analytical fronts. Human Biology and History weaves together the fields of biology, archaeology, and anthropology in an exchange o

When Helen Macdonald's father died suddenly on a London street, she was devastated. An experienced falconer captivated by hawks since childhood, she'd never before been tempted to train one of the most vicious predators: the goshawk. But in her grief, she saw that the goshawk's fierce and feral anger mirrored her own. Resolving to purchase and raise the deadly creature as a means to cope with her loss, she adopted Mabel and turned to the guidance of The Once and Future King author T. H. White's chronicle The Goshawk to begin her journey into Mabel's world. Projecting herself "in the hawk's wild mind to tame her" tested the limits of Macdonald's humanity.

An in-depth look at the philosophical issues behind HBO's Game of Thrones television series and the books that inspired it George R.R. Martin's New York Times bestselling epic fantasy book series, A Song of Ice and Fire, and the HBO television show adapted from it, have earned critical acclaim and inspired fanatic devotion.

This book delves into the many philosophical questions that arise in this complex, character-driven series, including: Is it right for a "good" king to usurp the throne of a "bad" one and murder his family? How far should you go to protect your family and its secrets? In a fantasy universe with medieval mores and ethics, can female characters reflect modern feminist ideals? Timed for the premiere of the second season of the HBO Game of Thrones series Gives new perspectives on the

honorable enemies rather than ambitious ones, and I'll sleep more easily by night. Archmaester Rigney once wrote that history is a wheel, for the nature of man is fundamentally unchanging. What has happened before will perforce happen again. Oh, It's truth you want? Be careful, my lady. Tyrion says that people often claim to hunger for the truth, but seldom like the taste when it's served up

Dahl - Stephen King And many more! - EXAMPLES:
"Outside of a dog, a book is man's best friend. Inside of a dog it's too dark to read." ? Groucho Marx - "If you only read the books that everyone else is reading, you can only think what everyone else is thinking." ? Haruki Murakami - "What really knocks me out is a book that, when you're all done reading it, you wish the author that wrote it was a terrific friend of yours and you could call him up on the phone whenever you felt like it. That doesn't happen much, though." ? J.D. Salinger - "You have to write the book that wants to be written. And if the book will be too difficult for grown-ups, then you write it for children." ? Madeleine L'Engle - "Books are a uniquely portable magic." ? Stephen King
Describes the development of the Central Overland Trail through Nevada established in the 1840s.

confusion, disorder, and laughter in Western society for centuries. Profiling the most notorious mischief makers from the 1600s to the present day, Pranksters explores how “pranks” are part of a long tradition of speaking truth to power and social critique. Invoking such historical and contemporary figures as P.T. Barnum, Jonathan Swift, WITCH, The Yes Men, and Stephen Colbert, Kembrew McLeod shows how staged spectacles that balance the serious and humorous can spark important public conversations. In some instances, tricksters have incited social change (and unfortunate prank blowback) by manipulating various forms of media, from newspapers to YouTube. For example, in the 1960s, self-proclaimed “professional hoaxer” Alan Abel lampooned America’s hypocritical sexual mores by using conservative rhetoric to fool the news media into covering a satirical organization that advocated clothing naked animals. In the 1990s, Sub Pop Records then-receptionist Megan Jasper satirized the commodification of alternative music culture by pranking the New York Times into reporting on her fake lexicon of “grunge speak.” Throughout this book, McLeod shows how pranks interrupt the daily flow of approved information and news, using humor to underscore larger, pointed truths. Written in an accessible, story-driven style, Pranksters reveals how mischief makers have left their shocking, entertaining, and educational mark on modern political and social life.
