

Recovery Of The Lost Good Object The New Library Of Psychoanalysis

Support and wisdom when serious illness strikes Sally Wilke gets it. She has lived with and through the serious chronic illness of someone she cared deeply about. And she has provided pastoral care to individuals and families in similar situations. *Waiting for Good News* captures her hard-won, helpful, and hope-filled wisdom. Wilke organizes this book around seven questions that those who face serious illness often ask. From "What Is the Diagnosis" to "Where Do I Find More Help?" she accompanies readers on their own journey. The heart of the book is the stories--Wilke's own, those of others who have struggled with severe illness, and accounts from the Bible. Here, readers will find strength, support, and a way forward in a difficult situation. As practical as she is wise, Wilke offers tools, tips, ideas, and resources for reflection and for obtaining additional support. Chapters conclude with questions that may be used for personal reflection and discussion with family members, patients, and support groups. Clergy, other pastoral-care providers, and family and friends of those who struggle with serious illness will find examples and helpful practices to guide their efforts as they partner with those seeking to find their way.

Until recently, borderline personality disorder has been the step-child of psychiatric disorders. Many researchers even questioned its existence. Clinicians have been reluctant to reveal the diagnosis to patients because of the stigma attached to it. But individuals with BPD suffer terribly and a significant proportion die by suicide and engage in non-suicidal self injury. This volume provides state of the art information on clinical course, epidemiology, comorbidities and specialized treatments.

Power To Recover Your Lost Glory is one of the most practical and life changing books. Pulsating with powerful nuggets, filled with practical anecdotes and brimming with a unique anointing to help you recover your destiny and maximize your God-given potential. It is a book that will change your life. The pages are loaded with life-changing and destiny-recovery facts. The approach is uncommon, the style is readable while the presentation makes the book compelling. You will discover tested and proven principles of glory recovery and gain a good grasp of the principles of destiny fulfillment. The prayer points are released by the Holy Ghost in order to make total recovery a glorious possibility. It will launch you into the realm of uncommon glory. Its overall impact will give birth to fresh testimonies.

Is the recovery from the global financial crisis now secured? A strikingly similar crisis that stalled Japan's growth miracle two decades ago could provide some clues. This paper explores the parallels and draws potential implications for the current global outlook and policies. Japan's experiences suggest four broad lessons. First, green shoots do not guarantee a recovery, implying a need to be cautious about the outlook. Second, financial fragilities can leave an economy vulnerable to adverse shocks and should be resolved for a durable recovery. Third, well-calibrated macroeconomic stimulus can facilitate this adjustment, but carries increasing costs. And fourth, while judging the best time to exit from policy support is difficult, clear medium-term plans may help.

This carefully edited collection of adventure novels has been designed and formatted to the highest digital standards and adjusted for readability on all devices. Sir Henry Rider Haggard (1856-1925) was an English writer of adventure novels and dark fantasy stories set in exotic locations, predominantly Africa, and a pioneer of the Lost World literary genre. The Lost Tales of Power is a collection of novels that describe an immense persistent multiverse. The books are a mixture of standalone and miniseries all set in the same universe with overlapping and intertwining story lines. Included in this collection is the full text of *Enemy of an Enemy*, *The Academy*, and *Rise of Shadows*. In addition to the three complete novels, included is a brief introduction to each book. *Enemy of an Enemy*: Everything seemed to be going Vydor's way, until the Dragon Claw was sent on a rather unusual assignment to investigate a minor incident deep within the Empire's space. That would send Vydor down a path filled with fantastically powerful enemies and extraordinary friends that would obliterate everything he ever understood to be true and threaten the very foundations of the Empire itself. *The Academy*: The Empire had fallen, and the Imperial Navy was disbanded leaving James with nothing but his nightmares to remind him of the role he once played in The Great War. James must now face his new life in a new era where science and technology must share the stage with sorcery and wizardry, and a new ever-present shadow of evil lurks over the remnants of the once great Empire. *Rise of Shadows*: In *The Enemy of an Enemy*, darkness came to the Empire, and magic was born from the bowels of men's fears. The great and mighty Imperial Navy had to face and overcome unspeakable horrors. In *The Academy*, fledgling wizards were gathered and trained to fight back and keep the light, while the darkness laid in wait, biding its time and silently gathering its forces. Now as warriors of light, those wizards must begin to make a stand against the rising tide of darkness or watch their realm be overcome! The Lost Tales of Power is an open-ended series of Science-Fantasy books set in a vast multiverse. Lost Tales Series so far: Volume I - *The Enemy of an Enemy* Volume II - *The Academy* Volume III - *Rise of Shadows* Volume IV - *Resurgence of Ancient Darkness* Volume V - *The Sac'a'rith* Volume VI - *Spectra's Gambit* Volume VII - TBA Keywords: magic, space, space opera, science fantasy, space exploration, military space, future, military sci-fi, science fiction series, aliens, adventure, war, navy, series,

