"Queen Anne' was more than a style of architecture: its influence can be traced in furniture, pictures and decorations of the period, in children's books such as Kate Greenaway's, and in the revival of the 'old-fashioned' garden. In this book, Mark Girouard describes the 'Queen Anne' movement in all its manifestations, tracing its origin in the 1860s the spread of its subsequent vogue from London to the provinces, and from England to America, and its fall from grace in the 1890s, when it was taken up the architects of pubs and waterside villas. In doing so he does more than chart the style for the first time: he also throws light on an important segment of English life in the last decades of the nineteenth century."--Back cover.

Now revised and updated to incorporate numerous new materials, this is the major source for researching American Christian activity in China, especially that of missions and missionaries. It provides a thorough introduction and guide to primary and secondary sources on Christian enterprises and individuals in China that are preserved in hundreds of libraries, archives, historical societies, headquarters of religious orders, and other repositories in the United States. It includes data from the beginnings of Christianity in China in the early eighth century through 1952, when American missionary activity in China virtually ceased. For this new edition, the institutional base has shifted from the Princeton Theological Seminary (Protestant) to the Ricci Institute for Chinese-Western Cultural Relations at the University of San Francisco (Jesuit), reflecting the ecumenical nature of this monumental undertaking.

Including an index to all obituaries and tributes appearing in the Times.

Blackfella's Point lies on the Towamba River in south-eastern New South Wales. This work is a history for every Australian who is interested in the story of settler-Australia's relations with indigenous people, what happened between them, and how they came to confront the truth about their past.

Simplified Chinese edition of a New York Times bestseller and the Pulitzer Prize-winning book ANGELA'S ASHES: A Memoir (Part 1 of 3) by Frank McCourt. Despite extreme poverty and desperation of his childhood McCourt recounts his early age in an affecting and uplifting voice in this luminous memoir. In Simplified Chinese. Distributed by Tsai Fong Books, Inc.

Before the Civil War, most Southern white people were as strongly committed to freedom for their kind as to slavery for African Americans. This study views that tragic reality through the lens of eight authors - representatives of a South that seemed, to them, destined for greatness but was, we know, on the brink of destruction. Exceptionally able and ambitious, these men and women won repute among the educated middle classes in the Southwest, South and the nation, even amid sectional tensions. Although they sometimes described liberty in the abstract, more often these authors discussed its practical significance: what it meant for people to make life's important choices freely and to be responsible for the results. They publicly insisted that freedom caused progress, but hidden doubts clouded this optimistic vision. Ultimately, their association with the oppression of slavery dimmed their hopes for human improvement, and fear distorted their responses to the sectional crisis.

The "Gentleman's magazine" section is a digest of selections from the weekly press; the "(Trader's) monthly intelligencer" section consists of news (foreign and domestic), vital statistics, a register of the month's new publications, and a calendar of forthcoming trade fairs.
