This list (only available in English language) includes scientists involved in scientific fields. The 2021 issue of this directory includes the scientists found in the Internet. The scientists of the directory are only those involved in physics (natural philosophy). The list includes about 10 000 names of scientists (doctors or diploma engineers for more than 70%). Their position is shortly presented together with their proposed alternative theory when applicable. There are more than 2500 authors of such theories, all amazingly very different from one another. Ce répertoire, exclusivement disponible en langue anglaise, inclut les scientifiques, exclusivement dans le domaine de la physique. L'édition 2021 de cette liste comporte près de 10 000 noms de scientifiques, (docteurs ou ingénieurs à plus de 70%). Elle précise leur position de manière succincte et expose, le cas échéant, les lignes directrices de la solution alternative qu'ils proposent. Il y a ainsi plus de 2500 auteurs de telles théories, toutes remarquablement différentes.

This new edition of *White Coat Tales* presents intriguing stories that give historical context to what we do in medicine today—the body's "holy bone" and how it got its name, a surprising reason why gout seemed to be so prevalent several centuries ago, and the therapeutic misadventure that shortened the life of Eleanor Roosevelt. In addition to many new tales, this revised edition contains 128 illustrations, such as images of Baron von Münchhausen aloft with cannonballs and Vincent van Gogh's portrait of his doctor showing a clue to the painter's health. Read about legendary medical innovators, diseases that changed history, illnesses of famous persons, and some epic blunders of physicians and scientists. The author is Robert B. Taylor, MD, Emeritus Professor, Oregon Health & Science University School of Medicine, and Professor, Eastern Virginia Medical School. Dr. Taylor is the author and editor of more than 33 medical books. To see Dr. Taylor lecture on the history of medicine, go here: <https://youtu.be/Zx4yaUyaPRA>

Definitive book on Biodynamic Agriculture and Quantum Agriculture

Discusses the mythological properties assigned to geometric forms, and covers the Golden Section, gnomonic spirals, music, and the squaring of the circle.

'Seldom is humanity shocked by a revelation so profound.' We are now in the twenty-first century and the runes are an enigma of the modern age. Amid an extensive body of work that has enveloped these ancient glyphs, none consider the importance of geometry; to analyse their shapes for consistencies that may reveal an underlying intelligence. In the eyes of science, runic geometry has little value. Science has conceptualised the rune without considering the significant function of geometry - a naive and erroneous approach. Runic symbols are predominantly linear (built up from a mixture of vertical and/or diagonal lines that coalesce to give the rune its characteristic shape). While science believes this peculiarity is consistent with the period of carving in wood or stone, it is thought their shapes encode an archaic wisdom, a knowledge that has been sought after for well over a thousand years, and attempts to unlock this illusive code continue today. In this ground-breaking text, I unlock this legendary code. I reveal how the runes have been misconstrued over the centuries to what we find today. Contained within them are the remnants of an ancient geometric cipher and a myriad of arcane information, the likes of which has not been seen for over two thousand years, and the implications are staggering!

Includes a preview of Richard Bartlett's bestselling *Matrix Energetics*. *The Physics of Miracles* will change your perceptions about what is possible, with real, practical applications for healing and transformation. As a follow-up to his popular first book, *Matrix Energetics*, Dr. Richard Bartlett presents *The Physics of Miracles*. Building on the success of his dynamic and popular seminars, Dr. Bartlett shares new concepts on the cutting edge of healing and transformation. The strength of Bartlett's energetic healing work—and why he's already becoming one of the most well respected teachers in modern energy medicine—is that you don't have to understand the actual science to put it to use. *The Physics of Miracles* utilizes advanced scientific concepts while remaining accessible to everyone, from children to medical professionals. Discussing seemingly implausible topics, such as time travel, alternate universes, and invisibility, this book is fascinating and instantly applicable. *The Physics of Miracles* will reshape the way people think about their place in the universe and their capacity for health and healing.

Written by the foremost experts in the field of radionics (in collaboration with Malcolm Rae and Aubrey T. Westlake), this volume is a definitive work on the subject. It details the subtle energies and patterns of the human body with emphasis upon diagnosing the spiritual, mental and physical states of the individual through the ether fields.

Take control of your energetic destiny with this hands-on manual featuring step-by-step instructions for safe and successful use of all KRT radionics analyzers and potentizers, as well as advanced strategies, techniques and topics. Includes worksheets for use in radionic analyzing and balancing. Much of the information in this book may be directly applicable to other two-dial analyzers, including Thomas Galen Hieronymus, Rogers, Don Mattioda and Lightning devices.