science fiction novels, science fiction ebooks

God's Wisdom Keys to Recover All presents Wisdom Keys to God's Recovery Plan for all who may have lost any inheritance in Christ. It is a goldmine of inestimable value put together to help you get back what belongs to you that the enemy may have stolen from you! Knowing that the thief is responsible for anything you may have lost, God says "then it shall be, because he has sinned and is guilty, that he shall restore what he has stolen, or the thing which he has extorted, or what was delivered to him for safekeeping, or the lost thing which he found, or all that about which he has sworn falsely. He shall restore its full value, add one-fifth more to it, and give it to whomever it belongs." You can Recover Anything You Ever Lost that rightly belongs to you in Christ! And this Book shows you How! There is no one who has not lost one thing or the other in his lifetime. The only thing that varies is the loss itself or its degree and frequency. However, the good news is that you can get back all you lost and much more. God says so, I did not, and He will make good His Word to you in Jesus Name. Scriptures show that Abraham recovered everything Lot and all the people of Sodom and Gomorrah lost. David recovered all the Amalekites took from David, his 600 men and from the city of Ziklag. Jesus recovered all that Satan took from Adam and not only restored what Adam lost in Eden but restored All there is in Heaven to man. Whatever you lost to the devil that Jesus through His death and resurrection purchased for you, YOU are getting them back. God cannot lie. Doubting God's Word leaves you in pains with your losses. To have faith in God and do as He has commanded opens the door to recovery of all things, and a life of joy. The goal of this Publication in your hands is to help you recover what you lost by showing you. How! God says, "The labour of the ignorant wearies them because they know not how." Read and do all you discover and no devil or enemy anywhere will stop you from recovering all that is yours. Jesus Christ is still the Lord!

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

This book is written to quicken your mortal body, stair up your spirit, and encourage you to stand to your feet and recover all that Satan and his cohorts have stolen from you. You can't afford to allow the Devil to retain the things he has stolen from you and continue stealing from you. There is a popular saying that; "every day is for the thief, but one day is for the owner." I don't know how long the enemy has been stealing from you; it is time to recover and reclaim your losses. Many people lose one thing or the other every day because Satan steals every day. As God gives us daily benefits, so Satan gives us daily problems. Unfortunately, the majority of these set of people who had lost great riches and virtues to Satan, are making little or no effort to recover their belongings from the Devil. In John 10:10 Jesus said; "The thief does not come except to steal, and kill, and destroy" Many people are conversant with this scripture, yet they ignore this divine alarm. In this scripture, Jesus informed us that Satan is a thief and he comes to steal. It is the nature of Satan to steal. If he succeeds in stealing, it becomes easier for him to kill and destroy. This menace of Satan and his cohorts have reduced the potency of the virtues which God deposited in the lives of His people, and also render the destiny of many people useless. Satan has robbed many people of their salvation, gifts, talents, marriages, jobs, businesses, properties, and even their lives. There are certain facts about a thief you should know; 1) A thief comes without notification. 2) A thief comes to rob you of your goods and belongings. 3) A thief can do anything to get what he wants, even if it means killing someone. 4) A thief is cruel and wicked. 5) A thief sees stealing as a business and not an act of evil. 6) A thief comes each time he noticed that something good has come into someone's life. 7) A thief is not mindful of your loss. He is mindful of his gain. Etc. These ungodly characteristics of a thief should call for your attention, and also awaken you into realizing the damages the Devil might have done in the lives of many people, and the destruction he may still cause if you slumber in sleep and merry in relaxation without praying down the mighty hand of God to put an end to these evil operations of the Devil. You must be mindful of whatever the Devil has stolen from you and quickly seek for recovery through divine intervention. In the same John 10:10 where Jesus informed us about evil plans of the Devil against us, Jesus also told us what He (Jesus) has come to do for us; "I have come that they may have life, and that they may have it more abundantly" Satan came to steal, but Jesus came to recover and restore. Do you want to recover your losses? Then read this book meditatively and pray the prayers in it, and it will amaze you how God will miraculously recover your losses. In this book, you will gain the following revelation knowledge: 1) UNDERSTANDING "DIVINE WORKS OF RECOVERY" 2) HOW SATAN STEAL FROM PEOPLE 3) HOW GOD RECOVER AND RESTORE OUR LOSSES 4) OUR ROLES IN THE "DIVINE WORKS OF RECOVERY" 5) HOW TO RETAIN WHAT WE HAVE RECOVERED No one enjoys losing something good. A pregnant woman is never happy when she experiences miscarriage during pregnancy, or loses her child after birth. Businessmen and women feel so sad whenever they fail in any business venture. In sports, no team feels happy whenever they lose a match or tournament to their opponent. This is a general and natural feeling in all ramifications of life. This book will enlighten you and equally help you to avoid those things which make Satan have the edge over you and steal from you. Avoid any form of distraction while reading this book and invite the Holy Spirit to conduct "Divine works of recovery" in your life. Study this book with adequate devotion. Pray the prayers in this book, and you will see G PUBLISHER: TEKTIME

