

Rumi Whispers Of The Beloved

Rumi, one of the most celebrated mystics of all time, chose poetry to communicate his deep spiritual experiences. His language, that of love in its purest form, speaks to us today as it did seven hundred years ago, surpassing time and bridging cultures. These poems, most of them translated into English for the first time from the original Persian, were carefully selected from two thousand of Rumi's quatrains. Arranged thematically, they take us on a journey of the soul. Persian calligraphy enhances the beauty of the poems. Discover the depths of a mystic's soul. Fly with him on his beloved's wings. Fall with him into the despair and fear of losing his beloved forever. Discover the beauty and love contained in this wonderful little book of poetry.

A breathtaking new collection of translations of poems by Rumi, one of the world's most loved mystical teachers. Beautifully illustrated with Persian calligraphy, this is an ideal ebook for every MBS reader.

This is the first complete translation of the nearly 2,000 quatrains attributed to Jalaluddin Rumi, the famous 13th century mystical poet. It is the result of over 22 years of collaboration by an American Rumi scholar and an Afghan scholar of Persian literature. It should appeal to a wide variety of lovers of Mawlana Rumi's poetry, not just specialists: general readers who seek a deeper understanding of his spiritual teachings than popularized books (often interpretive versions claimed as translations) can provide, as well as those interested in religious mysticism in general and Islamic mysticism (sufism) in particular. The quatrains are ordered according to stages and themes of the 'lover and beloved' (spiritual disciple and sufi master). Most of the translations are followed by explanatory notes: those intended for the general reader have asterisks and often refer to the Notes, an appended glossary. Readers who have access to previously published translations and versions of the quatrains can use the appended Concordance to make comparisons. Quatrains in the earliest manuscripts that have been found to be composed by earlier poets have been identified and placed in another appendix. Few of the quatrains have been previously translated by scholars; the quatrains in popularized books are often distorted versions, mostly rendered by authors who do not know Persian; those who do often tend to omit, change, or add. Here, the poems are presented in the context of the Islamic sufi poetry in the Persian language 800 years ago: 'wine' and 'drunkenness' do not involve alcoholic intoxication, but are metaphors for the 'mystical taste' of spiritual grace and ecstasy. The lover's longing and self-effacing love is not 'romantic', but spiritual love of the seeker for his sufi guide. This love is a means to the goal of pure worship of God Most High, the 'only Beloved', that necessitates self-effacement and mystical 'drowning' in the reality described in the Qur'an: 'Everything perishes except His Face.'

This book offers a paradigm shift and fresh interpretation of Rumi's message. After being disentangled from the anachronistic connection with the Mevlevi order of Islamic Sufism, Rumi is instead placed in the world of philosophy.

This book is designed to help students understand the culture and history of the world's largest religions. The development, spread, teachings, practices, holy days, and festivals are all covered in a concise, yet thorough manner. In addition to valuable historical and practical information, the books provide maps, questions for discussion, essay ideas, key word lists, and answer keys.

A SPIRITUAL FEAST! Even as the moth is drawn to self-immolation in the brightness of the candle's flame, so is the spirit of the mystic drawn to self-immolation as it soars to the Sun of its own being. The earth ceases to exist and the heavens grow ever brighter. Words are tattered beyond repair and the spirit becomes one with the living Flame of Love. Such is the ecstasy and the passion as the mystic reaches ever deeper into the mysterious Source of all. Once triumphant in the journey, the realized souls moved by compassion, return to assist others in the upward path. Individually commissioned as the need arises, they come into the

While beliefs and practices differ, what ignites the human heart to quest for the mystical, the unknowable, the holy just beyond understanding, is the same. The Call of the Mourning Dove: How Sacred Sound Awakens Mystical Unity offers a new paradigm, the Sonic Trilogy of Love, that details how sacred sound, embedded in the ancient canons across faith traditions, creates just such a portal into this unmitigated experience of God. Because the experience is ubiquitous across faith traditions, it does not matter whether a seeker has embarked on an eclectic quest for God or remains deeply committed to questing within one particular faith tradition. All seekers, known as Lovers within the Trilogy, discover that by intoning the sacred sounds, the Love embedded in the ancient languages, the conditions are set to experience unity with God, the Beloved. This unity occurs in unforeseen moments, as love, the core organizing principle of the Trilogy, circles in on itself, dissolving all distinctions, leaving the Lover filled with only the silent wonder of God. And, graciously, nothing is the same.

The Possibility of Love is an exploration of a concept close to the human heart. Grounded in the ordinary, everyday experiences of human living, the book provides an exploration of the diverse obstacles to the experience of love, the consequences of love's absence, and the unquenchable desire for love which propels, influences and ultimately motivates much of human behaviour. The Possibility of Love poses the question: is love actually possible between human beings, or is it an ideal, a fantasy, an illusion, or a comforting aspiration which enables a palliative denial and distortion of the reality of human being? This expansive question is approached through an interdisciplinary analysis. The author addresses the question of love's possibility as it is explored in a selection of literature from the disciplines of philosophy, psychoanalysis and poetry. The interdisciplinary nature of the study is based on the assertion of an interconnection between the three disciplines, and that this interconnection enables a unique and insightful exploration of the question of love's possibility. Thus, the question is explored from diverse view-points, and also from different time-frames; convergences and divergences are noted and discussed, and conclusions are drawn from the ensuing findings. The book is essentially a philosophical analysis of an emotion that significantly impacts on human experience. It attests to the gradually increasing acknowledgement of the power of emotional experience in the search for knowledge, wisdom and truth. Thus, it is a uniquely honest exploration of human nature in contemporary times.

Sometimes illumination occurs spontaneously or, as Ram Dass experienced, in a heart-wrenching moment of opening. More commonly, it happens when we polish the mirror of the heart with daily practice—and see beyond the illusion of our transient thoughts and emotions to the vast and luminous landscape of our true nature. For five decades, Ram Dass has explored the depths of consciousness and love and brought them to life as service to others. With *Polishing the Mirror*, he gathers together his essential teachings for living in the eternal present, here and now. Readers will find within these pages a rich combination of perennial wisdom, humor, teaching stories, and detailed guidance on Ram Dass' own spiritual practices,

Life itself is an ironical battle of sorts, where we strive hard to control and win the world but often fail to control our own lives. Most of us praise spirituality but fail to follow it and recognize its potential in the true sense; the reason—we chase false goals but never attempt to chase the true light that rests within. The author, a believer of God, shares her spiritual realizations led by her own experiences of life, and interprets them in two themes – “God” and “Love”. The author’s prescription to win the story of life in three distinct ways: • Through self-realization, • Embracing love, which is the language of the universe, and • Surrendering to the Supreme Power. Rooh-e-Rumi presents many thought-provoking selections of Rumi, the famous thirteenth-century Persian poet. What is not known about me is that I was greatly influenced by the understandings and philosophy of the magi who were the followers of the sacred fire. I had thoughts put into my mind while I slept and during times of deep silence about the sacredness of all life and about how to accept things in life without discarding any of it. I followed this and never gave up on finding God, for in rejecting any part of God, I was rejecting God entirely. Now in modern times, people must carefully examine what supported them before and make adjustments and corrections wherever necessary. I wanted to bring my writings in a newer form that would suit your present Earth reality because of the changing times and planetary shift. To do this, I chose my old student, Rae (he was one of the students at the seminary in Konya), to bring forth this new understanding to help people remember the Law of One and the Family of God. I
