Description Choose Life tells of a journey of personal growth and development, set against the realities of a stressful modern lifestyle. It shows the search for meaning and fulfilment in life, and takes a refreshingly honest and holistic approach to living the life that you want to live - one that is easily accessible, and very different from the usual 'ten easy steps to fulfilment' or promises of 'enlightenment in 30 days'. Over 260 pages. About the Author Paul Johnson was born in the north-east of England in 1970, and raised in South Yorkshire, where he lives with his wife and three children. He has spent the last fifteen years studying martial arts and their accompanying philosophies, and believes that we can all find a lasting sense of peace and fulfilment. Paul's interests include walking the dog, eating curry, and practical self defence, though preferably not all at the same time. Choose Life is his first book.

The thrilling Shadow Saga collected in one volume for the first time. "A first-rate sword-and-sorcery tale, with intriguing characters, that moves at a quick pace" (Booklist). Shadow's Son In the city of Othir, there are two kinds of people—the dead and those ones who made them that way. Caim is certainly not dead. Orphaned and adrift, Caim grows up to become a cold-blooded assassin with the aid of his ethereal companion Kit—a useful-but-maddening spirit only he can see or hear. And as far as Caim is concerned, he doesn't need anyone else getting that close to him. But that changes when he's betrayed on what should have been a simple job—and his only chance for survival lies with Josephine, the young daughter of the very nobleman he was hired to eliminate. Soon Caim is caught in a wide-ranging conspiracy that stretches from Othir's gilded halls of power to its bloodied alleyways. He must stay sharp if he is to uncover a cabal of traitors, keep Josey alive, and confront the forgotten truth of his own dark past... Shadow's Lure After helping his lover Josephine lay claim to the throne of Nimea, the assassin Caim has ventured north to the land that has haunted his dreams—cold, unforgiving Eregoth. He departs seeking answers to his parents' murder and hoping that this knowledge will explain his ability to bend the shadows to his will. In searching for his past,

Caim wanders into war. But Eregoth is threatened by a power more terrifying than any army—the witch Sybelle, Queen of the Dark. If given the chance, her aims at destruction would not cease at Eregoth but storm through Nimea where Josey struggles to secure her reign. With nothing more than a force of ragtag warriors at his side, Caim knows that standing against Sybelle's onslaught may be suicide. But as a son of the Shadow, he has no choice but to fight. Even if every life he takes brings him closer to the blackness that would claim him body and soul... Shadow's Master In the far wastes of the Northern Marches, the assassin Caim lies in wait. Though he and his allies have defeated the monstrous witch Sybelle, there is a greater threat looming ahead... The Master--a being of nightmarish power who rules the Shadows and holds the answers that Caim has been searching for all his life. But before he can meet his greatest enemy, Caim must face an assassin whose skills and strength eerily match his own. Meanwhile, Empress Josey and the land of Nimea have fallen prey to an unforeseen attack by a barbarian army. Even if he somehow survives, the truth Caim has been seeking for so long may not offer solace. For the destiny he has sought for so long may be the very thing that curses him to a life of eternal darkness and damnation...

In the history of the twentieth century, the role of the military intelligence services in the competition among nations is still murky. Among the world's foremost intelligence services, those of Imperial Japan remain the least known. Few stories are as compelling as those surrounding the Japanese Army's Nakano School. From 1938 to 1945, the Nakano School trained more than 2,000 men in intelligence gathering, propaganda, and irregular warfare. Working in the shadows, these dedicated warriors executed a range of missions, from gathering intelligence in Latin America to leading commando raids against American lines in Papua New Guinea, in the Philippines, and on Okinawa. They played major roles in operations to subvert British rule in India, and they organized Japanese civilians into guerrilla units that would have made the invasion of Japan a bloodbath. One graduate used his Nakano commando training to elude U.S. and Philippine military patrols until emerging from the jungle nearly thirty years after the war's end. In the decades after World War II, graduates of the school worked to obtain from the United States and Russia the release of imprisoned war criminals and the recovery of lost territory, including Okinawa. Based on archival research and

the memoirs of Japanese veterans, *The Shadow Warriors of Nakano* shines a much-needed light into the shadows of World War II and postwar Japanese affairs.

The zombie--popular culture's undead darling--shows no signs of stopping. But as it develops to suit changing audience tastes, its characteristics transform. This collection of new essays examines the latest incarnation, the romantic zombie, a re-humanized monster we want to help, heal and connect with rather than destroy. The authors discuss our increasingly sympathetic view of the reanimated dead as more than physical bodies devoid of life and personality. Their essays cover a range of topics, including audience obsession with Apocalyptic love; the problem of a kinder, gentler undead; the millennial reinvention of the "sexy zombie"; and "uncanny valley romance."

Two Men - An Invading Alien Army The Prize EARTH Wade Ferris had given up fighting for others, or so he thought. Content to run the small motel he had bought in the beachfront area of Waikanae. The quiet life suited him, especially in winter when there no guests to worry about. Tonight, was no different than any other winter's night. It was raining hard and the sound of the breakers hitting the beach made everything seem normal. The night, however, wasn't going to be like every other night. It was going to be the first night in a series of events that would drag him into a fight for survival against a force of Extraterrestrial Invaders that planned to colonize Earth and make it their own. There was one problem with that idea. It was his world, and he wanted it back. He had fought and bled for it and no one was going to take it away from him without a fight. If the Invaders wanted it so badly, they would pay dearly for it.