For four decades, Dr Linda Lancaster's healing knowledge has been available only to her star-studded client list, including Mamma Mia's Amanda Seyfried. In *Harmonic Healing*, her first book, she shares her lifetime of knowledge with readers for the first time. In this book, she introduces readers to what she likes to call 'The Invisible Within the Visible', the energetic roots of ill health - caused by toxins, radiations, shock and stress - and how these invisible attacks on the energetic level manifest in the physical, starting in the liver. She also offers a comprehensive, doable and affordable programme to help readers rebalance their health and achieve a state of comprehensive wellbeing. Dr Lancaster's six-week programme is based on natural ingredients and non-chemical processes, requiring no expensive supplements. Readers will learn how to remove energetic interferences and reclaim their health through positive lifestyle changes, including cleansing foods, detoxifying baths and homeopathic remedies. *Harmonic Healing* is co-written with Amely Greeven, New York Times bestselling co-writer of *Clean* by Dr Alejandro Junger, *Primal Fat Burner* by Nora Gedgudas, and Dr Frank Lipman's forthcoming book.

This is a new release of the original 1946 edition.

You probably know that food, water, sunlight, and oxygen are required for life, but there is a fifth element of health that is equally vital and often overlooked: The Earth's magnetic field and its corresponding PEMFs (pulsed electromagnetic fields). The two main components of Earth's PEMFs, the Schumann and Geomagnetic frequencies, are so essential that NASA and the Russian space program equip their spacecrafts with devices that replicate these frequencies. These frequencies are absolutely necessary for the human body's circadian rhythms, energy production, and even keeping the body free from pain. But there is a big problem on planet earth right now, rather, a twofold problem, as to why we are no longer getting these life-nurturing energies of the earth. In this book we'll explore the current problem and how the new science of PEMF therapy (a branch of energy medicine), based on modern quantum field theory, is the solution to this problem, with the many benefits listed below: • eliminate pain and inflammation naturally • get deep, rejuvenating sleep • increase your energy and vitality • feel younger, stronger, and more flexible • keep your bones strong and healthy • help your body with healing and regeneration • improve circulation and heart health • plus many more benefits

Conventional medicine treats symptoms with surgery and drugs rather than healing the root causes of illness. Complementary therapies attempt to address the whole self, which can raise awareness of and even counteract the imbalances that create disease. This book attempts to relate inner causes with our "four bodies" in order to affect healing. "Astrology and the Art of Healing" approaches healing and astrology in a new and revolutionary way. Physical, emotional, mental, and spiritual therapies relate to stages of your life process, from conception through birth, and from childhood to old age and death. Many horoscopes show how to understand the origins of health imbalances in your life. Correlations to appropriate therapies can support the expertise of your doctors. A free astro-chart is included.

Acorns delineates the future of humanity as a reunification of intellect with the Deep Self. Having chosen to focus upon ego (established securely by the time of Christ), much more beta brain wave development will destroy our species and others, which process has already begun. We create our own realities through beliefs, intents and desires and we were in and out of probabilities constantly. Feelings follow beliefs, not the other way around.

1982 the Hermetic Laws of the Universe as Applied to All Phenomena. the most incredible information ever placed between the covers of a book. the greatest mysteries known to man are resolved for the first time in human history and so clearly explained.

This book is three in one: a love story, a marriage guide, and a way to maintain a healthy physical, mental, and spiritual life. It will help you in all areas of your life, especially your marriage, keeping your family together. How important is that for you? This is a God-inspired book. I don't take credit. I am just the messenger.

Examines the impact of Harry Partch's hobo years from a variety of perspectives, exploring how the composer both engaged and frustrated popular conceptions of the hobo.

A rich collection of essays tracing the relationship between art and sound. In the 1970s David Toop became preoccupied with the possibility that music was no longer bounded by formalities of audience: the clapping, the booing, the short attention span, the demand for instant gratification. Considering sound and listening as foundational practices in themselves leads music into a thrilling new territory: stretched time, wilderness, video monitors, singing sculptures, weather, meditations, vibration and the interior resonance of objects, interspecies communications, instructional texts, silent actions, and performance art. Toop sought to document the originality and unfamiliarity of this work from his perspective as a practitioner and writer. The challenge was to do so without being drawn back into the domain of music while still acknowledging the vitality and hybridity of twentieth-century musics as they moved toward art galleries, museums, and site-specificity. Toop focused on practitioners, whose stories are as compelling as the theoretical and abstract implications of their works. *Inflamed Invisible* collects more than four decades of David Toop's essays, reviews, interviews, and experimental texts, drawing us into the company of artists and their concerns, not forgetting the quieter, unsung voices. The volume is an offering, an exploration of strata of sound that are the crossing points of sensory, intellectual, and philosophical preoccupations, layers through which objects, thoughts and air itself come alive as the inflamed invisible.

