Presents "Libraries in Kosova/Kosovo : A General Assessment and a Short and Medium-Term Development Plan," a report written by Carsten Frederiksen and Frode Bakken for the International Federation of Library Association and Institutions (IFLA) as part of the Free Access to Information and Freedom of Expression (FAIFE) initiative. Describes the current situation of libraries in Kosovo and the task of re-establishing library services.

Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy.As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy.Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinnocchio. It includes 40 illustrations.

It is Harry Potter's sixth year at Hogwarts School of Witchcraft and Wizardry. As Voldemort's sinister forces amass and a spirit of gloom and fear sweeps the land, it becomes more and more clear to Harry that he will soon have to confront his destiny. But is he up to the challenges ahead of him?

From the moment that Gjorg's brother is killed by a neighbour, his own life is forfeit: for the code of Kanun requires Gjorg to kill his brother's murderer and then in turn be hunted down. After shooting his brother's killer, young Gjorg is entitled to thirty days' grace - not enough to see out the month of April. Then a visiting honeymoon couple cross the path of the fugitive. The bride's heart goes out to Gjorg, and even these 'civilised' strangers from the city risk becoming embroiled in the fatal mechanism of vendetta.

This volume presents the contemporary issues surrounding groundwater pollution risk assessment and the application of vulnerability and risk assessment maps for the effective protection and management of aquifers. Numerous new and improved approaches to intrinsic and specific vulnerability assessment (modified DRASTIC, GOD, VULK, VURAAS) are descri

This novel describes Tom's time at Rugby School from his first football match, through his troubled adolescence when he is savagely bullied by the unspeakable Flashman, to his growing maturity as a young man.

A love story by Rainbow Rowell, the New York Times bestselling author of Eleanor & Park. Cath and Wren are identical twins, and until recently they did absolutely everything together. Now they're off to university and Wren's decided she doesn't want to be one half of a pair any more – she wants to dance, meet boys, go to parties and let loose. It's not so easy for Cath. She's horribly shy and has always buried herself in the fan fiction she writes, where she always knows exactly what to say and can write a romance far more intense than anything she's experienced in real life. Without Wren

Cath is completely on her own and totally outside her comfort zone. She's got a surly room-mate with a charming, always-around boyfriend, a fiction-writing professor who thinks fan fiction is the end of the civilized world, a handsome classmate who only wants to talk about words . . . And she can't stop worrying about her dad, who's loving and fragile and has never really been alone. Now Cath has to decide whether she's ready to open her heart to new people and new experiences, and she's realizing that there's more to learn about love than she ever thought possible . . . Fangirl by Rainbow Rowell comes with special bonus material; the first chapter from Rainbow's irresistible novel Carry On. Written by an insider and Albania enthusiast, the Bradt guide to Albania takes a fresh look at how and where to explore the heritage of this hidden corner of eastern Europe. The guide includes cycling routes and hikers' trails to help independent travelers make the most of the Mediterranean countryside and there are up-to-date details on outdoor activities, wildlife and history. Albania's archaeological treasures are well covered, including the ancient city of Butrint and hilltop site of Byllis.

This publication sets out the core competences needed by teachers to put democratic citizenship and human rights into practice in the classroom, throughout the school and in the wider community. It is intended for all teachers, not only specialists but teachers in all subject areas, and teacher educators working in higher-education institutions or other settings, both in pre- and in-service training. Some 15 competences are presented and grouped into four clusters. Each cluster of competences corresponds to one chapter, within which the competences are described in detail and exemplified. The reader will find progression grids and suggested developmental activities for each competence: these grids, featuring focusing, developing, established and advanced practice, aim to help teachers and teacher educators determine the level to which their professional practice corresponds, and thus identify specific and practical improvements upon which they can focus.

An extraordinary epic, brilliantly-imagined, new novel from a world-class writer and author of *The Name of the Rose*. Discover the Middle Ages with *Baudolino* - a wondrous, dazzling, beguiling tale of history, myth and invention. It is 1204, and Constantinople is being sacked and burned by the knights of the fourth Crusade. Amid the carnage and confusion *Baudolino* saves a Byzantine historian and high court official from certain death at the hands of the crusading warriors, and proceeds to tell his own fantastical story.

In this engaging and authoritative book, historian John Lerner provides a fresh view of the enigmatic Marco Polo, who, despite a deliberate cultivation of impersonality, continues today to engage the attention of readers. 17 illustrations, 12 in color.