Recovery of the Lost Good ObjectRoutledge

This book is a product of the authors own experience and expertise. Paula Rose has a Masters Degree in Counselling. This book will help your journey through any kind of loss to recovery. Have you lost a loved one, a much need job, a marriage or any thing else? Then this book is for you. Loss is an experience that is familiar to us all. Life buffets us, we get hurt and as a result we grieve. And when our grief is left unresolved, it affects every aspect of our lives. What can you do when your heart is broken? What happens when you find yourself in one of the darkest periods of your life which can feel like the valley of the shadow of death? How can you cope when your whole life is turned upside down and when all that is familiar and held dear is suddenly gone? Nothing Good about Grief has the answer, so hit that Buy button. Because you are reading this book, there is a likelihood you are seeking a path to recovery. When you Buy this book, you hold in your hands a little ray of light and hope. Perhaps you are supporting someone whom you know is grieved, or just want to research the topic, then this book is for you. Like everyone else on the planet, I have experienced the dark valley of mourning. Without doubt, within these pages, you will find support and the good news you have been looking for. Change is all about us these days, and our reality is vastly different from a few months ago. Suddenly we all have become very vulnerable. The world is experiencing an unprecedented catastrophe. Collectively,

we weep and grieve. The worldwide pandemic of the Coronavirus (COVID-19) is still a reality for us all. This unforeseen disaster has swiftly taken the lives of loved ones, leaving the grieving disillusioned and struggling to make sense of it all. During the government-imposed lockdown, people lost livelihoods, assets, and social freedoms. The economy, families and marriages were all under great strain. People living together every day and night, with no respite, has caused domestic abuse to rise sharply across the world. Families lived in fear of loved ones who were meant to care and protect them. Basic daily needs became increasingly challenging to meet, and many others became homeless. We stayed home to stay safe, while daily routines and lifestyles were turned upside down. Restricted freedom of movement caused much psychological strain, and people felt hemmed in. The losses have been incalculable, unbearable, and extraordinary. Every human being on the planet shared a sense of unspeakable loss, collective grief, and we are left bereaved. Nothing will be the same again. What will the future look like? The good news is that all is not lost. this books shows the usefulness of the 23rd Psalm because it shows you the way forward and by applying its truth's we have a sure and certain hope for a happy future. Through all the grief and pain, Shepherd is walking with you, leading you on the right path to recovery. Grief is a natural reaction to loss. Bereavement is the process we go through when we grieve. Being a member of the human race means we walk through dark valleys throughout our lives. As described in Psalm 23, some of those valleys may feel like we are passing through death itself, dramatically changing our reality forever. We try to express to others how we are feeling. Careworn, we fail to find the words that accurately describe our pain. No one can take away our grief. We feel alone. The devastation of our anguish is not apparent but is visible to the heart. Finding a pathway through can be complicated. There is certainly nothing good about grief! My book will help you to understand and articulate what you are experiencing, and to come to terms with what's happening. The thoughts and ideas I present are the results of forty years of my personal and professional experience and theological understanding. When you are grieving a weighty book is challenging to cope with; therefore, I have written it as an easy read for you.

