Do you want to save time, make your accounting easier and ultimately increase profits? QuickBooks can help you do that by saving on bookkeeping costs and giving you the data you need to analyze your business to take it to the next level. QuickBooks Online is the world's most popular accounting software for small business owners. And like with any new software there is a learning curve, but you don't have to do it all on your own. QuickStart Your Quickbooks aims to take you from a complete novice to a confident intermediate user on a timeline that works with your schedule. The step-by-step guide makes the information digestible and easy to implement immediately. Inside you'll find: Over 250 pages of tips, tricks, and actionable steps you can take today. Images to help you through every step of the process. How to customize your setup specifically to your business and make maximum use of QBO's many features. Step by step instructions on how to do everyday tasks such as invoicing, expenses, journal entries and banking. A comprehensive review to setting up and using Canadian sales tax filing. A review of reports that every business owner should use to maximize profits and efficiencies. A glossary of common accounting terminology and best practices every small business owner should know. And so much more! Learn everything that every beginner needs to know, increase your profitability, and take control of your small business finances with QuickStart Your QuickBooks. Note: This book is based on the Canadian version of QBO, but in most respects the accounting concepts within are widely applicable to all countries. In addition, it does not review QBO payroll, as I believe there are better options out there at a similar price point. Finally, I do not cover some advanced features such as budgeting, time tracking, multicurrency, projects and mileage. These topics will be covered in my next Advanced QBO book.