Is it possible to venture beyond daily living and experience heightened states of awareness? In this highly anticipated

new book, integrative medicine pioneer and New York Times bestselling author Deepak Chopra states that a higher state of consciousness is available here and now, for us all. Chopra unlocks the secrets to moving beyond our present limitations of the mind to access a field of infinite possibilities and reach our full potential. How do you achieve this? By becoming metahuman. Drawing from the latest research on neuroscience, artificial intelligence and biometrics, Chopra offers a practical 31 day guide to help us 'wake up' at the deepest level in order to liberate ourselves from the conditioning and constructs that underlie anxiety, tension and ego driven demands. Only then does your infinite potential become your personal reality. 'Grasping this revolutionary idea will effectively remove the limiting belief systems and negativity that may be holding us back from achieving our maximum human potential. Highly recommended!' Dr Rudolph E. Tanzi 'Metahuman helps us harvest peak experiences so we can see our Truth and mold the universe's chaos into a form that brings light to the world' Dr Mehmet Oz

In the past thirty years epistemology has been one of the fastest moving disciplines in philosophy. The reason for the rapid advancement is partly due to the fact that various schools and movements inside epistemology have developed different answers to classical epistemological problems, and partly due to the fact that formal methods from logic, probability theory and computability have been utilized to deal with many of the same issues and used for applications outside traditional epistemology. *New Waves in Epistemology* reflects these changes by letting up-and-coming scholars describe the current trends as well as discussing the prospects for future development.

The Indo-European Languages presents a comprehensive survey of the individual languages and language subgroups within this language family. With over four hundred languages and dialects and almost three billion native speakers, the Indo-European language family is the largest of the recognized language groups and includes most of the major current languages of Europe, the Iranian plateau and the Indian subcontinent. Written by an international team of experts, this comprehensive, single-volume tome presents in-depth discussions of the historical development and specialized linguistic features of the Indo-European languages. This unique resource remains the ideal reference for advanced undergraduate and postgraduate students of Indo-European linguistics and languages, but also for more experienced researchers looking for an up-to-date survey of separate Indo-European branches. It will be of interest to researchers and anyone with an interest in historical linguistics, linguistic anthropology and language development.

The shape-shifting poetry of Ovid's *Metamorphoses* has fascinated writers and artists from Shakespeare to Ted Hughes, Rembrandt to Picasso. Its eternal freshness is haunted by an ancient idea: that a person's true nature is revealed when their physical shape is changed- the wolf-like man becomes a wolf, the obsessive spinner a spider. For this dazzling collection Philip Terry asked leading writers to take Ovid as a starting point and set their invention free. The results are

startling, from Apollo and Phaeton transposed to a Dutch classroom to Diana and Actaeon in the rain of Nova Scotia. We find fables, grotesques and white-coated scientists; sports-cars, swans and shells; and even Ovid himself, high-spirited and unrepentant, speaking to us from beyond the grave. Challenging the very shape of the modern short story, Ovid *Metamorphosed* is a kaleidoscope of delights, scary, sexy, suggestive and profoundly entertaining.

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. *The Siege* tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

Medea plots her revenge after being betrayed and left by her husband Jason. This classic tragedy takes place at Corinth and has been much appreciated through the centuries.

"This Snow Crash thing--is it a virus, a drug, or a religion?" Juanita shrugs. "What's the difference?" The only relief from the sea of logos is within the well-guarded borders of the Burbclaves. Is it any wonder that most sane folks have forsaken the real world and chosen to live in the computer-generated universe of virtual reality? In a major city, the size of a dozen Mannhattans, is a domain of pleasures limited only by the imagination. But now a strange new computer virus called Snow Crash is striking down hackers everywhere, leaving an unlikely young pizza delivery man as humankind's last best hope. The perfect cyberpunk sci-fi read, *Snow Crash* is an equally worthy successor to William Gibson's *Neuromancer* and predecessor to Ernest Cline's *Ready Player One*. *** What readers are saying about *Snow Crash*: 'It's hard to believe Neal wrote his books when the published date claims. He's always so right about the future, and I keep on hoping he's so wrong' Goodreads Reader Review '*Snow Crash* is to Books as *The Matrix* is to movies (with only the absolute BEST

parts of Tron and Da Vinci Code thrown in)' Goodreads Reader Review 'Loved it! Can't recommend it highly enough. Everyone should read this book. Go do it. Do it now. It's just awesome. You won't regret it' Goodreads Reader Review 'It's hilarious and mind-blowing. From the first page to the last, I was amazed at just how much influence this book has had on TV, movies, etc.' Goodreads Reader Review

