Annotation. When Nietzsche dubbed Richard Wagner "the most enthusiastic mimomaniac" ever to exist, he was objecting to a hollowness he felt in the music, a crowding out of any true dramatic impulse by extravagant poses and constant nervous movements. Mary Ann Smart suspects that Nietzsche may have seen and heard more than he realized. In *Mimomaniac* she takes his accusation as an invitation to listen to Wagner's music--and that of several of his near-contemporaries--for the way it serves to intensify the visible and the enacted. As Smart demonstrates, this productive fusion of music and movement often arises when music forsakes the autonomy so prized by the Romantics to function mimetically, underlining the sighs of a Bellini heroine, for instance, or the authoritarian footsteps of a Verdi baritone. *Mimomaniac* tracks such effects through readings of operas by Auber, Bellini, Meyerbeer, Verdi, and Wagner. Listening for gestural music, we find resemblance in unexpected places: between the overwrought scenes of supplication in French melodrama of the 1820s and a cluster of late Verdi arias that end with the soprano falling to her knees, or between the mute heroine of Auber's *La Muette de Portici* and the solemn, almost theological pantomimic tableaux Wagner builds around characters such as Sieglinde or Kundry. *Mimomaniac* shows how attention to gesture suggests a new approach to the representation of gender in this repertoire, replacing aural analogies for voyeurism and objectification with a more specifically musical sense of how music can surround, propel, and animate the body on stage. Without a doubt, sponsorship is one of the most powerful promotional tools we have in the business of brand creation, brand recognition, and ultimately increasing sales. Moreover, brokering sponsors is a significant business in and of itself, something we often overlook. Considering sponsorship is a \$50 billion a year market--and growing--marketers and students of business ignore its potential at the risk of missing hugely lucrative opportunities. To fail to understand sponsorship is to fail to understand marketing. If you're looking for an introduction to this topic, most books available only address sports sponsorship: the largest section of the market perhaps, but by no means the only one. Kolah's Improving the Performance of Sponsorship is a guide that examines all types of sponsorship, clearly explaining and defining its mechanics, advising on how to select the right properties, how to sell sponsorship, ethical issues, measurement and key legal principles. This book is all keen marketers will need for a thorough understanding of how sponsorship works.
