

This groundbreaking study offers a major reinterpretation of American strategy during the first half of the Vietnam War. Gregory A. Daddis argues senior military leaders developed a comprehensive campaign strategy, one not confined to 'attrition' of enemy forces. This innovative work is a must for a genuine understanding of the Vietnam War.

Wars are not fought by politicians and generals--they are fought by soldiers. Written by a combat veteran of the Vietnam War, Not a Gentleman's War is about such soldiers--a gritty, against-the-grain defense of the much-maligned junior officer. Conventional wisdom holds that the junior officer in Vietnam was a no-talent, poorly trained, unmotivated soldier typified by Lt. William Calley of My Lai infamy. Drawing on oral histories, after-action reports, diaries, letters, and other archival sources, Ron Milam debunks this view, demonstrating that most of the lieutenants who served in combat performed their duties well and effectively, serving with great skill, dedication, and commitment to the men they led. Milam's narrative provides a vivid, on-the-ground portrait of what the platoon leader faced: training his men, keeping racial tensions at bay, and preventing alcohol and drug abuse, all in a war without fronts. Yet despite these obstacles, junior officers performed admirably, as documented by field reports and evaluations of their superior officers. More than 5,000 junior officers died in Vietnam; all of them had volunteered to lead men in battle. Based on meticulous and wide-ranging research, this book provides a much-needed serious treatment of these men--the only such study in print--shedding new light on the longest war in American history.

Widely acclaimed as the Vietnam War's most highly decorated soldier, Joe Ronnie Hooper in many ways serves as a symbol for that conflict. His troubled, tempestuous life paralleled the upheavals in American society during the 1960s and 1970s, and his desperate quest to prove his manhood was uncomfortably akin to the macho image projected by three successive presidents in their "tough" policy in Southeast Asia. Looking for a Hero extracts the real Joe Hooper from the welter of lies and myths that swirl around his story; in doing so, the book uncovers not only the complicated truth about an American hero but also the story of how Hooper's war was lost in Vietnam, not at home. Extensive interviews with friends, fellow soldiers, and family members reveal Hooper as a complex, gifted, and disturbed man. They also expose the flaws in his most famous and treasured accomplishment: earning the Medal of Honor. In the distortions, half-truths, and outright lies that mar Hooper's medal of honor file, authors Peter Maslowski and Don Winslow find a painful reflection of the army's inability to be honest with itself and the American public, with all the dire consequences that this dishonesty ultimately entailed. In the inextricably linked stories of Hooper and the Vietnam War, the nature of that deceit, and of America's defeat, becomes clear.