The tender plant of Albanian literature grew in a rocky soil. It was late to evolve and its development, indeed its very existence, was threatened in many periods. "Albanian Literature: A Short History" tells the story of the survival and growth of Albanian creative writing beginning with the earliest thirteenth century texts of Theodor of Shkodra, tracing the development of the modern literature of Buzuku, Budi and Bogdani, the incorporation of the Muslim influences of Frakulla and Kycyku and continuing with the works of Cajupi and Kadare during the reign of King Zog and the Hoxha administration. A unique book that illuminates an under-researched subject, "Albanian Literature" is an essential reference guide for all those interested in Balkan cultures, in comparative literature and in European cultural history in general.

Part of the authoritative four-volume reference that spans the entire field of child development and has set the standard against which all other scholarly references are compared. Updated and revised to reflect the new developments in the field, the Handbook of Child Psychology, Sixth Edition contains new chapters on such topics as spirituality, social understanding, and non-verbal communication. Volume 4: Child Psychology in Practice, edited by K. Ann Renninger, Swarthmore College, and Irving E. Sigel, Educational Testing Service, covers child psychology in clinical and educational practice. New topics addressed include educational assessment and evaluation, character education, learning disabilities, mental retardation, media and popular culture, children's health and parenting.

In Jeff Bezos's own words, the core principles and philosophy that have guided him in creating, building, and leading Amazon and Blue Origin. In this collection of Jeff Bezos's writings—his unique and strikingly original annual shareholder letters, plus numerous speeches and interviews that provide insight into his background, his work, and the evolution of his ideas—you'll gain an insider's view of the why and how of his success. Spanning a range of topics across business and public policy, from innovation and customer obsession to climate change and outer space, this book provides a rare glimpse into how Bezos thinks about the world and where the future might take us. Written in a direct, down-to-earth style, Invent and Wander offers readers a master class in business values, strategy, and execution: The importance of a Day 1 mindset Why "it's all about the long term" What it really means to be customer obsessed How to start new businesses and create significant organic growth in an already successful company Why culture is an imperative How a willingness to fail is closely connected to innovation What the Covid-19 pandemic has taught us Each insight offers new ways of thinking through today's challenges—and more importantly, tomorrow's—and the never-ending urgency of striving ahead, never resting on one's laurels. Everyone from CEOs of the Fortune 100 to entrepreneurs just setting up shop to the millions who use Amazon's products and services in their homes or businesses will come to

understand the principles that have driven the success of one of the most important innovators of our time. *Invent and Wander: The Collected Writings of Jeff Bezos* is co-published by PublicAffairs, an imprint of Perseus Books, and Harvard Business Review Press.

Few aspects of American military history have been as vigorously debated as Harry Truman's decision to use atomic bombs against Japan. In this carefully crafted volume, Michael Kort describes the wartime circumstances and thinking that form the context for the decision to use these weapons, surveys the major debates related to that decision, and provides a comprehensive collection of key primary source documents that illuminate the behavior of the United States and Japan during the closing days of World War II. Kort opens with a summary of the debate over Hiroshima as it has evolved since 1945. He then provides a historical overview of the events in question, beginning with the decision and program to build the atomic bomb. Detailing the sequence of events leading to Japan's surrender, he revisits the decisive battles of the Pacific War and the motivations of American and Japanese leaders. Finally, Kort examines ten key issues in the discussion of Hiroshima and guides readers to relevant primary source documents, scholarly books, and articles.

Now available in paper, *The Ivory Tower and Harry Potter* is the first book-length analysis of J. K. Rowling's work from a broad range of perspectives within literature, folklore, psychology, sociology, and popular culture. A significant portion of the book explores the Harry Potter series' literary ancestors, including magic and fantasy works by Ursula K. LeGuin, Monica Furlong, Jill Murphy, and others, as well as previous works about the British boarding school experience. Other chapters explore the moral and ethical dimensions of Harry's world, including objections to the series raised within some religious circles. In her new epilogue, Lana A. Whited brings this volume up to date by covering Rowling's latest book, *Harry Potter and the Order of the Phoenix*.