A unique 'backstory' of Alexander and his successors: the biased historians, deceits, wars, generals, and the tale of the literature that preserved them. 'Babylon, mid-June 323 BCE, the gateway of the gods; prostrated in the Summer Palace of Nebuchadrezzar II on the east bank of the Euphrates, wracked by fever and having barely survived another night, King Alexander III, the rule of Macedonia for 12 years and 7 months, had his senior officers congregate at his bedside. Abandoned by Fortune and the healing god Asclepius, he finally acknowledged he was dying. Some 2,340 years on, five barely intact accounts survive to tell a hardly coherent story. At times in close accord, though more often contradictory, they conclude with a melee of death-scene rehashes, all of them suspicious: the first portrayed Alexander dying silent and intestate; he was Homeric and vocal in the second; the third detailed his Last Will and Testament though it is attached to the stuff of romance. Which account do we trust?' In Search Of The Lost Testament Of Alexander The Great is the result of a 'decade of contemplations on Alexander' presented as a rich thematic narrative Grant describes as the 'backstory behind the history' of the great Macedonian and his generals. Taking an uncompromising investigative perspective, Grant delves into the challenges faced by Alexander's unique tale: the forgeries and biased historians, the influences of rhetoric, romance, philosophy and religion on what was written and how. Alexander's own mercurial personality is vividly dissected and the careers and the wars of his successors are presented with a unique eye. But the book never loses sight of central aim: to unravel the mystery behind Alexander's 'unconvincingly reported' intestate death. And out of Grant's research emerges one unavoidable verdict: after 2,340 years, the Last Will and Testament of Alexander III of Macedonia needs to be extracted from 'romance' and reinstated to its rightful place in mainstream history: Babylon in June 323 BCE. Although the result a decade of academic research, In Search Of The Lost Testament Of Alexander The Great is written in an entertaining and engaging style that opens the subject to both scholars and the casual reader of history looking to learn more about the Macedonian king and the men who 'made' his story. It concludes with a wholly new interpretation of the death of Alexander the Great and the mechanism behind the wars of succession that followed.

The pressure is on to cut plant emissions while still maintaining a cost-effective operation. Choosing the best solvent, being aware of potential problems, and the recovery of solvents has never been so important. Traditionally, solvents had been chosen on the basis of whether they can do the job effectively and economically. However, with regulations on exposure to solvent vapors becoming more stringent, selecting the solvent that meets regulatory, efficiency, and economical criteria as early as possible in the process has become paramount. Solvent Recovery Handbook, Second Edition sets out the physical properties of the fifty most commonly used solvents. The book supplies information on their behavior during and after use, health and fire hazards, the photochemical ozone creation potential (POCP), and recovery processes including practical aspects of the design and operation of batch stills. It delivers state-of-the art coverage of every available recovery and disposal technology - including removing solvents from gas, water, and residues, separating used solvents, and drying solvents. What's more, you'll find fact-filled sections on the latest equipment, safe effective operating procedures, choosing solvents with recovery in mind, and much more. Updated and expanded, Ian Smallwood's Solvent Recovery Handbook, Second Edition hands you all the practical tools you need to efficiently and cost-effectively process harmful organic solvents after re-capture.

This book is written to quicken your mortal body, stair up your spirit, and encourage you to stand to your feet and recover all that Satan and his cohorts have stolen from you. This highly original commentary, part of the New International Commentary, is unique for the way it combines concerns with first-century culture in the Roman world with understanding the text of Luke as a wholistic, historical narrative.

"Memoir of a child living in Berlin during World War II. Tells how the war affected three generations of middle-class German women who lived through the bombing of Berlin, the Russian and Allied occupation, the Berlin Airlift, and the postwar recovery"--Provided by publisher.

