10 in ONE CBSE Study Package Science (set of 3 books - PCB) class 9 with 3 Sample Papers has 10 key ingredients that will help you achieve success. 1. Chapter Utility Score(CUS) 2. Exhaustive Theory with Concept Maps 3. Text Book exercises 4. VSA, SA & LA Questions 5. Past year questions including 2017-18 Solved papers 6. HOTS/ Value based/ Exemplar 7. Past NTSE + Exemplar MCQ's 8. 15 Chapter Tests with Solutions 9. Important Formulas, Terms & Definitions 10. 3 Sample Papers with detailed solutions

Thoroughly updated to cover new technological advances from the Internet to the Mars expedition, a profusely illustrated, colorful encyclopedia explains more than two thousand scientific subjects in a lively way geared to children.

An illustrated guide to all the major branches of science.

The study of NCERT helps students greatly in various competitive and entrance exams. For prestigious IIT JEE and NEET, NCERT books are all you need to strengthen the fundamentals of the subjects. But students often face problem in understanding the concepts which is why they fail to succeed. To facilitate an easy learning, Doctor Dilip Gangwar who is known throughout the country for his 'Art of Teaching Biology' conceived an idea of bringing out a comprehensive book written in a highly simplistic manner and supported by all the possible elements to enhance the conceptual clarity. Biology Simplified NCERT for class XI is a newly designed book by him which is based on the latest exam pattern and syllabus of NEET UG/AIIMS. It has 22 chapters written in an easy-to-digest manner which qualifies aspirants to comprehend theories with full clarity and reinforces their ability to answer the concept-based problems intellectually. Aimed at easing the study level of NCERT, this book is highly approachable and ensures to help you gain mastery over the subject. Table of Contents The Living World, Biological Classification, Plant Kingdom, Animal Kingdom, Morphology of Flowering Plants, Anatomy of Flowering Plants, Structural Organisation in Animals, Cell: The Unit of Life, Biomolecules, Cell Cycle and Cell Division, Transport in Plants, Mineral Nutrition, Photosynthesis in Higher Plants, Respiration in Plants, Plant Growth and Development, Digestion and Absorption, Breathing and Exchange of Gases, Body Fluids and Circulation, Excretory Products and their Eliminations, Locomotion and Movement, Neural Control and Coordination, Chemical Coordination and Integration

An illustrated (mostly in color) guide to the common species of mammals, birds, reptiles, amphibians, insects, spiders, trees, shrubs, flowers, ferns, fungi, and grasses found in suburban areas east of the Mississippi. Also teaches how to find less common species and how to attract them to the yard. Annotation copyrighted by Book News, Inc., Portland, OR

10 in ONE CBSE Study Package Science Class 9 with Objective Questions has 10 key ingredients that will help you achieve success. 1. Chapter Utility Score(CUS) 2. Exhaustive Theory with Concept Maps 3. Text Book exercises 4. VSA, SA & LA Questions 5. Past year questions (Term I & II) 6. HOTS/ Value based/ Exemplar 7. Past NTSE + Exemplar MCQ's 8. 15 Chapter Tests with Solutions 9. Important Formulas, Terms & Definitions 10. 3 Sample Papers provided Online on latest pattern with detailed solutions

Introduces various methods of animal locomotion, discussing quadrupedal gaits, flight, aquatic movement, and more unconventional variations.

10 in ONE CBSE Study Package Biology class 11 with 3 Sample Papers is another innovative initiative from Disha Publication. This book provides the excellent approach to Master the subject. The book has 10 key ingredients that will help you achieve success. 1. Chapter Utility Score: Evaluation of chapters on the basis of different exams. 2. Exhaustive theory based on the syllabus of NCERT books 3. Concept Maps for the bird's eye view of the chapter 4. NCERT Solutions: NCERT Exercise Questions. 5. VSA, SA & LA Questions: Sufficient Practice Questions divided into VSA, SA & LA type. . 6. HOTS/ Exemplar/ Value Based Questions: High Order Thinking Skill Based, Moral Value Based and Selective NCERT Exemplar Questions included.. 7. Chapter Test: A 15 marks test of 30 min. to assess your preparation in each chapter. 8. Important Formulas, terms and definitions 9. Full syllabus Model Papers - 3 papers with detailed solutions designed exactly on the latest pattern of CBSE. 10. Complete Detailed Solutions of all the exercises.

Now published by Academic Press and revised from the author's previous Five Kingdoms 3rd edition, this extraordinary, all inclusive catalogue of the world's living organisms describes the diversity of the major groups, or phyla, of nature's most inclusive taxa. Developed after consultation with specialists, this modern classification scheme is consistent both with the fossil record and with recent molecular, morphological and metabolic data. Generously illustrated, now in full color, Kingdoms and Domains is remarkably easy to read. It accesses the full range of life forms that still inhabit our planet and logically and explicitly classifies them according to their evolutionary relationships. Definitive characteristics of each phylum are professionally described in ways that, unlike most scientific literature, profoundly respect the needs of educators, students and nature lovers. This work is meant to be of interest to all evolutionists as well as to conservationists, ecologists, genomicists, geographers, microbiologists, museum curators, oceanographers, paleontologists and especially nature lovers whether artists, gardeners or environmental activists. Kingdoms and Domains is a unique and indispensable reference for anyone intrigued by a planetary phenomenon: the spectacular diversity of life, both microscopic and macroscopic, as we know it only on Earth today. • New Foreword by Edward O. Wilson • The latest concepts of molecular systematics, symbiogenesis, and the evolutionary importance of microbes • Newly expanded chapter openings that define each kingdom and place its members in context in geological time and ecological space • Definitions of terms in the glossary and throughout the book • Ecostrips, illustrations that place organisms in their most likely environments such as deep sea vents, tropical forests, deserts or hot sulfur springs • A new table that compares features of the most inclusive
