social media to thrive but find yourself struggling to get a sale, engagement or even endorsement, then keep reading... Are you sick of watching other businesses successfully growing their online presence, but you are unable to even get a follow? Have you tried applying the so called “tricks” of the trade, but nothing seems to get you the kind of results that you desire? Do you finally want to stop throwing money on social media campaigns that barely raise the dust much less raise your bottom line? If so, then you are holding the solution in your hands...literally. You see, turning your social media page into a thriving hub with several profitable outcomes doesn't have to be difficult. Even if you have tried advertising and it still feels as though you are talking to a wall, there are things that you can do, starting right now that will give your brand or business the buzz that it needs. If you are starting to think that social media is not for you or your business, you might need to think again. And the reason for this rethink is in the math. A lot of people are taking their businesses online because the market is there. According to Smart Insights, Facebook alone has 2 billion active users and that number is expected to grow. YouTube has an impressive user base that runs into billions as well. What this tells you is that the problem with growing your business digitally is not with the platform that you use. It is knowing where your true customers are, how to reach them and how to sell to them. And that is what this book will do for you. Here's just a tiny fraction of what you'll discover: ? Unlocking the Facebook algorithm that will change your business forever ? Why your responses on social media might

wave of changes is expected to happen - tension of the recent SPM exams would have plummeted as the holiday spirit envelops us, and while everything is bright and merry, some of you could be at the FACON Education Fair in KLCC this December deciding which course to take whilst silently hoping you get aces on your actual SPM results - nagging thoughts you would rather muffle with the latest Star Wars movie or New Year's dinner party. Nerve wracking it is, change is exciting. It's a cycle that all of us operate in and that's totally fine as I've been there, too. Taking over the magazine with a fresh team of young writers was a tough experience but it was a great opportunity to decide and flesh out new ideas. Thoughts of failing trouble our minds but those are the very things that hinder us from growing. After having said that, I would encourage all of you to be recipe for change. economics - Marketing, Corporate Communication,
CRM, Market Research, Social Media, grade: 1.8, ,
language: English, abstract: In the contemporary world,
there is no business without communication. To most
entrepreneurs in the 21st century, social media use in
business is seemingly the "next big thing". The
emergence of an online technology that allows reaching
of big crowds without necessarily meeting them has
presented a temporary yet essential fad that ought to be
appropriately made use of while it is still in the spotlight.
To this group of entrepreneurs, reaching out the virtual
market has presented itself as a stepping-stone to, not
only establish their brands, but also to make it earn
acceptance in the market. Others have even gone further
to establish online shops where customers can easily
order and wait for their products to be delivered without

This book examines issues and implications of digital and social media marketing for emerging markets. These markets necessitate substantial adaptations of developed theories and approaches employed in the Western world. The book investigates problems specific to emerging markets, while identifying new theoretical constructs and practical applications of digital marketing. It addresses topics such as electronic word of mouth (eWOM), demographic differences in digital marketing, mobile marketing, search engine advertising, among others. A radical increase in both temporal and geographical reach is empowering consumers to exert influence on brands, products, and services. Information and Communication Technologies (ICTs) and digital media are having a significant impact on the way people communicate and fulfil their socio-economic, emotional and material needs. These technologies are also being harnessed by businesses for various purposes including distribution and selling of goods, retailing of consumer services, customer relationship management, and influencing consumer behaviour by employing digital marketing practices. This book considers this, as it examines the practice and research related to digital and social media marketing.