In keeping with past trends, full migration to this latest Microsoft Server Operating System will begin in earnest 12 months after its release, in mid-to-late 2004. This book will hit the market just as large enterprises begin the process of moving from Windows 2000 Server to Windows Server 2003. The title says everything you need to know about this book. No other book on the market combines this breadth and depth of coverage with the kind of product expertise and quality standard expected from Syngress. Every aspect of Planning, Installing, Configuring and Troubleshooting a Windows Server 2003 network is distilled and documented, with plenty of examples and illustrations. Unlike its competition, this is a book that was written from the ground up for Windows Server 2003. * Everything a System Administrator will ever need to know about running a Windows Server 2003 network. * This is the book that meets the needs of today's Windows Server 2003 professional. * Every aspect of Planning, Installing, Configuring and Troubleshooting a Windows Server 2003 network is distilled and documented, with plenty of examples and illustrations.

Although there are a number of views concerning its origins, modern Hebrew literature could be defined as being just two hundred years old. A convenient starting point might be the publication of the first letter of N. M. Wessely's *divre shalom veemet* in 1782, or the first issue of the periodical *amneasef*, which appeared a year later. During the following two centuries, considerable literature in Hebrew arose in many different places. The emphasis in this volume, composed of papers by distinguished scholars, is on the transition from the great centers of Hebrew creativity in eastern Europe—which fell into decline and disappeared in the terrible events between the years 1881 and 1945—to the new center in Palestine.

This historical romance embodies family memoirs and chronicles the journeys of the Konrad family through the life of Angele. Her love for singing classical numbers makes the novel a delightful find for any reader who recognizes the arias named or is curious about what a professional singing career entails. In addition, the detailed portrayals of various cultural markers or religious denominations—such as the Mennonites with their languages, customary habits and tastes, and common personality traits—are intriguing. Lastly, the novel also endeavours to capture the reality of grief over the death of a loved one, causing the reader to meditate on how one mourns over time and how one rises from life altering challenges.

>Freedom from addiction through the healing power of Christ. p> >Founded and based on Biblical scripture, lost & found is a Christ-centered approach that reaches beyond twelve step programs to help people grow in faith, strengthen their resolve, discernment, our love for one another and persevere through the trials of this world. p> >The apostle Peter gives us the outline for our Christian growth that includes all of God's word to endure and live out our purpose in our lives for His glory and our good. Many of us who come to Christ never get past the introduction of our salvation and thus don't grow in our faith and gain the strength from God to continue fighting the world and our own desires. p> >Through the seven principles outlined in 2 Peter 1:3-11, God has revealed, and continues to show throughout scripture, how this is a clear pathway to recovery from our broken lives. What is on God's heart? Can we really see His purpose for us? Could God actually show us a life beyond what we could dream possible? p> >We are so focused on ourselves and what our version of recovery looks like, we fail to trust God with his purpose for us and thus miss out on what God says we can't even imagine. ?Now to him who is able to do immeasurably more than all we ask or imagine, according to his power that is at work within us,? (Ephesians 3:20 NIV) p> >We must therefore trust God with our recovery. Who better to surrender it all to than the one who created us and knows what's best for our lives? p>

Recovery of the Lost Good Object brings together the hugely influential papers and seminars of Eric Brenman, revealing his impact on the development of psychoanalysis and allowing a better understanding of his distinctive voice amongst post-Kleinian analysts. Gathered together for the first time in one volume, Eric Brenman's papers give the reader a unique insight into the development of his clinical and theoretical thinking. They highlight many issues which are relevant to the present debate about psychoanalytic technique,

including: The Narcissism of the Analyst Hysteria The Recovery of the Good Object Relationship Meaning and Meaningfulness Cruelty and Narrowmindedness The Value of Reconstruction in Adult Psychoanalysis The second half of the book documents three of the clinical seminars and covers the transgenerational transmission of trauma, the analysis of borderline pathology and the psychoanalytical approach to severely deprived patients. This collection will be welcomed by all psychoanalysts and psychotherapists, and other members of the helping professions interested in investigating the valuable contribution that Eric Brenman has made to contemporary psychoanalysis.