'*Stalky & Co.*' is the hilarious tale of the coming of age of three roguish boys at an English public school. With a seemingly unending supply of practical jokes and ingenious japes to frustrate and thwart their long-suffering schoolmasters, the three pranksters eventually find their match in their wise and all-too-experienced headmaster. Based on his own school days, Kipling has captured the eternal spirit of the English public school and painted an intimate, and understanding, portrait of his young heroes.

An old woman is awoken in the dead of night by knocks at her front door. The woman opens it to find her daughter, Doroutine, standing there alone in the darkness. She has been brought home from a distant land by a mysterious rider she claims is her brother Konstandin. But unbeknownst to her, Konstandin has been dead for years. What follows is a chain of events which plunges a medieval village into fear and mistrust. Who is the ghost rider?

At the heart of the Sultan's vast but fragile empire stands the mysterious Palace of Dreams: the most secret and powerful Ministry ever invented. Its task is to scour every town, village and hamlet to collect the citizens' dreams, then to sift, sort and c

When optimistic orphan Pollyanna is sent to live with her stern Aunt Polly in the dismal town of Beldingsville, the sweet-natured eleven-year-old relies on "the Glad Game" to boost her spirits. The Glad Game—which involves looking for the silver lining in every situation—allows her to remain cheerful no matter how coldly and harshly her aunt treats her. Pollyanna teaches the town's residents how to be glad, too, and her sunny outlook soon reanimates the town. Not even strict Aunt Polly is entirely immune to Pollyanna's infectious charm. But when misfortune strikes, Pollyanna will find her irrepressible optimism put to the test. This is an unabridged version of the heartwarming children's tale by American author Eleanor H. Porter, first published in 1913.

For all its recent popularity among poets and critics, prose poetry continues to raise more questions than it answers. How have

prose poems been identified as such, and why have similar works been excluded from the genre? What happens when we read a work as a prose poem? How have prose genres such as the novel affected prose poetry and modern poetry in general? In *Invisible Fences* Steven Monte places prose poetry in historical and theoretical perspective by comparing its development in the French and American literary traditions. In spite of its apparent formal freedom, prose poetry is constrained by specific historical circumstances and is constantly engaged in border disputes with neighboring prose and poetic genres. Monte illuminates these constraints through an examination of works that have influenced the development of the prose poem as well as through a discussion of genre theory and detailed readings of poems ranging from Charles Baudelaire's "La Solitude" to John Ashbery's "The System." Monte explores the ways in which literary-historical narratives affect interpretation: why, for example, prose poetry tends to be seen as a revolutionary genre and how this perspective influences readings of individual works. The American poets he discusses include Ralph Waldo Emerson, William Carlos Williams, T. S. Eliot, Gertrude Stein, and Ashbery; the French poets range from Baudelaire, Arthur Rimbaud, and Stephane Mallarmé to Max Jacob. In exploring prose poetry as a genre, *Invisible Fences* offers new perspectives not only on modern poetry, but also on genre itself, challenging current theories of genre with a test case that asks for yet eludes definition.

Go Set a Watchman is set during the mid-1950s and features many of the characters from *To Kill a Mockingbird* some twenty years later. Scout (Jean Louise Finch) has returned to Maycomb from New York to visit her father Atticus. She is forced to grapple with issues both personal and political as she tries to understand both her father's attitude toward society, and her own feelings about the place where she was born and spent her childhood.

The concept of disparity has long been a topic of obsession and argument for philosophers but Slavoj Žižek would argue that what disparity and negativity could mean, might mean and should mean for us and our lives has never been more hotly debated. *Disparities* explores contemporary 'negative' philosophies from Catherine Malabou's plasticity, Julia Kristeva's abjection and Robert Pippin's self-consciousness to the God of negative theology, new realisms and post-humanism and draws a radical line under them. Instead of establishing a dialogue with these other ideas of disparity, Slavoj Žižek wants to establish a definite departure, a totally different idea of disparity based on an imaginative dialectical materialism. This notion of rupturing what has gone before is based on a provocative reading of how philosophers can, if they're honest, engage with each other. Slavoj Žižek borrows Alain Badiou's notion that a true idea is the one that divides. Radically departing from previous formulations of negativity and disparity, Žižek employs a new kind of negativity: namely positing that when a philosopher deals with another philosopher, his or her stance is never one of dialogue, but one of division, of drawing a line that separates truth from falsity.

Rev. ed. of: *Cultivating successful software development*. c1997.

Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his

city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.
