Download for FREE with Kindle Unlimited This is a 8,000 words EROTIC stand-alone story with an HEA, so no cliff-hangers! Anne's father, Lord Furston is a man who is set in his ways. He is conservative, and has become even more so since the death of Anne's mother. He uses his routine as a comfort to ease her passing. The only thorn in his side is that his daughter is still not married. He arranges for her to marry Lord Bourne, a man about his own age, but with a great wealth. Anne agrees to meet with the Lord, though she does not like the idea. It is not the Lord himself that makes an impression on Anne, but his son Drake. When Drake declares his undying love for Anne, she must make a decision. Does she make her father happy and accept an easy life as Lord Bourne's wife? Or does she choose Drake? It is no easy choice.

----- EXCERPT FROM BOOK Anne remained quiet much of the next morning as she and her father each busily prepared for their trip to Wolford. Lord Furston interpreted his daughter's silence as an acquiescence. He thought she had come to her senses, and realized that he had her best interest at heart and that being married to a powerful Lord like Lord Bourne would be good for her life. Lord Furston was dreadfully incorrect on all accounts. Anna was thinking very deeply as her maid helped her get ready. Her hair was plaited and she was squeezed into a bulky gown. Anne felt that she looked her best in a simple house dress, but the situation called for more formal attire. She had ribbons put in her hair, and her face powdered. Her maid chattered away about how lucky she was, and how Lord Bourne's servants spoke most highly of his character. Anne was polite to her maid, whom she cared for dearly, but she did not expose the contents of her heart. Anne Furston was considering running away. She was not starry-eyed. She understood that if she ran away, she would be required to become a seamstress, a governess, or some labor-intensive position. This did not frighten her. Her privileged existence had not rendered her incapable of labor, and in fact delighted in helping the servants whenever her father did not take care to notice. It was undoubtedly a radical idea to consider, but she felt that her father was pushing her to it. She could not marry a man her father's age, no matter how kind and generous he was. She was a believer in romantic love, and although she was not seeking to be married, she had not ruled out the possibility of falling in love. She had seen the way her parents loved each other, and she wanted to emulate such a love. She had assumed her father would respect those wishes, despite his conservatism, and it was possible that had her mother lived, this might have been true. But her father was very changed and very serious about her marrying against her will. She had a plan. AUTHOR'S NOTE: This is a 8,000 word stand-alone story with an HEA, so no cliff-hangers! Story contains mature themes and language, and is intended for 18+ readers only.

He's a patient gentleman and can give her time to get used to him. What he doesn't count on, however, is just how strange everything is when he gets to the country estate. rather than gender, Historical Romance Fiction moves the ongoing debate about the value and appeal of heterosexual romance onto new ground, testing the claims of cutting-edge critical theorists on everything from popular classics by Georgette Heyer, to recent 'bodice rippers,' to historical fiction by John Fowles and A.S. Byatt. Beginning with her nomination of 'I love you' as the romance novel's defining speech act, Lisa Fletcher engages closely with speech-act theory and recent studies of performativity. The range of texts serves to illustrate Fletcher's definition of historical romance as a fictional mode dependent on the force and familiarity of the speech act, 'I love you', and permits Fletcher to provide a detailed account of the genre's history and development in both its popular and 'literary' manifestations. Written from a feminist and anti-homophobic perspective, Fletcher's subtle arguments about the romantic speech act serve to demonstrate the genre's dependence on repetition ('Romance can only quote') and the shaky ground on which the romance's heterosexual premise rests. Her exploration of the subgenre of cross-dressing novels is especially revealing in this regard. With its deft mix of theoretical arguments and suggestive close readings, Fletcher's book will appeal to specialists in genre, speech act and performativity theory, and gender studies.

change of heart, and his true feelings can no longer be ignored. "Nicholas found himself taken aback by his own thoughts. His momentary fixation with Lillian's keen blue eyes, and the gentle curve of her lips, was unexpected. When had he begun to realize how beautiful his childhood friend had become? When had his appreciation for her charms developed this new dimension?" Will romance blossom from the warmth of friendship? Lillian told him plainly why a marriage between the two of them wouldn't work. But she could not banish the thought from her mind of how happy the two of them could have perhaps been. "It saddened her to think of Nicholas wed, to picture him happy at home with a wife who attended to his every need. Doubtless when he wed, the companionship of his bride would leave him with little need to seek Lillian's company. She would fade to the edges of his life, just as she faded to the periphery of every crowd she found herself within." Read the endearing Regency love story in: [Falling For The Wallflower](#)

*Seductive Silence* (Book 1) – Pestered by a persistent stammer, a regency lord with a keen interest in orreries and boxing—but not in talking—must find a way to woo his new mistress without words. Recently widowed and increasingly poor, Thea's been reduced to sharing her rented room with rodents and arguing over every morsel (the mice usually win). So when a friend suggests Thea consider a scandalous alliance, she cannot help but be intrigued... *Lusty Letters* (Book 2) – Thea's fascinating new protector has secrets—several. Hesitant to destroy her newfound circumstances, she stifles her longing to know everything about the powerfully built—and frustratingly quiet—Marquis. But then his naughty notes start to appear, full of humor and wit, and Thea realizes she's about to break the cardinal rule of mistressing—that of falling for her new protector. Egad. Lord Tremayne takes to writing letters to woo his new mistress, little realizing how their fun, flirty exchanges will quickly become the light of his day. Or how wretched he'll feel when the charming Thea suggests they banter in person, possibly pen poetry—together. Blazing ballocks! Is she insane? *Daring Declarations* (Book 3) – An evening at the opera could prove Lord Tremayne's undoing when he and his lovely new paramour cross paths with his sister and brother-in-law. Introducing one's socially unacceptable strumpet to his stunned family is never done. But Daniel does it anyway. And it might just be the best decision he's ever made, for Thea's quickly become much more than a mistress—and it's time he told her so.