In *Torments of the Soul*, Antonino Ferro revisits and expands on a theme that has long been at the heart of his work: the study of dreams during sleep and in the waking state, and the psychoanalytic narrative. Following Bion, he focuses on the importance of what he sees as the task of contemporary psychoanalysis for generating, containing and transforming previously unmanageable emotions with a clinical psychoanalytic context. Antonino Ferro explores the concepts of 'transformations in dreaming', the session as a dream, individuals transformed into characters, the interpretation of these characters, and readings of them as the functioning of a single mind or as an analytic field created by the meeting of two minds: the client's and the analyst's. Here, a new identity, the analytic field, is formed from the reverie of both participants, which makes it possible to work on complex, nonlinear phenomena in a radical way, creating a 'royal road' to the unconscious communication of the patient. *Torments of the Soul* contains a plethora of clinical vignettes from the author's extensive psychoanalytic work with adults and children to illustrate the substantial theoretical progression he advocates here. Offering significant and important new interpretations of theories and ways of working with patients, this book will be essential reading for psychoanalysts, psychotherapists, psychologists, students of these fields and those interested in the human sciences.

Includes proceedings of the Association, papers read at the annual sessions, and list of current medical literature.

"The Flower Lost – The Ruby Jewel Story" is based upon a true story. The story is presented by Priscila House, a program dedicated to the care and concern of all those who suffer. It is the story of one woman's struggle to recover from the effects of childhood abuse, sexual molestation, and parental neglect. The story follows the tragic and sometimes heartbreaking events involving the lives of a young woman and her family. Her personal experiences begin with early childhood experiences of sexual abuse beginning at age nine. It also gives accounts of numerous incidents of physical and sexual abuse, rapes, and forced incest. The story details severe parental neglect and abuse.

Why has Japan's lost decade become the lost two decades? This book attempts to provide a novel perspective on causes of stagnant productivity growth of the Japanese corporate sector during the lost two decades. Exploiting the corporate financial dataset compiled by the Development Bank of Japan, it shows empirical evidence that an excessive conservative financial policy of firms in good standing were responsible for sluggish reallocation of productive resources after the recovery of "zombie" firms. The questions taken up in the book include: How can "zombie" firms be properly identified only on the basis of financial data? Why did a majority of "zombie" firms eventually recover? Why did the productivity and profitability of the corporate sector as a whole remain low even after the recovery of "zombie" firms? Why did firms in good standing stick to an excessive conservative financial policy and seem reluctant to invest for innovation? What can be the effective prescription to revitalize these firms in good standing?

Supported by both in-depth data analyses and rich anecdotal evidence, this book is highly recommended to readers who seek a convincing and comprehensive explanation of Japan's lost two decades from the financial and corporate behavioral points of view.

W. Irvin Koen believes in and practices empowering people to fulfill the destiny that was created for them. He is committed to teaching you how to be delivered from religious bondage, financial bondage, spiritual bondage, guilt-related bondage, and sexual and psychological bondage. This objective will be achieved by presenting new theological assumptions that promotes spiritual growth, the affirmation of individual worth, calling, gifts and destiny of the individual. This book is dedicated to breaking the forces that have held people captive for generations. If you want to think for yourself, achieve all you can here and now, have more joy and success in your life, and make true prosperity a reality, YOU cannot afford to ignore the opportunity presented by reading the volume of this book. The author is progressive, intelligent, moral, and spiritual, and will engage you in faith based awareness, worship, and life-style.

What is the truth of the unconscious? *Truth and the Unconscious in Psychoanalysis* explores the intersection of these two concepts within a Bionian framework. Giuseppe Civitarese maps out the unconscious in psychoanalysis, and focuses on the differences between the Freudian, Kleinian, Bionian and Lacanian schools of thought on this topic, as well as drawing on findings from neuroscience. The book explores topics including the inaccessibility of the unconscious, dreams, body issues, issues of personality, the influence of field theory and the clinical implications of this theorising. It contains innovative comparison between Freudian metapsychology and the Bionian theory on thinking, and novel use of Bion's hallucinosis as an important new technical tool. An internationally recognised author, Civitarese provides fresh ideas throughout on a challenging subject, supported with vivid clinical material. *Truth and the Unconscious in Psychoanalysis* will be of interest to anyone following the growing post-Bionian movement within contemporary psychoanalysis, enabling them to familiarize themselves with some of the most important current issues in psychoanalytic research. *Truth and the Unconscious in Psychoanalysis* will appeal to psychotherapists, psychologists and psychoanalysts, as well as undergraduate and postgraduate students studying in the field.