The Encyclopedia of Pseudoscience is the first one-volume, A-to-Z reference that identifies, defines, and explains all of the terms and ideas dealing with the somewhat murky world of the "almost sciences". Truly interdisciplinary and multicultural in scope, the Encyclopedia examines how fringe or marginal sciences have affected people throughout history, as well as how they continue to exert an influence on our lives today. This comprehensive reference brings together: superstitions and fads that are part of popular culture, such as fortune telling; healing practices once thought marginal that are now become increasingly accepted, such as homeopathy and acupuncture; frauds and hoaxes that have occurred throughout history, such as UFOs; mistaken theories first put forward as serious science, but later discarded as false, such as phrenology and racial typing, etc. More than 2000 extensively cross-referenced and illustrated entries cover prominent phenomena, major figures, events topics, places and associations.

The original comprehensive guide to energetic healing with a new preface by the author and updated resources. • More than 125,000 copies sold. • Explores the actual science of etheric energies, replacing the Newtonian worldview with a new model based on Einstein's physics of energy. • Summarizes key points at the end of each chapter to help the serious student absorb and retain the wealth of information presented. *Vibrational Medicine* has gained widespread acceptance by individuals, schools, and health-care institutions nationwide as the textbook of choice for the study of alternative medicine. Trained in a variety of alternative therapies as well as conventional Western medicine, Dr. Gerber provides an encyclopedic treatment of energetic healing, covering subtle-energy fields, acupuncture, Bach flower remedies, homeopathy, radionics, crystal healing, electrotherapy, radiology, chakras, meditation, and psychic healing. He explains current theories about how various energy therapies work and offers readers new insights into the physical and spiritual perspectives of health and disease.

Scott Walker is undoubtedly one of the most brilliant, serious and intelligent of artists today. As one of the greatest lyricists of the 20th century and front man of globally loved pop trip, The Walker Brothers, Walker commands huge devotion. A major event, *Sundog* is the first ever selection of Walker's lyrics curated by the artist himself, published for the first time with a stunning introduction by Eimear McBride. Walker's iconic lyrics will proudly follow in the footsteps of other famous musicians who have been published by Faber & Faber, including Jarvis Cocker, Billy Bragg, and Van Morrison.

Radionics is defined as a method of diagnosis and therapy which is primarily concerned with the utilization of subtle force fields and energies, for the purpose of investigating and combating the causes of disease which ravage humanity and the other kingdoms of nature. But in examining the history and development of radionics from the pioneering work of Dr Albert Abrams and Ruth Drown to the latest experimental work at the de la Warr Laboratories, David Tansley discovered a curious paradox. In literature on the subject, and in the rate books which provide the very core of radionic therapeutic measures, there are plenty of references to man's physical organic systems, but little regarding the probability of underlying force fields which might govern and determine the health of the physical form. This book represents an informed endeavour to redress the balance by providing a simple yet practical outline of the subtle anatomy of man. The theory is not new: Abrams diagnosed at a distance, and Drown treated absent patients. David Tansley believes that the time is ripe for radionics to bear witness to an energy field of a more

subtle nature: that is, in fact, its innate purpose.

Building on the principles and practices presented in *The Divining Mind* (Richard Wright's first book on dowsing, coauthored by T. Edward Ross II), authors Richard and Pat Wright define dowsing as the "process of uncovering information through the medium of the self." The Wrights believe, as do many dowsers, that the ability to dowse is innate, but they also feel that its proper development is contingent upon the parallel unfoldment of the spiritual qualities in our nature. Through this process, the dowser becomes increasingly cognizant of the interconnectedness of all aspects of life and begins to play his or her part as an agent of healing and positive change. Includes detailed information on: • Responsibility in dowsing • Practical dowsing • Earth energies • Planetary stewardship • Healing and prayer • The supersensory worlds An indispensable guide for the advanced dowser as well as a beginner's sourcebook.

Many people profess a belief in the existence of God, but very few of us are aware of the biofeedback mechanisms in the body that allow us to verify and experience our Creator. Dr. Newton systematically takes us through self-induced methods of experiencing God through mental and vocal practices: subliminal and neuro-linguistic programming; toning, singing, and chanting mantras; color therapy; breathing techniques; postures and movements; energy vortexes; experiencing nature and endorphins Dr. Newton reveals devices and objects that magnify your connection to the Creator including: Pyramids, crystals and gemstones Magnets and precious metals Lasers and psychotronic devices Brain entrainment devices All of these cause bodily relaxation which reveal the presence of God through electromagnetic phenomena. This book is especially valuable for energy/crystal healers.

A most practical guide to understanding the significance of subtle energies.

