

East India Company were issued new rifles. To load them, the soldiers had to bite off the tops of paper cartridges, which the men thought were greased with either pig fat or beef tallow. These substances were anathema to the Muslim and Hindu soldiers, and they refused. This was the spark that set off a rebellion that spread throughout much of the army and eventually the civilian population. Before it ended, thousands of British troops and hundreds of thousands of Indians lay dead. "William Henry Fitchett brings this incredible chapter in British military history alive as only he can in this amazingly readable volume."

Side by Side has helped more than 25 millions students worldwide persist and succeed as language learners! This course is a dynamic all skills programme that integrates conversation practice, reading, writing and listening - all in a light-hearted, fun and easy-to-use format. This edition promotes active communication between students.... practising speaking together 'side by side',

Extensively revised and expanded to present the state-of-the-art in the field of magnetic design, this third edition presents a practical approach to transformer and inductor design and covers extensively essential topics such as the area product, A_p , and core geometry, K_g . The book provides complete information on magnetic materials and core characteristics using step-by-step design examples and presents all the key components for the design of lightweight, high-frequency aerospace transformers or low-frequency commercial transformers. Written by a specialist with more than 47 years of experience in the field, this volume covers magnetic design theory with all of the relevant formulas.

European integration has a growing impact on the property law systems of the EU Member States. The tensions which can be seen are considerably greater than in other areas of private law, given the technically complex and mandatory nature of property law. In this book current developments in European property law (particularly the Draft Common Frame of Reference) are analysed and evaluated, focussing on secured transactions and mortgage law. With contributions by academic and practicing lawyers, containing: Transfer of ownership and good faith acquisition: the rules in the Member States and in Book VIII of the DCFR Secured transactions and the DCFR Registration of intellectual property rights Trusts - from a Common and a Civil lawyer's perspective The border area between property law and contract law: securities
