

Security Training Manuals

The Effective Security Officer's Training Manual, Third Edition teaches today's security officers the most important aspects of performing the job of a security officer professionally and effectively. Training is the most important element in becoming a professional security officer, but it is also often overlooked or underutilized. This straightforward, easy-to-follow, and well-organized text covers the essentials that security officers need as they face issues of growing technology and an emphasis on proactiveness and vigilance. The Effective Security Officer's Training Manual, Third Edition also covers many topics of current concern such as sexual harassment, crowd control, cultural diversity, persons with special needs, new technologies, and much more. With discussion questions at the end of every chapter and a full ancillary package accompanying the text, this manual is a comprehensive tool for developing a career as a successful and trusted professional security officer. • Meets ASIS International's guidelines for Private Security Officer Selection & Training. • Addresses the latest technological advancements that impact how today's security officers do their jobs. • Discusses the increased role security officers have in observing and reporting suspicious activities and events. • Includes end-of-chapter discussion questions to enhance understanding.

"This ... manual was developed to meet the most stringent standard. It represents over

24-60 hours of study materials. It also includes a legal section that discusses uniform requirements, levels of crime from simple assault to trespassing to felonies, to the use of deadly force ... [T]his manual is used every day in over 20 state-licensed training centers to train pupils around the US"--Page 4 of cover.

This revised edition retains the exceptional organization and coverage of the previous editions and is designed for the training and certification needs of first-line security officers and supervisors throughout the private and public security industry. *

Completely updated with coverage of all core security principles * Course text for the Certified Protection Officer (CPO) Program * Includes all new sections on information security, terrorism awareness, and first response during crises

Security companies and officers differ about as much as their clients. This IASP training program must be fitted to the needs of individual companies and officer. This basic manual must continually be revised to meet changing times. Thus, the manual has deliberately been left "loose" in some areas to allow for a variety of applications and innovations by different security companies.

Effective and practical security officer training is the single most important element in establishing a professional security program. The Effective Security Officer's Training Manual, Second Edition helps readers improve services, reduce turnover, and minimize liability by further educating security officers. Self-paced material is presented in a creative and innovative style Glossaries, summaries, questions, and practical exercises

accompany each chapter

Unwarranted events occur no matter how safe we make our schools. Our job, as stewards of students, is to learn from past events and to train, prepare, and better equip ourselves for future threats. How Administrators and School Security Officers respond to events that occur on their campuses are often a deciding factor in the successful resolution of the events themselves. The more trained an individual, the better they are prepared to handle situations that can happen on a school campus. The School Safety and Security Training Manual combines the knowledge of many professionals involved in the area of school safety and security, including school administrators, police, and school security training professionals into one ready-made-guide.

Completion of the Security Supervisor Program is the initial step towards designation as a Certified Security Supervisor (CSS). This volume, written by 30 of the industry's leading security supervisors, authors, educators, and consultants is a complete source of training information for the aspiring security supervisor. It will improve knowledge about the diverse critical issues affecting today's security professional including personnel selection, quality control, outsourcing, etc. Written for the International Foundation for Protection Officers' Security Supervisor Program, this book will guide the security professional to a complete mastery of leadership skills. Serves as course text for the Certified Security Supervisor (CSS) program from International Foundation for Protection Officers. Includes the most up-to-date issues facing security supervisors such as cultural diversity, quality control, and professional ethics. A complete training manual for security supervisors which covers skills essential to
