It has never been easy for new authors to find a publisher but in the last few years it has become significantly harder. In 2008, the average author earned less than £7000 per annum. According to The Times approximately 200,000 books were available for sale in the UK in 2007. Of that total, 190,000 titles sold fewer than 3,500 copies. The top 5% of titles by sales volume accounted for over 60% of total book sales. No wonder publishers are careful about signing new writers. But there is good news in amongst all the doom and gloom. Right now, it has never been easier to be published. Everyone who posts something on Facebook is in effect a published author. And some blogs are read by tens of thousands of people daily, many more than might pick up a physical book by the same author. Then there's self-publishing, vanity publishing, print on

Patricia Santhuff What do the wonderful myths of ancient Greece, the beautiful stories in the Bible and Qur'an, and all the sacred stories from traditions around the world, have in common? They open our hearts to wonder, mystery, passion, and joy. I know, on the outside these stories seem very different, confusing, conflicting, and often violent and divisive. But when read symbolically and internally, they are all telling the same story. They show us the path of spiritual awakening and enlightenment. Sometimes the story is called "Returning to the Promised Land." Sometimes it's called "Seeking the Holy Grail." Sometimes it's called "Persephone's Return to Olympus." But whatever it's called, the inner meaning and purpose is always the same. The stories are all a call to awaken, to live passionately and consciously, and to enter the door that leads to enlightenment and communion with the divine. The door is always open. The light is always ready to receive us. But we have to learn how to tread the path! Fortunately, that's what all the sacred stories are really about. THE DOOR IS OPEN uncovers the 7 Universal Steps that are found within the symbols and allegories of all great mythology and scripture. Each chapter ends with a series of practical and enjoyable spiritual exercises and activities. You can do this work on your own, or together with a group. It could be a church or synagogue group, a book club, a classroom, or any group of friends who want to get together and expand their spiritual horizons.