This book is mainly for the self-responsible person who would like to live long and healthfully. Determining the pH of the body by measuring certain body fluids gives a person a miraculous tool for controlling and improving health. Acid-base balancing and control, when understood and applied, is more powerful to health maintenance and improvement than any of the widely advertised antioxidants, super antioxidants or other wonder supplements. Acids corrode cells and tissues much faster than any super nutrient could possibly restore them. Many natural health remedies are healing simply because they alkalize, remove acids or assist organs to balance acids within the body. The environment in which the cell lives is known as the biological terrain. PH is a major part of that internal terrain. By altering your internal terrain to an environment which is supportive of human cells, you can extend the life of your cells to the maximum.

An explosive insider account of grime, from subculture to international phenomenon. \*\*\*\*\* A group of kids in the 2000s had a dream to make their voice heard - and this book documents their seminal impact on today's pop culture. DJ Target grew up in Bow under the shadow of Canary Wharf, with money looming close on the skyline. The 'Godfather of Grime' Wiley and Dizzee Rascal first met each other in his bedroom. They were all just grime kids on the block back then, and didn't realise they were to become pioneers of an international music revolution. A movement that permeates deep into British culture and beyond. Household names were borne out of those housing estates, and the music industry now jumps to the beat of their gritty reality rather than the tune of glossy aspiration. Grime has shaken the world and Target is revealing its explosive and expansive journey in full, using his own unique insight and drawing on the input of grime's greatest names.

The Akashic Records, also known as "The Book of Life," are the storehouse of all information for every individual who has ever lived upon the earth. The world of plants and its relation to mankind as revealed by the latest scientific discoveries. "Plenty of hard facts and astounding scientific and practical lore."--Newsweek

This book explores the interface that exists between the human energy field and the Universal Field of energy in which we live. It shows how these fields can be utilised for distant diagnosis and treatment. It also illustrates that the surest and most effective way to ameliorate a defect in any biological system, is to modulate the interacting and interdependent energy fields by way of the chakras. The same energy fields can be used to take photographs of distant objects, particularly the energy structures of living human tissues and pathological states existing in them. The vibratory patterns and potencies of homoeopathic remedies can also be drawn from the ether-fields and impregnated into neutral substances such as water or alcohol solutions which have a capacity for memory. Radionics is a healing art that links the physical world with the unseen worlds lying beyond the physical senses. Diagnostically it probes to the levels of causation of disease; therapeutically it is gentle and non-invasive.

The Butthole Surfers remain one of the most enigmatic bands in the history of rock music. Most of their records have no information of any kind, and often with the suggestion that you play them at 69 rpm.... They lived like nomads through much of the 1980s, and built their reputation upon tours that never ended, and shows that resembled hedonistic acid tests. They left a heap of former band members in their wake, and have often alienated as many fans as they've attracted. Here for the first time is the complete story of one of the most controversial and dangerous bands to have emerged from the ashes of the punk rock movement. 'Let's Go to Hell' compiles the scattered memories into the first comprehensive overview of the band. Featuring exclusive interviews, tons of rare and unpublished photographs, and analysis of the band's vast recorded (and unrecorded) efforts, 'Let's Go to Hell' finally tells the story that was thought (and often hoped) would never be told... Collection of 26 articles by well-known composer Pauline Oliveros. Articles range in variety from analytical to philosophical to mystical. A unique collection. Originally published in 1984, finally back in print.

'An inspired and intuitive navigation of the drone continuum . . . with a compass firmly set to new and enlightening psychedelic truths' BECK  
Monolithic Undertow alights a crooked path across musical, religious and subcultural frontiers. It traces the line from ancient traditions to the modern underground, navigating archaeoacoustics, ringing feedback, chest plate sub-bass, avant-garde eccentricity, sound weaponry and fervent spiritualism. From Neolithic beginnings to bawdy medieval troubadours, Sufi mystics to Indian raga masters, cone shattering dubwise bass, Hawkwind's Ladbroke Grove to the outer reaches of Faust and Ash Ra Temple; the hash-fueled fug of The Theatre of Eternal Music to the cough syrup reverse hardcore of Melvins, seedy VHS hinterland of Electric Wizard, ritual amp worship of Earth and Sunn O))) and the many touch points in between, Monolithic Undertow explores the power of the drone - an audio carrier vessel capable of evoking womb like warmth or cavernous dread alike. In 1977 Sniffin' Glue verbalised the musical zeitgeist with their infamous 'this is a chord; this is another; now form a band' illustration. The drone requires neither chord nor band, representing - via its infinite pliability and accessibility - the ultimate folk music: a potent audio tool of personal liberation. Immersion in hypnotic and repetitive sounds allows us to step outside of ourselves, be it chant, a 120dB beasting from Sunn O))), standing front of the system as Jah Shaka drops a fresh dub or going full headphone immersion with Hawkwind. These experiences are akin to an audio portal - a sound Tardis to silence the hum and fizz of the unceasing inner voice. The drone exists outside of us, but also - paradoxically - within us all; an aural expression of a universal hum we can only hope to fleetingly
