Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Provides tips for setting up a craft business along with instructions for sixteen sewing projects.

Hand Sewing For Beginners The Easy Step-By-Step Guide To Hand Sewing And Starting A Craft Business - Discover Amazing Sewing Projects To Make And Sell Online Love the rhythm of hand sewing, but I do substitute machine sewing when the time is of the essence. "Doing it right" when it comes to basic techniques such as cutting, marking, and stitching will ensure the projects you make will be ones that you are proud to wear or use in your home. This book will help you master the essential steps for planning and sewing garments and basic home-decor items. Sewing is a treasured creative skill that soothes and satisfies my creative soul. In the pages of this book, you will find answers to many of the most basic sewing questions. The field is so broad that I found it necessary to home in on basic techniques that every sewer needs to guarantee success. And I've included many that vary from the standard directions you'll find in sewing-pattern guide sheets, those that will make your sewing easier and the resulting project more professional looking. There's

Sedona happily turns down Steve Huntington's latest undercover project when Mark gets her a job testing advanced cell phones. But if the dead body of her co-worker is any indication, the new job may not prove to be any safer than Huntington's covert assignments.

Sedona finds herself knee-deep in dirt and tangled in clues that unravel faster than the baby bib she is supposed to be sewing for her niece. Her parents are in town to visit the new baby, and Mark has decided it's time for Sedona to meet his mother. Can she somehow endure family interferences and stay alive long enough to solve the case?
