reason is that the younger generations were also interested in learning them. At the time, using a lot of proverbs in one's speeches in social meetings and in private conversations was an index of high intelligence and wisdom, and the speaker was held in high esteem in the community. It was a source of pride and honor for and conferred dignity on the speaker as well. This work comes out of my concern that this oral method may at some point in history cease to be as

effective as before in passing these words of wisdom on to future generations of Ibibio sons and daughters. If these wise sayings continue to remain unwritten, the possibility of losing this aspect of our knowledge history is imminent. Here are some of my reasons for thinking this way: (1) Present day youth leave their parent's home to pursue their education and then to employment in cities. By so doing, the amount of time for the youth to maintain regular contact with their parents and extended family elders from whom they could have learned these wise sayings is reduced. (2) Some of them leave their country of origin at tender ages to countries with different culture, while others are born in foreign countries. In some cases, both parents and children are born outside their cultural environments. (3) If parents themselves do not know much of these wise sayings, let alone use them, they cannot offer nor transmit to their children what they do not have or know, even if the children are around them up to adulthood. (4) Many, especially among the learned, tend to lack interest in preserving even the positive aspects of their ethnic cultures, partly because they do not know or suffer from what A. J. A. Esen describes in his Ibibio Profile as "Ours-Is-Bad" and the "Foreign Is Good" syndrome. This is a psychological feeling which demeans anything pertaining to one's ethnic culture and hails what is foreign, no matter how filthy and obnoxious the latter is. Unlike many Ibibio persons of my age or older, I was blessed with parents who had a mastery of these proverbs and used them lavishly when admonishing us and talk

Proverbs, parables, and wise sayings are meaningful short sayings or vehicles through which morals are transmitted to adults, youths, and children. They are life experiences that Africans utilized to understand their past and present lives. These means of expressions are vital to the African culture as they transmit wisdom, truth, morals, and lessons that convey traditional views passed down from generation to generation. Africans and mostly older Africans communicate to adults, adolescences, and children by means of proverbs, parables, and wise sayingstransmitting messages, imparting warnings, solving problems, influencing behaviors, helping to avoid unwanted outcomes, and shaping or molding, especially the children as they journey through life. Proverbs, parables, and wise sayings are the instinctive or spontaneous methods of learning anytime and anywhere through conversations in an African community. As the conversations linger, they are revitalized by these short sayings. These modes keep the African children active and interested in the world around them, as well as their own

development. These short sayings, in simple terms, are the daughters of daily-life experiences. They are not explained after they have been expressed; instead, adults, youths, and children used them to improve their communication and listening skills, develop creative imaginative and thinking skills, understand the meaning of life, and be familiar with the element of each proverb that was transmitted. Proverbs, parables, and wise sayings are the oral literature of the Creoles or Krios of Sierra Leone. Each proverb is understood when expressed in ordinary conversation. The role and importance of proverbs, parables, and wise sayings in conversations of each ethnic group of Sierra Leone provide a colorful, vibrant, and poetic picture of the African culture and its characteristics.
